Welch Denies Calling Ike Communist

BELMONT, Mass. (AP) — Robert Welch, founder of the ultrarightist John Birch Society, denied Friday that he ever called former President Dwight D. Eisenhower a "card-carrying Communist."

When asked in an interview whether he ever did view Eisenhower as a Red agent, he replied:

"I never had that opinion. I never thought it then with firmness enough to publish it or to say it in public and I don't today."

GIVES COMMENT

The latter exchange came when a reporter asked him to comment on this statement published in a book comprising what Welch calls a "private confidential letter written years ago:"

"But my firm belief that Dwight Eisenhower is a dedicated, conscious agent of the Communist conspiracy is based on an accumulation of detailed evidence so extensive and so palpable that it seems to me it put this conviction beyond any reasonable doubt."

The book—or letter—also describes Presidents Harry S. Truman and Franklin D. Roosevelt and the late Secretary of State John Foster Dulles as tools of communism. When asked about this he told a reporter he had said "They were being used by the Communists—I never said they were Communists and I don't say it now."

The interview with Welch in the headquarters of the Birch Society here took place after he issued a prepared statement "offered as an effort to pierce some of the incredible fog of falsehood now being so widely circulated about me."

Welch said in the statement he does not think Truman and Roosevelt were Communists "or sympathizers in any way with ultimate Communist aims."

Welch, a retired 61-year-old candy manufacturer, said "The John Birch Society is not, simply because we have sought to avoid publicity, thereby a secret organization.

"Our objective has been to build strength and understanding

MARCH ROARS OUT

11 Tornadoes Hit Southern States

By United Press International

March went out like a savage lion Friday. It hit Cedar Rapids, Iowa, with a $70 million flood crest, three southern states with deadly tornadoes, and the Southwest with foot-deep snows.

The beginning of the Easter weekend saw the worst of both spring and winter weather across much of the Midwest, Dixie, and southern plains. Highlights included:

—The cresting of the snow-fed Cedar River at Cedar Rapids at a near-record height of 19.66 feet. The flood had driven 1,000 persons from their homes in Cedar Rapids, but levees manned by hundreds of volunteers held firm at the crucial moment.

—Southland tornadoes — eight in Georgia, two in northeast Florida and one in Alabama. The Georgia twisters killed one person and injured 16 and struck with house-wrecking fury at the town of Unadilla. Eight persons were injured and two houses were destroyed at Phenix City, Ala., and widespread damages was reported in the Florida communities of Fernandina Beach and Jasper.

—More floods, powered by torrential spring rains, in Mississippi and Louisiana. Officials reported 300 persons forced from their homes in the Hattiesburg, Miss., area and more Mississippians homeless at Laurel, Shubuta, New Augusta, Beaumont and Monticello.

—Power-crippling snows 10 to 14 inches deep in the Texas Panhandle and northwest Oklahoma. Snow and ice knocked out tele-

Train Whistle Saves Woman

MONTREAL, (AP) — A woman tumbled into the St. Lawrence River Friday and was rescued after a railway engineer alerted three men on shore by blowing his train whistle.

Therese Neaud, 34, the rescued woman, was revived by artificial respiration and taken to a hospital where her condition was reported improving.

Paul Weidman, 20, her rescuer, said he and his father and another man were working on a boat when they heard a loud insistent whistling coming from a train standing on a bridge.

Seeing "something white" in the water, Paul jumped in and grabbed the unconscious woman.

Rusk To Give Laos Report To Kennedy

Says Unofficial Cease-Fire May Be Acceptable

PALM BEACH, Fla. (UPI) — Secretary of State Dean Rusk flew toward Palm Beach Friday night to brief President Kennedy on the latest developments in the Laos crisis and plan this country's next moves.

Rusk left Washington aboard an Air Force Constellation in a driving rain storm about 7 p.m. EST, just seven hours after he returned from a meeting of the Southeast Asia Treaty Organization (SEATO) in Bangkok.

ENCOURAGED

The secretary told reporters: "I'm going to report to the President on the conference in Bangkok and to plan for things coming along next week." Then he ducked into the plane without elaborating.

On returning from the meeting, Rusk indicated this country might accept an unofficial cease fire in Laos as the first step toward peace negotiations with Russia. He said he was "much encouraged" by free world unity displayed at the SEATO conference.

Rusk and Kennedy conferred by telephone early Friday afternoon shortly after the secretary landed in Washington from his long trip which included a stopover in New Delhi to talk with Indian Prime Minister Nehru.

The secretary will see Kennedy Saturday at 10 a.m. EST.

Allen W. Dulles, chief of the Central Intelligence Agency, also was in the Palm Beach area on a brief holiday and was expected to see Kennedy some time Saturday. Press Secretary Pierre Salinger said he thought any visit between Dulles and the President would be a social meeting.

Plane Missing With 3 Aboard; Search Begins

GREENWOOD, Miss. (AP)—A single-engine plane with three passengers was reported down Friday and the Civil Air Patrol launched an intensive hunt for it.

The CAP reported the plane was piloted by Rev. Robert Mapes of Fort Wayne, Ind., and had two passengers. The two were identified as the Rev. C. C. Curby and The Rev. M. B. Ellis, of Detroit. All were minister of The Church of God.

The plane left Meridian, in east central Mississippi, at 5 p.m. Thursday, at 6:20 it reported it was at 7,000 feet in a thunderstorm. Three hours later its last MayDay signal was picked up by radio.

The CAP said the plane was en route from Meridian to Paragould, Ark., but had filed no flight plan.

Federal Aeronautics Administration spokesmen said the pilot had reported at 6:20 he was in the middle of a thunderstorm and did not know where he was.

Civil Air Patrol units from Jackson, Greenwood and Greenville ordered into the hunt and a CAP spokesman said units from Arkansas and Louisiana were expected to join the search.

Otto Passman Off For Europe

WASHINGTON (AP) — Three members of the House Appropriations Subcommittee on Foreign Operations left by plane Friday for Europe.

They are Reps. Otto Passman, D-La., Joseph M. Montoya, D-N. M., and John J. Rhodes, R-Ariz.

Passman said the group, including two committee aides, will spend the easter recess of Congress looking into foreign - aid spending.

Meetings are scheduled at SHAPE (Supreme Headquarters Allied Powers Europe) in France, followed by investigations of several phases of foreign aid in Spain, and a conference at Geneva, Switzerland, to obtain information on the program in Yugoslavia.

TWO ARE WOUNDED

Crowd Fired On At Passion Play

HAVANA (UPI) Mystery raiders fired several volleys of submachinegun fire Friday while a crowd of 5,000 persons were witnessing the traditional Good Friday Passion play at Guines, 31 miles southeast of Havana.

At least two persons were reported wounded in the chest, presumably from bullets.

About 2,000 seated spectators dived under their chairs and another 3,000 standing leaped for cover in panic.

The shots rang out just as a man portraying the role of Pontius Pilate sentenced Christ to death and the crowd shouted "Crucify Him! To the cross"

SHOTS RING OUT

The shots came from the back of the park facing the front of the church where the Passion play is enacted each Good Friday.

There apparently were no casualties in the first volley and people started regaining their feet while hundreds streamed toward the stage shouting "Cuba si, Russia no" and "Down with Communism"

More shots rang out at this point but the crowd did not panic the second time.

Armed government militiamen raced to the scene to dislodge an anti-Communist slogan the shouting spectators had hoisted on the stage.

Red Cross officials moved in immediately. Some persons were known to be hit by flying chairs but an eye-witness said he did not see anyone struck by the machine-gun bullets.

Government and municipal officials watching the play from the city hall balcony on the park plaza shouted in vain trying to quiet the crowds.

It was not known who fired the first shots, but spectators began shouting "The Communists have done it"

The militia arrested at least five persons and hustled them to a nearby police station.

Police threw a military cordon around the park.

Actors, with torn and dirt-soiled costumes, wanted to continue the play, but police and army authorities moved in quickly for an on-the-spot investigation and halted the play.

Holy Saturday Services Set In Twin Cities

Holy Saturday services, on the day before Easter, are scheduled by several local churches, and some will hold special vigils this evening. Sunday will feature sunrise services and other observances of Easter.

Grace Episcopal Church in Monroe will hold prayer service this morning at 8:45; evening prayer and holy baptism at 5:45 p.m., and during the period of 11 p.m. to 12:30 a.m., there will be lighting of the Paschal Candle, Easter Vigil, and the first eucharist of Easter.

St. Joseph's Catholic Church, Monroe, will observe Holy Saturday as a fast day. There will be confessions at 4, 6, 7, 8 p.m. Easter vigil will start at 11 p.m., and there will be a midnight mass.

St. Matthew's Catholic Church, Monroe, will hold ceremonies this evening at 11. At midnight there will be an Easter vigil.

Persons of the Jewish faith here are observing the Passover, which began at sundown Friday. Their observance includes the Seder, home worship service, and a service at 10 this morning at

Missile Record Attempt Fails

CAPE CANAVERAL (UPI) — A U. S. attempt to fire a Titan missile on a record flight of more than 10,000 miles failed Friday when the rocket's booster engines cut off too soon and sent it into the Atlantic Ocean about 12 miles east of here.

The Air Force said the launching was successful but that test data would have to be analyzed to determine what caused the engines to quit.

There was no indication immediately of whether an attempt would be made to recover the wreckage.

ON WAY TO CROSS

Pilgrims Retrace Christ's Footsteps

JERUSALEM, Jordan Sector (AP)—East met West in a medley of costumes and languages as 5,000 pilgrims from all over the world joined in following the footsteps of Christ along the Way of the Cross on this frigid Good Friday.

Pilgrims and tourists braved an icy wind to follow heavy wooden crosses carried along the path Jesus walked from his trial before Pontius Pilate on one hill of the city, to Calvary and the tomb on the opposite hill to the west.

The procession stopped at each of the 14 stations along the way. At each station a sermon in the language of particular group — Latin, English, Spanish, German, Italian or Arabic—was preached. Leading the procession were Franciscan Friars wearing brown sackcloth robes with simple rope belts—the same costume worn by Saint Francis of Assisi when he visited the Holy Land with the crusaders in the 13th century.

Each member of one group of priests and civilian pilgrims bore a heavy wooden replica of the cross.

At midday, about 550 pilgrims were allowed to enter the old city from the Israel sector through the barbed wire that divides Jerusalem. They will be permitted to return on Easter Sunday through the heavily guarded Mandelbaum Gate.

Many of the pilgrims planned a side trip to Nazareth, place of Christ's birth, during the Holy Saturday vigil.

The vigil will end at midnight with the pealing of bells. The purple palls will be torn from statuary and by candlelight services will be sung commemorating the Resurrection.

4 Castro Cubans Being Sought In Southern Florida

PALM BEACH, Fla. (UPI) — Federal, state and local police late Friday were searching in this area for four Cubans, believed to be agents of the Castro government, for questioning with a reported plot to kidnap Caroline Kennedy, 3, daughter of the President and his wife.

Reports reached federal authorities about a week ago that four Cuban men, allegedly slipping in and out of south Florida on intelligence missions for the Castro regime, had discussed with Florida-based associates a possible plan for kidnapping Caroline or bringing harm to the entire Kennedy family.

PALM BEACH, Fla. (UPI)—A Cuban man and woman and at least two associates, involved in a threatened plot against President Kennedy and his family, have been located in the Palm Beach area and are under secret surveillance, it was learned Friday night.

SECURITY LIGHT

There was no suggestion in the early reports that the kidnap plot was directed by any responsible official of the Castro government, but law enforcement officials said no chances could be taken because of the unpredictable zeal of some of Castro's cohorts who regard Kennedy as an arch enemy of their revolutionary government.

Security precautions around the President's family normally are tight, but may have been increased because of the reported threat.

The President, his wife and

U.S. Seeking Deportation Of Costello

WASHINGTON (UPI) — The government Friday launched legal proceedings to deport ailing and aging crime overlord Frank Costello to his native Italy.

Atty. Gen. Robert F. Kennedy announced that the 70-year-old Costello was ordered to register as an alien at the federal penitentiary in Atlanta, Ga., where he is serving a five-year sentence for income tax evasion. He is due to be released in June.

GIVEN NOTICE

The U. S. Immigration Service notified Costello that he must show cause at an April 10 hearing why he should not be deported to Italy like fellow-racketeers Lucky Luciano, Joe Adonis and others.

The Justice Department also started deportation action against Isadore Blumenfield of St. Paul, Minn., a native of Romania who recently was convicted on white slave and federal liquor stamp charges.

The turning point in the government's long fight to deport Costello came when the Supreme Court last month upheld an order stripping him of his U.S. citizenship.

The government contened that Costello, now sick with cancer and ulcers, lied when he listed his occupation as real estate agent on his citizenship application in 1925. Actually, he was a bootlegger, the government contended.

Costello was born in Cosenza, Italy, in 1891. He came to the United States when he was four years old.

The government's first attempt to strip the gambler of his citizenship was thrown out of court in 1956 on grounds that prosecutors used illegal wiretaps to gather evidence.

But the gravel-voiced Costello saw the handwriting on the wall. He offered to return to Italy voluntarily if the government would drop its income tax charges. The government refused.

Most To Have Sunny Easter

WASHINGTON (AP)—The U. S. Weather Bureau said Friday fine sunny and seasonably mild weather is in store for most of the nation on Easter Sunday.

Precipitation, it added, will be restricted to occasional rain in the Pacific Northwest and to scattered snow flurries from the northern Great Lakes region into the northern appalachians

Catahoula Flooding Near Peak

HARRISONBURG (Special) — Forty families residing at Larto Lake face possible evacuation next week. Officials expect the rain-swollen Black River to crest at flood stage — 50 feet — by mid-week.

Catahoula Parish Sheriff George McGee said Friday night that the Black is at 49 feet now.

As light rain fell on the partly flooded parish, McGee said that the "waters still are getting a pretty good rise."

MORE EVACUEES

At least eight to 10 families are going to leave the Lake area Monday. Only five or six families have left so far this week, via civil defense or national guard trucks.

"A lot of those people (on the Lake) won't move at all," the sheriff forecast.

State police trucks move into the Larto area today, to evacuate cattle.

"All the cattle are going to have to come out of Larto. Some individuals have moved stock out already. The state has been moving cattle from French Fork and should finish up there by Monday," McGee said.

He said that some of the families who left Larto are camped on high ground near their homes.

"If it doesn't rain any more for five to eight days, I think we'll be in pretty good shape. I look for the water to crest at 50 feet

ON WAY TO CROSS

Pilgrims Retrace Christ's Footsteps

JERUSALEM, Jordan Sector (AP)—East met West in a medley of costumes and languages as 5,000 pilgrims from all over the world joined in following the footsteps of Christ along the Way of the Cross on this frigid Good Friday.

Pilgrims and tourists braved an icy wind to follow heavy wooden crosses carried along the path Jesus walked from his trial before Pontius Pilate on one hill of the city, to Calvary and the tomb on the opposite hill to the west.

The procession stopped at each of the 14 stations along the way. At each station a sermon in the language of particular group — Latin, English, Spanish, German, Italian or Arabic—was preached. Leading the procession were Franciscan Friars wearing brown sackcloth robes with simple rope belts—the same costume worn by Saint Francis of Assisi when he visited the Holy Land with the crusaders in the 13th century.

Each member of one group of priests and civilian pilgrims bore a heavy wooden replica of the cross.

At midday, about 550 pilgrims were allowed to enter the old city from the Israel sector through the barbed wire that divides Jerusalem. They will be permitted to return on Easter Sunday through the heavily guarded Mandelbaum Gate.

Many of the pilgrims planned a side trip to Nazareth, place of Christ's birth, during the Holy Saturday vigil.

The vigil will end at midnight with the pealing of bells. The purple palls will be torn from statuary and by candlelight services will be sung commemorating the Resurrection.

4 Castro Cubans Being Sought In Southern Florida

PALM BEACH, Fla. (UPI) — Federal, state and local police late Friday were searching in this area for four Cubans, believed to be agents of the Castro government, for questioning with a reported plot to kidnap Caroline Kennedy, 3, daughter of the President and his wife.

Reports reached federal authorities about a week ago that four Cuban men, allegedly slipping in and out of south Florida on intelligence missions for the Castro regime, had discussed with Florida-based associates a possible plan for kidnapping Caroline or bringing harm to the entire Kennedy family.

PALM BEACH, Fla. (UPI)—A Cuban man and woman and at least two associates, involved in a threatened plot against President Kennedy and his family, have been located in the Palm Beach area and are under secret surveillance, it was learned Friday night.

SECURITY LIGHT

There was no suggestion in the early reports that the kidnap plot was directed by any responsible official of the Castro government, but law enforcement officials said no chances could be taken because of the unpredictable zeal of some of Castro's cohorts who regard Kennedy as an arch enemy of their revolutionary government.

Security precautions around the President's family normally are tight, but may have been increased because of the reported threat.

U.S. Seeking Deportation Of Costello

WASHINGTON (UPI) — The government Friday launched legal proceedings to deport ailing and aging crime overlord Frank Costello to his native Italy.

Atty. Gen. Robert F. Kennedy announced that the 70-year-old Costello was ordered to register as an alien at the federal penitentiary in Atlanta, Ga., where he is serving a five-year sentence for income tax evasion. He is due to be released in June.

GIVEN NOTICE

The U. S. Immigration Service notified Costello that he must show cause at an April 10 hearing why he should not be deported to Italy like fellow-racketeers Lucky Luciano, Joe Adonis and others.

The Justice Department also started deportation action against Isadore Blumenfield of St. Paul, Minn., a native of Romania who recently was convicted on white slave and federal liquor stamp charges.

The turning point in the government's long fight to deport Costello came when the Supreme Court last month upheld an order stripping him of his U.S. citizenship.

The government contened that Costello, now sick with cancer and ulcers, lied when he listed his occupation as real estate agent on his citizenship application in 1925. Actually, he was a bootlegger, the government contended.

Costello was born in Cosenza, Italy, in 1891. He came to the United States when he was four years old.

The government's first attempt to strip the gambler of his citizenship was thrown out of court in 1956 on grounds that prosecutors used illegal wiretaps to gather evidence.

But the gravel-voiced Costello saw the handwriting on the wall. He offered to return to Italy voluntarily if the government would drop its income tax charges. The government refused.

Most To Have Sunny Easter

WASHINGTON (AP)—The U. S. Weather Bureau said Friday fine sunny and seasonably mild weather is in store for most of the nation on Easter Sunday.

Precipitation, it added, will be restricted to occasional rain in the Pacific Northwest and to scattered snow flurries from the northern Great Lakes region into the northern appalachians.

Catahoula Flooding Near Peak

HARRISONBURG (Special) — Forty families residing at Larto Lake face possible evacuation next week. Officials expect the rain-swollen Black River to crest at flood stage — 50 feet — by mid-week.

Catahoula Parish Sheriff George McGee said Friday night that the Black is at 49 feet now.

As light rain fell on the partly flooded parish, McGee said that the "waters still are getting a pretty good rise."

MORE EVACUEES

At least eight to 10 families are going to leave the Lake area Monday. Only five or six families have left so far this week, via civil defense or national guard trucks.

"A lot of those people (on the Lake) won't move at all," the sheriff forecast.

State police trucks move into the Larto area today, to evacuate cattle.

"All the cattle are going to have to come out of Larto. Some individuals have moved stock out already. The state has been moving cattle from French Fork and should finish up there by Monday," McGee said.

He said that some of the families who left Larto are camped on high ground near their homes.

"If it doesn't rain any more for five to eight days, I think we'll be in pretty good shape. I look for the water to crest at 50 feet

4 Castro Cubans Being Sought In Southern Florida

their two children, including their infant son, John Jr., are spending the Easter holidays at the beachfront home of the Chief Executive's father, former Ambassador Joseph P. Kennedy.

Security around the Kennedys while in residence here was tightened noticeably last December when local police, working on concert with the United States Secret Service, captured Richard Paul Pavlick of Belmont, N.H., who had 10 sticks of dynamite with which he allegedly planned to destroy himself and Kennedy, then president-elect.

Asked about the new scare and the search for the four Cubans, U. E. Baughman, chief of the Secret Service, answered with a laconia "no comment."

Police Chief William Barnes of West Palm Beach, however, said he and his force had been requested by the Secret Service to watch for one or all of four specific automobiles. Because of the federal origin of the case, Barnes declines to discuss it further.

The Palm Beach police force under Homer Large, which has the local task of protecting the general area around Kennedy's home because it is situated in Palm Beach, also was seeking the Cuban automobiles. Florida state police also have been asked to join the hunt.

Baughman declined to say whether his presence in Palm Beach was due to the threat. He frequently pays brief visits to the sites of presidential vacations or any areas outside Washington where presidents are expected to be based for any length of time. Baughman was with former President D. Eisenhower on most of his trips overseas.

The actual White House detail of Secret Service agents is under direct supervision of a veteran agent, James Rowley.

One version of the current situation was pieced together from several highly reliable sources:

About a week or ten days ago, a report reached the federal government through informants that four Cubans who had been slipping in and out of Florida had talked recently while hiding in the southern part of the state about kidnaping Caroline or attempting to harm the entire presidential family.

Police officials from the Palm Beaches south to Key West are well aware that the Castro forces in Havana can smuggle agents in and out of south Florida with its long unpatrolled coastline, the vast Everglades section and the numerous small islands which make up the Florida Keys south of Miami.

Heretofore, the operation of these pro-Castro operatives has been designed to keep track of the thousands of anti-Castro refugees living in the area.

The first report was not submitted originally to the secret service, but to another branch of government. Quickly however, the Secret Service, when informed of the threat, notified state and local police.

Specifically, police were given the numbers of four license plates. Whether descriptions of the automobiles, themselves, also figured in the search, was not determined.

Several Easter sunrise services are scheduled in the area.

The Ouachita Parish High School Choir will be featured in sunrise services at 5:56 a.m. Sunday at Monroe Memorial Park Cemetery. The program will be under the direction of the Youth Division of the First Methodist Church of Monroe.

St. Andrews Methodist Church, located between Fairbanks and Sterlington at the intersection of Highways 2 and 165, will be the scene of a community Easter sunrise service, sponsored by the Sterlington Area Ministerial Alliance. The Rev. J. E. Barton of the Assembly of God Church will preside at the 6 a.m. services.

Faith Baptist Church will launch its Youth Week activities with an Easter sunrise breakfast at 6 a.m. at Bernstein Park.

In addition to special sermons, several churches will present cantatas and other types of programs Sunday.

The cantata, "Eastertide," will be presented by the choir of the First Methodist Church of West Monroe at 7 p.m. Sunday. Stone Avenue Methodist Church Choir will stage the Easter cantata, "Behold Your King," at 7:30 p.m.

An early morning production will be featured Sunday at Ridge Avenue Baptist Church in West Monroe, with the cantata, "Hallelujah, What a Saviour," sung by the choir at 8 a.m.

Other cantatas on the Sunday schedule include: "Hallelujah, What a Saviour," 7 p.m., St. Mark's Methodist Church, Lakeshore. "Behold Your King," 7:45 p.m., adult choir, First Baptist Church of West Monroe. "Calvary," 45 - voice choir, First Baptist Church of Monroe.

Southside Methodist Church Sunday will have communion at 8:45 a.m., followed by two services. At the second service, 10:50 a.m., the Knights Templar will present a ceremony. Youths will be in charge of the evening Easter service at 7:30.

A two - week revival series will be started Easter Sunday at Luna Assembly of God Church at 7:15 p.m., with the Rev. B. H. Clendennon of Beaumont, Texas as evangelist.

The first in a series of weekly musical programs for the Adult Sunday School Assembly of the Edgewood Baptist Church will be presented Sunday at 9:45 a.m. by the West Monroe High School Ensemble, directed by Mrs. Arnold R. Kilpatrick.

Liberty Baptist Church at Calhoun will present an Easter cantata, "Hallelujah, What a Saviour," at 11 a.m., with its choir under direction of Mrs. Vivian Staples performing. And Sunday evening it will launch a revival that will run through the following Sunday. The Rev. Ory Miller of Greensburg, La., will be the evangelist. Evening services will be held daily at 7:30, and morning services also will be held Tuesday through Friday at 10.

instead of creating noise," he said. "All of our materials are wide open for anybody to purchase."

Welch said "nowhere in my private or published writings have I ever called former President Eisenhower a 'card-carrying' Communist."

But Welch said he did write a "private confidential letter" some years ago "in which I stated in the blunt language of a personal letter some harsh personal opinions of our then-president."

He said that letter made it clear "that I had no quarrel with anybody who wished to attribute his (Eisenhower's) actions simply to political opportunism."

Welch said his letter was read by most of the men who founded the Birch Society in 1958 and was "specifically disavowed by the group as being no part of the material of belief of the John Birch Society in any way."

Welch also said he made clear in a book he wrote that "I did not think either Roosevelt or Truman were Communists or sympathizers in any way with ultimate Communist aims."

As to the society, Welch said:

"Our only 'crime' is fighting communism, and that we intend to continue until our side wins."

Welch added the society has broken no law, violated no moral principles, and has as a firmly-stated foundation of its program that even good ends never justify bad means."

Referring in the interview to the "private confidential letter," Welch said he originally sent it to "a few friends." They asked for copies to be sent to others, he said, and added:

"I kept adding to it and got more requests and the letter eventually grew to 80,000 words. That is why the letter came to be called a book."

Body Of Man Found In River Is Identified

NEW ORLEANS (AP) — The coroner's office of adjacent Jefferson Parish has tentatively identified the body found in the Mississippi River near here last Sunday as that of Jay J. Montgomery, 35, of Smackover, Ark.

Louisiana authorities have been trying to determine if the man was the one who reportedly acted as a lookout for the killers of Banjamin Yount of Metairie in a Boutte bar on Dec. 31, 1959.

But relatives of Montgomery said Friday he attended a New Year's Eve party with several persons the night Yount was shot. Montgomery has been missing from his home since April, 1960.

Theft Reported

Donald McCandlish of 314 N. 4th St., Monroe, told police Friday a camera, case and two hubcaps were taken from his car parked on North Second Street Thursday night.

11 Tornadoes Hit Southern States

phone service to the Panhandle towns of Spearman, Panhandle, Canadian and Grover, Tex., and power was knocked out to three Oklahoma communities.

The peril at Cedar Rapids, which had appeared desperate early in the day, fell as rapidly as the river Friday night. The river had caused at least $70 million damage during its week-long rampage through Iowa, but it wasn't strong enough to punch through the levees protecting Cedar Rapids, a city of 92,000.

As the floodtide ebbed, the American Red Cross revised its estimate of the total of flood refugees at Cedar Rapids from almost 5,000 to 1,000.

The danger of disease followed the floods, however. The falling waters left "terribly contaminated" residues, Black Hawk County medical examiner Dr. Eugene Smith said.

"It's almost like mopping up after a bacteriological war," he commented.

Meaghan met Friday with Iowa Civil Defense director Ben Fowler and regional Civil Defense director Ken Hutton of Denver and received Fowler's assurance that "the whole state's behind you."

Gov. Norman A. Erbe followed up by asking that President Kennedy declare the entire eastern half of Iowa a flood disaster area. Such a proclamation would make federal funds and services immediately available to the people of the flood-weary Cedar River Valley.

The Cedar, normally a winding, placid stream, had driven at least 4,500 persons from their homes in its rampage from Charles City through Waterloo in Cedar Rapids. It was the river's worst flood in history and had caused damage estimated at $70 million.

In the Southland, spring downpours unloaded 8 inches of rain on Seminary, Miss., in 2½ hours and spread from southeast Oklahoma to the Georgia coastline.

Tornadoes curled out of the storm clouds and hit hardest at the town of Unadilla, Ga. A man was killed when his home was demolished, a Baptist church was practically a total loss, and power and communications lines were ripped from their moorings.

The rains built up the second major flood threat in two months for Mississippi and Louisiana.

Near Hattiesburg, Miss., 300 persons were forced from their homes and 17 families had to flee the Long Lake community near Vicksburg. Severe flood warnings were posted for the Pearl, Leaf and Chickasawhay Rivers in southern Mississippi.

Flood evacuees were living in tents in Louisiana's Catahoula Parish and Gov. Jimmie H. Davis asked the white house for federal aid.

Oklahoma had both floods and snows. Rainfed creeks closed two highways in southeast Oklahoma, while a full-blow storm piled up 14 inches of snow at Arnett in the northwest and 10 inches in parts of the state's Panhandle. The Texas Panhandle had 8 to 10 inches.

The snow was heavy enough to snap power lines and poles and send them falling across highways Oklahoma power failures occurred at Arnett, Gage, Shattuck and Woodward.

Mississippi Braces For Flood Threat

HATTIESBURG, Miss. (AP) — Rain-swollen rivers spilled over their banks in drenched lowlands Friday and flood-weary Mississippi braced for new crests.

Several hundred persons evacuated their homes in scattered areas of the state. Most of them were among the 200 who moved out of the lowlands along the Leaf and Bouie rivers in the Hattiesburg area.

However, the Yazoo, Pearl, and Chickasawhay river lowlands were also hit and scattered evacuations were reported.

The weatherman held out hope that most of the heavy rains were over and predicted partly cloudy weather for most of the state over the weekend, with showers scattered.

The Red Cross set up a shelter for Negro evacuees at Hattiesburg and reported feeding 85 Friday. Many of the 200 who left their homes were not flooded out, but remembered the devastating flood of five weeks ago, the worst in the area in 40 years.

The weather bureau at Jackson reported 4-6 inches of rain had fallen in many areas and an 8-inch rainfall was reported at seminary, upstream from Hattiesburg in the Leaf River Basin.

Other evacuations were reported at Collins in South Mississippi, along the Tallahala Creek at Laurel, at Long Lake on the Yazoo River, and at Monticello on the Pearl River. Two families were moved out of their homes at Vicksburg.

Thousands Join British March To 'Ban Bomb'

LONDON (UPI) — Thousands of Britons, bolstered by sympathizers from 37 nations including the United States, began a two-day "ban the bomb" march Friday on London from two towns each 54 miles distant.

Men, women and children set off on the twin hikes from Aldermaston, Britain's nuclear weapons center, and Wethersfield, site of a U.S. Air Force NATO base. Purpose of the demonstration is to build popular support for their demands of nuclear disarmament by the world's major powers.

An estimated 13,000 persons took part in the twin marches, 6,000 from Aldermaston and 7,000 from Wethersfield.

Hecklers shouted and greeted them with jeers and warnings of "not to play the Communist game" as they set out.

The two columns are scheduled to meet in London for a Trafalgar Square rally Monday. Then a group of the demonstrators will strike out on a seven-week, 600-mile march to Scotland's Holy Loch, site of a U.S. Navy Polaris missile submarine base.

Welch Denies Calling Ike Communist

(Continued From Page One)

instead of creating noise," he said. "All of our materials are wide open for anybody to purchase."

Welch said "nowhere in my private or published writings have I ever called former President Eisenhower a 'card-carrying' Communist."

But Welch said he did write a "private confidential letter" some years ago "in which I stated in the blunt language of a personal letter some harsh personal opinions of our then-president."

He said that letter made it clear "that I had no quarrel with anybody who wished to attribute his (Eisenhower's) actions simply to political opportunism."

Welch said his letter was read by most of the men who founded the Birch Society in 1958 and was "specifically disavowed by the group as being no part of the material of belief of the John Birch Society in any way."

Welch also said he made clear in a book he wrote that "I did not think either Roosevelt or Truman were Communists or sympathizers in any way with ultimate Communist aims."

As to the society, Welch said:

"Our only 'crime' is fighting communism, and that we intend to continue until our side wins."

Welch added the society has "broken no law, violated no moral principles, and has as a firmly-stated foundation of its program that even good ends never justify bad means."

Referring in the interview to the "private confidential letter," Welch said he originally sent it to "a few friends." They asked for copies to be sent to others, he said, and added:

"I kept adding to it and got more requests and the letter eventually grew to 80,000 words. That is why the letter came to be called a book."

Body Of Man Found In River Is Identified

NEW ORLEANS (AP) — The coroner's office of adjacent Jefferson Parish has tentatively identified the body found in the Mississippi River near here last Sunday as that of Jay J. Montgomery, 35, of Smackover, Ark.

Louisiana authorities have been trying to determine if the man was the one who reportedly acted as a lookout for the killers of Banjamin Yount of Metairie in a Boutte bar on Dec. 31, 1959.

But relatives of Montgomery said Friday he attended a New Year's Eve party with several persons the night Yount was shot. Montgomery has been missing from his home since April, 1960.

Theft Reported

Donald McCandlish of 314 N. 4th St., Monroe, told police Friday a camera, case and two hubcaps were taken from his car parked on North Second Street Thursday night.

11 Tornadoes Hit Southern States

(Continued From Page One)

phone service to the Panhandle towns of Spearman, Panhandle, Canadian and Grover, Tex., and power was knocked out to three Oklahoma communities.

The peril at Cedar Rapids, which had appeared desperate early in the day, fell as rapidly as the river Friday night. The river had caused at least $70 million damage during its week-long rampage through Iowa, but it wasn't strong enough to punch through the levees protecting Cedar Rapids, a city of 92,000.

As the floodtide ebbed, the American Red Cross revised its estimate of the total of flood refugees at Cedar Rapids from almost 5,000 to 1,000.

The danger of disease followed the floods, however. The falling waters left "terribly contaminated" residues, Black Hawk County medical examiner Dr. Eugene Smith said.

"It's almost like mopping up after a bacteriological war," he commented.

Meaghan met Friday with Iowa Civil Defense director Ben Fowler and regional Civil Defense director Ken Hutton of Denver and received Fowler's assurance that "the whole state's behind you."

Gov. Norman A. Erbe followed up by asking that President Kennedy declare the entire eastern half of Iowa a flood disaster area. Such a proclamation would make federal funds and services immediately available to the people of the flood-weary Cedar River Valley.

The Cedar, normally a winding, placid stream, had driven at least 4,500 persons from their homes in its rampage from Charles City through Waterloo in Cedar Rapids. It was the river's worst flood in history and had caused damage estimated at $70 million.

In the Southland, spring downpours unloaded 8 inches of rain on Seminary, Miss., in 2½ hours and spread from southeast Oklahoma to the Georgia coastline.

Tornadoes curled out of the storm clouds and hit hardest at the town of Unadilla, Ga. A man was killed when his home was demolished, a Baptist church was practically a total loss, and power and communications lines were ripped from their moorings.

The rains built up the second major flood threat in two months for Mississippi and Louisiana.

Near Hattiesburg, Miss., 300 persons were forced from their homes and 17 families had to flee the Long Lake community near Vicksburg. Severe flood warnings were posted for the Pearl, Leaf and Chickasawhay Rivers in southern Mississippi.

Flood evacuees were living in tents in Louisiana's Catahoula Parish and Gov. Jimmie H. Davis asked the white house for federal aid.

Oklahoma had both floods and snows. Rainfed creeks closed two highways in southeast Oklahoma, while a full-blow storm piled up 14 inches of snow at Arnett in the northwest and 10 inches in parts of the state's Panhandle. The Texas Panhandle had 8 to 10 inches.

The snow was heavy enough to snap power lines and poles and send them falling across highways Oklahoma power failures occurred at Arnett, Gage, Shattuck and Woodward.

Mississippi Braces For Flood Threat

HATTIESBURG, Miss. (AP)—Rain-swollen rivers spilled over their banks in drenched lowlands Friday and flood-weary Mississippi braced for new crests.

Several hundred persons evacuated their homes in scattered areas of the state. Most of them were among the 200 who moved out of the lowlands along the Leaf and Bouie rivers in the Hattiesburg area.

However, the Yazoo, Pearl, and Chickasawhay river lowlands were also hit and scattered evacuations were reported.

The weatherman held out hope that most of the heavy rains were over and predicted partly cloudy weather for most of the state over the weekend, with showers scattered.

The Red Cross set up a shelter for Negro evacuees at Hattiesburg and reported feeding 85 Friday. Many of the 200 who left their homes were not flooded out, but remembered the devastating flood of five weeks ago, the worst in the area in 40 years.

The weather bureau at Jackson reported 4-6 inches of rain had fallen in many areas and an 8-inch rainfall was reported at seminary, upstream from Hattiesburg in the Leaf River Basin.

Other evacuations were reported at Collins in South Mississippi, along the Tallahala Creek at Laurel, at Long Lake on the Yazoo River, and at Monticello on the Pearl River. Two families were moved out of their homes at Vicksburg.

Thousands Join British March To 'Ban Bomb'

LONDON (UPI) — Thousands of Britons, bolstered by sympathizers from 37 nations including the United States, began a two-day "ban the bomb" march Friday on London from two towns each 54 miles distant.

Men, women and children set off on the twin hikes from Aldermaston, Britain's nuclear weapons center, and Wethersfield, site of a U.S. Air Force NATO base. Purpose of the demonstration is to build popular support for their demands of nuclear disarmament by the world's major powers.

An estimated 13,000 persons took part in the twin marches, 6,000 from Aldermaston and 7,000 from Wethersfield.

Hecklers shouted and greeted them with jeers and warnings of "not to play the Communist game" as they set out.

The two columns are scheduled to meet in London for a Trafalgar Square rally Monday. Then a group of the demonstrators will strike out on a seven-week, 600-mile march to Scotland's Holy Loch, site of a U.S. Navy Polaris missile submarine base.

Fight or Freedom Makes Full Circle

By GEORGE W. CORL
AP Religion Write

NEW YORK (AP) — "my people go."

That was the clarion Chat signaled mankind's first rted uprising against tyranny.

The ancient call for ftm resounded again Friday niat the start of the celebratif Passover.

As Jews around the world. ered in homes for the tradi Seder meal, commemoratin escape of the Israelites from ery in Egypt, the fight for lil still goes on in the world.

"History seems to have run circle," said Rabbi Max Davidson, president of the S gogue Council of America, w represents all three wings Judaism.

"It was on the continent of rica that Moses and the Hebt people exemplified the divide mand for freedom almost four thousand years ago.

"It is there, in Africa, that the modern movement toward emancipation appears on its largest scale and in its most dramatic and dynamic form.'

But it goes on elsewhere, too, Jewish leaders pointed out, wherever men are oppressed and denied their elemental rights of free expression and opportunity.

"Even in the United States of America, whose history has been the inspiration of the world in human progress, a substantial segment of our population has not yet attained full legal and economic equality," Rabbi Davidson said.

Passover is observed for seven days by Reform Jews, and for eight days by Conservative and Orthodox groups. It is at the Seder table, with its traditional foods of remembrance, that the old story is told anew.

"Why is the night different from all other nights?" the youngest child asks. And the head of the house begins the recital of the age-old epic. The telling — the "Haggadah" — goes on through the meal.

It isn't considered just a bygone tale, but one of continuing implications.

"We rededicate ourselves to the free spirit of man under God," said Judge Emil N. Baar, chairman of the board of the Union of American Hebrew Congregations, Judaism's Reform branch.

"We pray that all men, regardless of race, color or creed, will realize their full potentialities under freedom and that those oppressed in lands under totalitarian rule may one day see a better tomorrow when all the children of God will breathe the air of liberty."

The National Jewish Welfare Board, which provides religious services for Jewish members of the armed forces, has shipped tons of matzah (unleavened bread), wine, chicken, herbs, fish and other Seder foods, to bases around the globe for the occasion.

There were 370 Jewish chaplains officiating at mass Seders in this country, Europe, North Africa, Asia, Iceland and the Caribbean, the board said, some of them flown to remote bases for the observance.

The holiday is known as "the season of our freedom." Its name comes from the night death struck among the Egyptians, but "passed over" Israelite dwellings.

While it is marked by special Jewish ceremonies, it also is regarded by Christians as being of universal significance, as part of God's work to redeem men.

GOT NEW CHECK

MUSKEGON, Mich. (UPI)—Gordon Unwin, an unemployed worker, thought for a while he never had it so good.

His compensation check from the Michigan employment security commission came to $12,049. But Unwin returned the check and got a new one for the correct amount, $49.

The commission blamed a check-writing machine for the generous mistake.

Ouachita Parish Delinquent Tax Notices Slated

The Ouachita Parish tax collector's office will send out registered notices next week to all local property owners who have not paid their 1960 taxes yet.

Officials said Friday that the number of tax delinquents has been "cut down quite sharply," since courtesy notices were sent out early in March.

"We shouldn't have to send out too many registered notices," the officials commented.

All taxes were due on Dec. 31, 1960.

Any not paid by the first part of May will face severe action. The parish will seize any land on which taxes have not been paid, and sell the land to collect the tax payment.

Ouachita Parish Delinquent Tax Notices Slated

The Ouachita Parish tax collector's office will send out registered notices next week to all local property owners who have not paid their 1960 taxes yet.

Officials said Friday that the number of tax delinquents has been "cut down quite sharply," since courtesy notices were sent out early in March.

"We shouldn't have to send out too many registered notices," the officials commented.

All taxes were due on Dec. 31, 1960.

Any not paid by the first part of May will face severe action. The parish will seize any land on which taxes have not been paid, and sell the land to collect the tax payment.

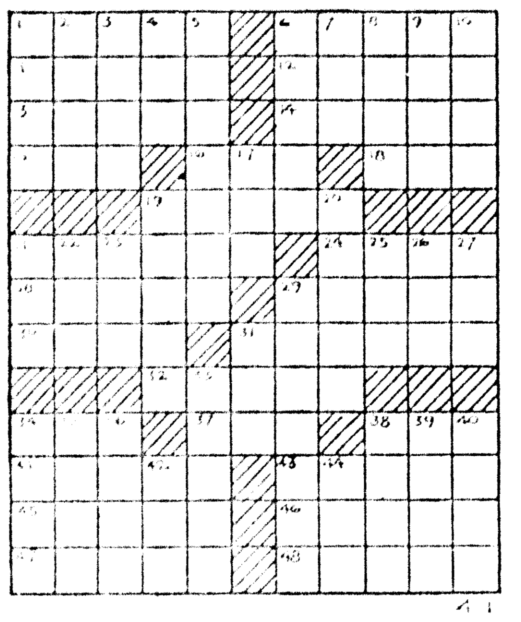
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A LIVING TESTIMONIAL

ARCADIA, Ind. (UPI) — Carl D. Brown, 24, was a living testimonial to the value of auto safety belts Friday.

Brown's car went out of control and sped off the road at 60 miles per hour. It knocked down a tree, plunged over a 25-foot embankment, hurtled a creek, rolled over three times, and came to rest right side up.

Brown, strapped in by his safety belt, suffered only cuts and bruises.

Hospital, Health Unit In Area To Get State Funds

BATON ROUGE (UPI) — The State Board of Liquidation Thursday approved $209,000 worth of requests for so-called emergency funds, reducing its original balance of $1 million to $279,243.

Major items among the requests:

$33,000 to the state hospital department to pay bills of the Iberia Parish General Hospital because federal funds are not readily available.

$1,500 for a similar payment for the Jonesville Hospital.

$25,000 to the department of Commerce and Industry for improvements at the Hot Wells health resort near Alexandria.

$35,000 to the State Welfare Department to meet an expanded program of distribution of surplus foods, including six new parishes.

$25,000 for the Civil War Centennial Commission.

$9,500 for partial financing of a parish health unit for Catahoula parish.

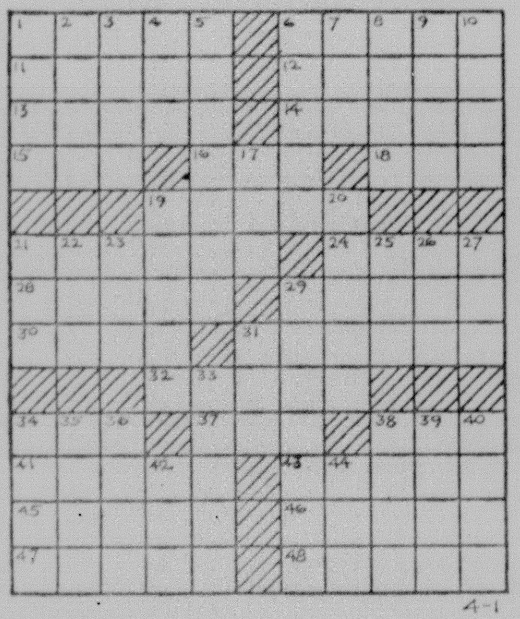
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A LIVING TESTIMONIAL

ARCADIA, Ind. (UPI)—Carl D. Brown, 24, was a living testimonial to the value of auto safety belts Friday.

Brown's car went out of control and sped off the road at 60 miles per hour. It knocked down a tree, plunged over a 25-foot embankment, hurtled a creek, rolled over three times, and came to rest right-side up.

Brown, strapped in by his safety belt, suffered only cuts and bruises.

Hospital, Health Unit In Area To Get State Funds

BATON ROUGE (UPI) — The State Board of Liquidation Thursday approved $209,000 worth of requests for so-called emergency funds, reducing its original balance of $1 million to $279,243.

Major items among the requests:

$38,000 to the state hospital department to pay bills of the Iberia Parish General Hospital because federal funds are not readily available.

$1,500 for a similar payment for the Jonesville Hospital.

$25,000 to the department of Commerce and Industry for improvements at the Hot Wells health resort near Alexandria.

$35,000 to the State Welfare Department to meet an expanded program of distribution of surplus foods, including six new parishes.

$25,000 for the Civil War Centennial Commission.

$9,500 for partial financing of a parish health unit for Catahoula parish.

Voice Of Broadway

By DOROTHY KILGALLEN

Show business personalities who suddenly find themselves being checked by Federal authorities have no cause for alarm. It's the income tax boys. President Kennedy plans to throw several galas this Summer, and has submitted guest lists which are being given the careful scrutiny of the Secret Service . . . If Russia doesn't back down on the Laos situation, the United States will take Cuba — but fast . . . Former police commissioner Stephen Kennedy may be getting ready to enter some form of show business. (TV commenting, perhaps?) He's signed with the William Morris Agency, which handles many a stellar name.

Actor's Equity may be called upon to spank Monica Boyar, leading lady of the just - folded "13 Daughters." Annoyed by the drilling for the new Americana Hotel, she walked offstage in the middle of a big scene at Saturday's matinee and proceeded to tell off the foreman of the construction crew — leaving Don Ameche and the rest of the performers ad libbing furiously while trying to hide their astonishment . . . The next private "key club" on the midtown Manhattan scene will have an Oriental motif, and a staff of slant - eyed beauties. A local syndicate is backing it for an early Fall opening.

Failure to get an okay to operate routes to Florida has American Airlines ready to lay off 75 pilots and 45 flight engineers. The line had built up its staff in anticipation of G.A.S. approval of the new routes . . . New York's hotel men and convention bureaus are happier than they've been in months. Reservations for Easter Week tourists are up 14 percent over last year.

Maurice Edelman, the Labor M. P. who wrote "A Call on Kuprin," is coming to New York for the opening of the Griffith and Prince play, "Kuprin," based on the book. Hal Prince describes him as "charming" . . . the kind who'll remind you of Ronald Colman" . . . Lord Beatty, now married to his fourth wife, a teen-aged post deb, will sue his third bride (American Mrs. Stanley Donen) in an effort to recover some valuable Regency and Louis XVI furniture.

Shelagh Delaney, the young woman who wrote the hit play, "A Taste of Honey," is an automobile critic in her spare time. Now in New York, she brought a U.S. sports car the other day, drove it for 200 miles, then sold it. She dismissed it as "a fast and vulgar car" . . . Harry Belafonte wants his next movie to be a musical . . . Don Murray and Walter Wood, co - producers of "The Hoodlum Priest," are facing a law suit from a man who claims he sold them the idea for the film but never was paid . . . Clark Gable will be immortalized in Madame Tussaud's famous London waxworks as a tribute to his world - wide popularity.

Off - Broadway producers and players are aggrieved over the American Theatre Wing's decision not to hand out any of their annual Tony Awards to the downtown (and cheaper) attractions. It's ironic, because so many of the off - Broadway shows boast fine performances and far longer runs than the legitimate "legits" that are eligible . . . Connie Francis is negotiating with Revlon for a musical "spectacular" of her own next Winter.

Sammy Davis Jr. now owns a Rolls Royce, the Hollywood status symbol for those who can't buy a Ghia . . . Sophia Loren drew the raves of her career on the preview cards passed out after a screening of "Two Women." One observer said she cast a spell over the whole theatre, another commented, "Sophia never should have left foreign films."

Natalie Woods' own Robert Wagner is pitching for one of the top roles in the flicker version of "Bye Bye Birdie" . . . Comedy writer Mel Brooks blames the rising popularity of news, documentaries and Westerns as the big reason why he can't pay the $1,000-a-week alimony his wife wants.

The Joe Kipness - Monte Proser restaurant, the Lanai, deserves to make good - and it had better, for Joe's sake. He sold his lucrative coat business on 7th Ave. to pay for the place after two of his partners quit cold. "Because I believed in it in my heart," is his reason - a rather dramatic one for a Broadway restaurateur . .. Richard Widmark's co - star in "Secrets Ways," Sonja Ziemann, was secretly married to Polish-born novelist Marek Hlasko in London a few days ago . . . Jeanne Moreau, the current "First Lady" of French films, makes it clear that she's anxious to appear in any movie in which she could star opposite Richard Burton, Henry Fonda or Marlon Brando.

Get ready. A new teenage recording artist (singer, if you want to be technical - and charitable) calls himself Skip Roper . . . Kate Smith managed a fascinatating feat of limited amnesia when she wrote "Upon My Lips A Song" and never mentioned Jack Miller. Jack Miller was her accompanist, and later orchestra leader, for more than 25 years. There were interesting times when before she'd make guest shots, she would call Jack and have him rehearse her in her numbers over the telephone . . . Leo Fuld, owner of the Cafe Sahbra, says he has "pencilled in" a Summer date for Hazel Scott and her bridegroom, Enzio Bedin, who are supposed to be working up a new act in time for a warm weather debut.

NAM Reveals Censuring Of Birch Society

NEW YORK (UPI) — The National Association of Manufacture disclosed Friday it had in effect censured the John Birch Society in a board resolution adopted last September.

Charles R. Sligh Jr. executive vice president of the NAM, told United Press International the three former NAM presidents listed as members of the council of the controversial society participated in drawing up the resolution which was passed unanimously.

The resolution did not mention the society or its founder and leader, Robert Welch, by name. But Sligh said it was passed after disclosure that Welch had called former President Dwight D. Eisenhower a Communist.

It affirmed the NAM's confidence in Eisenhower and said the organization "does not and will not knowingly be associated with any individual or be a party to any organization that questions the loyalty and integrity of President Eisenhower or attempts to degrade the fundamental respect due him and his high office."

Sligh emphasized that the NAM "has no connection with the John Birch Society, and never has, and never will."

He said Welch, who was once a director of the NAM, has not had any connection with it for many years.

WMU Meeting Starts Here Wednesday

The annual meeting of the Louisiana Woman's Missionary Union will open at First Baptist church, West Monroe, April 5 and will continue through April 7, according to Miss Kathryn Carpenter, state WMU director.

It will be followed on April 8 and 9 by the annual meeting of the WMU night circles at Parkview Baptist church, Monroe.

Both meetings have as their theme, "By Love Impelled," and will feature speakers of note from throughout the United States and foreign mission fields.

Mrs. Claude Kirkpatrick of Baton Rouge, state WMU president, will present the opening message at the first session. Highlighting the evening will be an address by Dr. Eugene Nida, secretary of translations of the American Bible Society. Author of a number of books, his work includes field surveys, linguistic research, checking of manuscripts of new translations, and preparation of books and articles on language and anthropology.

His topic will be "God's Word for All Mankind."

Thursday morning's meeting on stewardship will have as special speaker, Miss Mercy Rao, Baptist leader from India.

In the afternoon Miss Abbie Louise Green, Sunbeam director for the Southern Baptist Convention, will be the guest speaker, and the emphasis will be on youth programs, with a camp skit and a scholarship report.

The mission panel, "Into All the World," will be led Thursday night by Miss Helen Falls, associate professor of missions, Southern Baptist Seminary, New Orleans.

Appearing on the program will be Mrs. W. David Lockard, missionary to Southern Rhodesia, Mrs. Robert M. Wright, wife of a Southern Baptist mission doctor in Korea, Mrs. H. O. Headrick, missionary to South Brazil, and Dr. Audrey Fontnote, head of the obstetrics and gynecology department of Japan Baptist Hospital, Kyoto.

Following the election of officers Friday morning, an address by Mrs. Lockard and benediction by Miss Carpenter will close the convention.

Reports of committees and a message on work among the migrants by Home Missionary Mrs. Andrew Foster will open the night circle meeting Saturday afternoon at Parkview church, Monroe.

Following a banquet at the Frances Hotel, the group will reconvene Saturday night at the church to hear an address by Mrs. Wright, "By Love Impelled to Korea."

The convention will close with a brief meeting followed by a worship service Sunday morning.

How To Keep Well

By Dr. Theodore R. Van Dellen

HOSPITAL NAMES

Elmer L. Harvey of Green Bay, Wis., says 1,134 hospitals in this country include the word memorial in their names; and 1,326 are named after individuals. There is only one named Smith, the most common name in America; it is the Smith Memorial hospital, located in Decorah, Ia.

Harvey analyzed the names of 6,786 hospitals and reported his findings in Hospitals, journal of the American Hospital association. The majority are called hospitals but 41 different terms are used. The include retreats, farms, preventorium, facility, lodges, inns, guest houses, infirmary, hall, center, dispensary, sanitarium, sanatorium.

Salt Lake City can boast of the hospital with the longest name: Primary Children's Hospital of Church of Jesus Christ of Latter-Day Saints. More than a thousand hospitals have names with a religious connotation: 134 are named St. Joseph, the patron saint of the sick, according to Harvey. Other institutions are named after Wesley, Booth, Holy Family, Mount Siani, Bethany, Trinity, Our Lady of Mercy, and Good Samaritan.

Famous poets, physicians, statesmen, nurses, and industrialists have been memorialized. Others are given the names of nationality groups, rivers, animals, birds, and fruits. Some of these names might be fitting but others, such as skunk, mouse, blueberry, or banana sound horrible.

There are emotional connotations to names such as Tombstone General, Needles Municipal, Cape Fear Memorial, Heathwin, and the Rising Star hospitals.

Among the unusual names are Boston Floating hospital; The Hospital, in Sidney, N. Y.; Deaf Smith County hospital of Hereford, Tex., the only other one with a Smith; and Our Community hospital in Scotland Neck, N. C.

Yes, especially if he decided to drive a car or cross a busy street when inebriated. A quart of whiskey might kill him if he is of small size, has little tolerance to alcohol, and drinks it quickly on an empty stomach.

VITAMINS AND STONES

N. G. writes: Could taking multiple vitamin pills daily cause stones to form in the kidneys?

REPLY

This is doubtful unless the vitamin products contain too much D., which encourages the formation of calcium stones.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Voice Of Broadway

By DOROTHY KILGALLEN

Show business personalities who suddenly find themselves being checked by Federal authorities have no cause for alarm. It's the income tax boys. President Kennedy plans to throw several galas this Summer, and has submitted guest lists which are being given the careful scrutiny of the Secret Service . . . If Russia doesn't back down on the Laos situation, the United States will take Cuba — but fast . . . Former police commissioner Stephen Kennedy may be getting ready to enter some form of show business. (TV commenting, perhaps?) He's signed with the William Morris Agency, which handles many a stellar name.

Actor's Equity may be called upon to spank Monica Boyar, leading lady of the just - folded "13 Daughters." Annoyed by the drilling for the new Americana Hotel, she walked offstage in the middle of a big scene at Saturday's matinee and proceeded to tell off the foreman of the construction crew — leaving Don Ameche and the rest of the performers ad libbing furiously while trying to hide their astonishment . . . The next private "key club" on the midtown Manhattan scene will have an Oriental motif, and a staff of slant - eyed beauties. A local syndicate is backing it for an early Fall opening.

Failure to get an okay to operate routes to Florida has American Airlines ready to lay off 75 pilots and 45 flight engineers. The line had built up its staff in anticipation of G.A.S. approval of the new routes . . . New York's hotel men and convention bureaus are happier than they've been in months. Reservations for Easter Week tourists are up 14 percent over last year.

Maurice Edelman, the Labor M. P. who wrote "A Call on Kuprin," is coming to New York for the opening of the Griffith and Prince play, "Kuprin," based on the book. Hal Prince describes him as "charming" . . . the kind who'll remind you of Ronald Colman" . . . Lord Beatty, now married to his fourth wife, a teenaged post deb, will sue his third bride (American Mrs. Stanley Donen) in an effort to recover some valuable Regency and Louis XVI furniture.

Shelagh Delaney, the young woman who wrote the hit play, "A Taste of Honey," is an automobile critic in her spare time. Now in New York, she brought a U.S. sports car the other day, drove it for 200 miles, then sold it. She dismissed it as "a fast and vulgar car" . . . Harry Belafonte wants his next movie to be a musical . . . Don Murray and Walter Wood, co - producers of "The Hoodlum Priest," are facing a law suit from a man who claims he sold them the idea for the film but never was paid . . . Clark Gable will be immortalized in Madame Tussaud's famous London waxworks as a tribute to his world - wide popularity.

Off - Broadway producers and players are aggrieved over the American Theatre Wing's decision not to hand out any of their annual Tony Awards to the downtown (and cheaper) attractions. It's ironic, because so many of the off - Broadway shows boast fine performances and far longer runs than the legitimate "legits" that are eligible . . . Connie Francis is negotiating with Revlon for a musical "spectacular" of her own next Winter.

Sammy Davis Jr. now owns a Rolls Royce, the Hollywood status symbol for those who can't buy a Ghia . . . Sophia Loren drew the raves of her career on the preview cards passed out after a screening of "Two Women." One observer said she cast a spell over the whole theatre, another commented, "Sophia never should have left foreign films."

Natalie Woods' own Robert Wagner is pitching for one of the top roles in the flicker version of "Bye Bye Birdie" . . . Comedy writer Mel Brooks blames the rising popularity of news, documentaries and Westerns as the big reason why he can't pay the $1,000-a-week alimony his wife wants.

The Joe Kipness - Monte Proser restaurant, the Lanai, deserves to make good - and it had better, for Joe's sake. He sold his lucrative coat business on 7th Ave. to pay for the place after two of his partners quit cold. "Because I believed in it in my heart," is his reason - a rather dramatic one for a Broadway restaurateur . .. Richard Widmark's co - star in "Secrets Ways," Sonja Ziemann, was secretly married to Polish-born novelist Marek Hlasko in London a few days ago . . . Jeanne Moreau, the current "First Lady" of French films, makes it clear that she's anxious to appear in any movie in which she could star opposite Richard Burton, Henry Fonda or Marlon Brando.

Get ready. A new teenage recording artist (singer, if you want to be technical - and charitable) calls himself Skip Roper . . . Kate Smith managed a fascinatating feat of limited amnesia when she wrote "Upon My Lips A Song" and never mentioned Jack Miller. Jack Miller was her accompanist, and later orchestra leader, for more than 25 years. There were interesting times when before she'd make guest shots, she would call Jack and have him rehearse her in her numbers over the telephone . . . Leo Fuld, owner of the Cafe Sahbra, says he has "pencilled in" a Summer date for Hazel Scott and her bridegroom, Enzio Bedin, who are supposed to be working up a new act in time for a warm weather debut.

NAM Reveals Censuring Of Birch Society

NEW YORK (UPI) — The National Association of Manufacture disclosed Friday it had in effect censured the John Birch Society in a board resolution adopted last September.

Charles R. Sligh Jr. executive vice president of the NAM, told United Press International the three former NAM presidents listed as members of the council of the controversial society participated in drawing up the resolution which was passed unanimously.

The resolution did not mention the society or its founder and leader, Robert Welch, by name. But Sligh said it was passed after disclosure that Welch had called former President Dwight D. Eisenhower a Communist.

It affirmed the NAM's confidence in Eisenhower and said the organization "does not and will not knowingly be associated with any individual or be a party to any organization that questions the loyalty and integrity of President Eisenhower or attempts to degrade the fundamental respect due him and his high office."

Sligh emphasized that the NAM "has no connection with the John Birch Society, and never has, and never will."

He said Welch, who was once a director of the NAM, has not had any connection with it for many years.

WMU Meeting Starts Here Wednesday

The annual meeting of the Louisiana Woman's Missionary Union will open at First Baptist church, West Monroe, April 5 and will continue through April 7, according to Miss Kathryn Carpenter, state WMU director.

It will be followed on April 8 and 9 by the annual meeting of the WMU night circles at Parkview Baptist church, Monroe.

Both meetings have as their theme, "By Love Impelled," and will feature speakers of note from throughout the United States and foreign mission fields.

Mrs. Claude Kirkpatrick of Baton Rouge, state WMU president, will present the opening message at the first session. Highlighting the evening will be an address by Dr. Eugene Nida, secretary of translations of the American Bible Society. Author of a number of books, his work includes field surveys, linguistic research, checking of manuscripts of new translations, and preparation of books and articles on language and anthropology.

His topic will be "God's Word for All Mankind."

Thursday morning's meeting on stewardship will have as special speaker, Miss Mercy Rao, Baptist leader from India.

In the afternoon Miss Abbie Louise Green, Sunbeam director for the Southern Baptist Convention, will be the guest speaker, and the emphasis will be on youth programs, with a camp skit and a scholarship report.

The mission panel, "Into All the World," will be led Thursday night by Miss Helen Falls, associate professor of missions, Southern Baptist Seminary, New Orleans.

Appearing on the program will be Mrs. W. David Lockard, missionary to Southern Rhodesia, Mrs. Robert M. Wright, wife of a Southern Baptist mission doctor in Korea, Mrs. H. O. Headrick, missionary to South Brazil, and Dr. Audrey Fontnote, head of the obstetrics and gynecology department of Japan Baptist Hospital, Kyoto.

Following the election of officers Friday morning, an address by Mrs. Lockard and benediction by Miss Carpenter will close the convention.

Reports of committees and a message on work among the migrants by Home Missionary Mrs. Andrew Foster will open the night circle meeting Saturday afternoon at Parkview church, Monroe.

Following a banquet at the Frances Hotel, the group will reconvene Saturday night at the church to hear an address by Mrs. Wright, "By Love Impelled to Korea."

The convention will close with a brief meeting followed by a worship service Sunday morning.

HOSPITAL NAMES

Elmer L. Harvey of Green Bay, Wis., says 1,134 hospitals in this country include the word memorial in their names; and 1,326 are named after individuals. There is only one named Smith, the most common name in America; it is the Smith Memorial hospital, located in Decorah, Ia.

Harvey analyzed the names of 6,786 hospitals and reported his findings in Hospitals, journal of the American Hospital association. The majority are called hospitals but 41 different terms are used. The include retreats, farms, preventorium, facility, lodges, inns, guest houses, infirmary, hall, center, dispensary, sanitarium, sanatorium.

THESE TOWERS will support the new suspension bridge across Scotland's Fifth of Forth. The new bridge which will cost an estimated $44,000,000, will be the longest suspension span in Europe and the fourth longest of its type in the world. It will cover 1½ miles, including approaches. The height of the main towers will be 512 feet, and the length of the center span 3,300 feet. In the right background is the Forth railway bridge. (AP Wirephoto)

ARRIVE BY THOUSANDS

Springtime Guests Flood Washington

WASHINGTON (AP) — Washington today was as pretty as she's ever been for her annual springtime guests — and they are arriving by the thousands.

About a million visitors are expected within a month, more than seven million during the year.

The cherry blossoms made a pink fairyland down by the Jefferson Memorial. The magnolia trees burst almost overnight into paler pink and lavender bloom all over town. The newly scrubbed government buildings gleamed white behind the yellow forsythia.

Across the avenue from the green expanse of the White House grounds, hundreds of pansies splashed Lafayette Square with color.

Blossoming trees and shrubs gave a festive air to the stretch of Massachusetts Avenue where magnificent embassies rub shoulders.

And the tourists arrived.

Nobody could prove it, but some oldtimers around town said they believed the combination of cherry blossoms, Easter and spring all at the same time brought a record number of visitors to the capital.

But then they always come about this time, said a policeman.

That was a policeman out by the Capitol steps.

The most oft asked question, he said, was about what went on in the Capitol and did the President live there.

The question asked the second most often, the policeman figured, is what is the statue on top of the Capitol. (It's a draped woman, not an Indian, representing freedom.)

The third question involves directions — how do you get there? "And they all ask how to get to the White House," the policeman said. (It's 16 blocks down Pennsylvania Ave.)

While the policeman talked, high school youngsters kept rolling by like tumbleweeds on the prairie.

Just one 20-minute check of grabbing poplin car coat sleeves and asking "where you from?" turned up in the Capitol:

The high school senior class from Graham, N. C., 30 strong, who sold candy and put on a senior play to pay for their trip.

The senior class from Union Grove, Wis., with 29 students and three chaperones who came by train. They held a donkey basketball game and a fish fry to help make money for their trip.

Some 30 youths from all over in three chartered buses, paid for the day.

The senior class, 110 strong, from Leadsville, Pa., who also came in chartered buses, paid for the day.

There was a bus driver waiting for the high school group from Griffin, Ind., who had chartered his Washington bus while they were sightseeing.

What impresses the youngsters most? "Arlington Cemetery," said the bus driver. "The Capitol and the White House impress them, but they can go in and out of other buildings not impressed at the country sightseeing here before going to Europe for the International Farm Youth Exchange.

The senior class from Deer Park, Ohio, 83 of them with four counselors.

A senior class from Lancaster, Pa., 102 of them, who came down all. But just let me say we're coming to Arlington Cemetery, and they settle down, stop their kidding and playing around and settle down."

Missouri Man Hurt In Wreck With Area Train

CROSSETT, Ark. (Special) — Johnny Allen Kauffman, 22, of Butler, Mo., driver of a trailer truck which collided with a freight train near Hamburg about 3:30 a.m. Friday, was reported in "fair" condition in the Crossett Health Center later in the day.

Kauffman apparently failed to stop at a crossing on Highway 82, although witnesses said the train whistle blowed. There were no signal lights at the crossing.

The truck cab was drug 97 feet by the train, of which the engine and three cars were derailed.

No one on the train reported injuries.

Federal Agents Seize Heroin

WASHINGTON (UPI) — Federal agents arrested a 36-year-old man at Washington National Airport Friday night and charged him with possession of $50,000 worth of heroin.

The suspect was identified as James Campy Irby, a resident of the District of Columbia who has a record of narcotics arrests. Five agents picked him up just outside a baggage room a. the busy airport terminal.

U. S. Attorney Harvey Bernard Cohen said Irby had 10 packages of uncut heroin, each containing an ounce. He said the narcotics haul would be worth $50,000 "by conservative estimate on the illicit market.

Four Crewmen Still Missing In Jet Crash

LEXINGTON, N. C. (AP) — Search parties slogged through mud and rain Friday seeking four crewmen missing in the fiery crash of a giant B52G jet bomber 15 miles southeast of here.

Two crewmen parachuted to safety, two bodies were recovered and four men were missing.

Wreckage was strewn over a mile-wide area after Thursday night's crash of the $8 million bomber, the second such plane to crash in North Carolina in two months.

The big ship, on a practice bombing mission, experienced difficulty and crashed during a refueling rendezvous with a jet tanker plane. The 52 apparently exploded on impact, lighting up the skyline for miles.

The dead included the ship's commander, Capt. W. B. McMullen, 36, of Bad Axe, Mich. Survivors said apparently McMullen went down with the plane.

The other body was not identified immediately.

Jobless Ranks Show Big Drop

WASHINGTON (UPI) — The Labor Department reported Friday that the number of persons drawing unemployment compensation dropped by 30,400 during the week ending March 18. It was the fourth consecutive decline.

At the end of the week, the jobless total stood at 3,226,800. Officials said the drop was due to a pickup in construction and other outdoor work, and the dropping from the rolls of those who had exhausted their unemployment benefits.

The Bureau of Employment Security said the latest total was about 196,000 below the record high of 3,422,300 set during the week ending Feb. 18.

World Altitude Record by X-15 Revised Upward

EDWARDS AIR FORCE BASE, Calif., (AP) — The X15's world altitude record was revised Friday — upward.

Joe Walker took the rocket plane Thursday to the highest altitude ever reached in manned flight. The record was estimated at 15,000 feet, more than 31 miles.

Friday, instruments indicated the test pilot actually went up to 169,000 feet, or more than 32 miles.

It was a scorching ride: Instruments proved the plane's wings heated up to 530 degrees at one time during the 10-minute flight.

The National Aeronauitcs and Space Administration also revised the top speed achieved by the plane during the flight. It was listed Thursday at 2,590 miles per hour, or mach 3.9. The new figure: 2,756 m.p.h., or mach 3.95.

Judge Isn't Impressed By Cool Motorist

WASHINGTON (UPI) — George Leroy Davis struck a pedestrian with his car, but George didn't lose his head.

He pulled the injured man into the rear seat.

Then he drove a few blocks down the street, picked up his girl friend, and on the way to the hospital, stopped at the Municipal Building and had one of his revoked driver's license legally restored since the revocation period was up. Police said he had three other driver's licenses, all revoked.

When he got to the hospital, he hauled his passenger out of the back seat and took him to the emergency room, where attendants said the man had an injured hip.

Agency Says Lost Satellite In Orbit

WASHINGTON (AP) — Explorer X, the missing satellite, probably still is in orbit, the space agency said Friday night.

And the mysterious radio signals picked up in New York Thursday night and early Friday probably came not from a Soviet manned satellite, as some listeners guesed. More likely they were from that long-winded U. S. noisebox in space, Explorer VII, the National Aeronautics and Space Administration said.

Explorer X, 78 pounds of magnetometer experiments, was launched last Saturday on a four-day elliptical orbit that took it 112,500 miles out in space.

The satellite's radio voice died out, according to plan, almost 20 hours before it completed its first orbit, 110 miles above the Pacific Ocean south of Japan Tuesday night.

Because the satellite is voiceless, small, and neared earth over an area containing no known observers, NASA has no exact knowledge of its fate.

But mathematicians at NASA's Goddard Space Flight Center near here have been refining their estimates of its orbit as more and more information comes in from the stations that received telemetry data from the probe.

"Our refined data indicates that Explorer X probably still is in orbit," a spokesman said. "But we have had no confirming reports, nor do we know whether its approach that close to earth shortened its orbit."

Police Searching For Automobile, Reported Stolen

Monroe police last night were searching an auto which was stolen from its parking place on a city street here.

Police said an auto belonging to William Malone, of 809 N. 6th St., West Monroe, was reported stolen about 4:43 p.m. from its parking place in the 200 block of South Grand Street.

The car was described as a 1956 Pontiac white over blue four-door, license number La. 1961, 503-989.

The auto has a continental kit on the rear.

April Draftee Call Is Lowest

WASHINGTON (AP) — The Army issued a draft call Friday for 1,500 men during April. It was the lowest monthly call since the Korean War.

In February, the Defense Department asked for 6,000 men and this month the call was for 5,000.

In announcing the April call, Asst. Secretary of Defense Carlisle P. Lunge said the smaller draft is due to higher than expected regular Army enlistments and re-enlistments.

Hiestand Is Proud To Be Conservative

WASHINGTON (AP) — "I'm a conservative—and proud of it."

Rep. Edgar W. Hiestand, R-Calif., spoke with the same sense of conviction with which, earlier Friday, he told a room crowded with reporters: "The John Birch Society, as a patriotic organization, has my membership and my support in its fight against communism. I can't think of a more noble objective."

During his eight years in the House, conservatism has had no more steadfast supporter than Hiestand. His "no" has rung out on nearly every roll call on legislation that would extend the influence of the federal government or increase federal spending.

In one area of federal spending, however, Hiestand has opposed retrenchment. Twice in recent days he has spoken out against cutting back the B70 supersonic bomber program.

To the normal economic views of the conservative, Hiestand adds a fervent anti-Communist stand. To him, the essence of conservatism, as he recently said, is "to conserve that intense loyalty to God and country which made America."

Hiestand's description of John Birch Society members as "a group of rugged individualists dedicated to patriotism and determined in their fight against communism," could serve as well as a description of the California congressman.

Hiestand is 70 and has snow-white hair, but his short, compact build and rugged health make him appear far younger. A recent ulcer operation has failed to slow up his hard-driving pace.

He came to Congress as a novice in politics, never having held any other public office or played any part in political organization work.

He had retired in 1949 after a long career as a merchandising executive with several large department stores and Sears, Roebuck & Co. Two years later, following the 1950 census, California got several new congressional districts and his home town, Altadena, was right smack in the middle of one.

Hiestand, an active Rotarian, Chamber of Commerce director and Community Chest campaigner, was well known in this community near Los Angeles and won out in a competition held by a Republican advisory board to select a candidate for the 1952 election. He also won the election.

Law Officers School To Be In Shreveport

BATON ROUGE (Special) — A school for law enforcement officers on the subject of "Administration and Supervision of Personnel" will be held in Shreveport April 10 - 14, by Louisiana State University.

The purpose of the school is to present instruction in this field to officers in administration work in their departments. The heads of law enforcement agencies and those engaged in administrative and supervisory duties will attend.

Classes will be held from 8 a.m. to 5 p.m. in the squad room of the Shreveport Police Department. Registration will begin at 8 a.m., April 10.

This course is being offered as a part of the Louisiana State University In-Service Law Enforcement Training Program, which is administered by the LSU General Extension Division.

Frank T. Carroll Jr., Director of the University College at LSU, supervises the academic phases of the program, which is co-sponsored by the four law enforcement associations of the state. The FBI cooperates in the program.

Appearing on the program from Shreveport will be Mayor Clyde E. Fant; Milton Rosenzweig, Director, Child's Guidance Center; John J. Bagley, Special Agent, FBI; Thurman P. Kelly, Senior Resident Agent, FBI; Sheriff J. Howell Flournoy; Police Chief Harvey Teasley; and Donald I. Wiegel, City Personnel Director.

Also appearing on the program will be Mr. Joseph T. Sylvester, Jr., Assistant Special Agent in Charge, FBI, New Orleans; Mr. Frank T. Carroll, Jr., Director, University College, LSU; Dr. Walfrid J. Jokinen, Assistant Dean of the Graduate School, LSU; School, LSU; Captain H. Lee Arledge, Louisiana State Polic, Baton Rouge.

Julian A. Martin, a member of the staff of the LSU General Extension Division, will act as coordinator for the school.

Similar courses are planned later in the year to be held in Monroe, Alexandria, Lake Charles and New Orleans.

Youth Is Booked In Hotel Burglary

Monroe police Friday reported Alvin Culpepper Jr., 17, of 309 S. 13th St., Monroe, has been booked for burglary.

Culpepper was booked for the recent burglary of the Carroll Hotel at 1301½ Texas. Police said the youth admitted the offense.

THESE TOWERS will support the new suspension bridge across Scotland's Fifth of Forth. The new bridge which will cost an estimated $44,000,000, will be the longest suspension span in Europe and the fourth longest of its type in the world. It will cover 1½ miles, including approaches. The height of the main towers will be 512 feet, and the length of the center span 3,300 feet. In the right background is the Forth railway bridge. (AP Wirephoto)

ARRIVE BY THOUSANDS

Springtime Guests Flood Washington

WASHINGTON (AP) — Washinsgton today was as pretty as she's ever been for her annual springtime guests — and they are arriving by the thousands.

About a million visitors are expected within a month, more than seven million during the year.

The cherry blossoms made a pink fairyland down by the Jefferson Memorial. The magnolia trees burst almost overnight into paler pink and lavender bloom all over town. The newly scrubbed government buildings gleamed white behind the yellow forsythia.

Across the avenue from the green expanse of the White House grounds, hundreds of pansies splashed Lafayette Square with color.

Blossoming trees and shrubs gave a festive air to the stretch of Massachusetts Avenue where magnificent embassies rub shoulders.

And the tourists arrived.

Nobody could prove it, but some oldtimers around town said they believed the combination of cherry blossoms, Easter and spring all at the same time brought a record number of visitors to the capital.

But then they always come about this time, said a policeman.

That was a policeman out by the Capitol steps.

The most oft asked question, he said, was about what went on in the Capitol and did the President live there.

The question asked the second most often, the policeman figured, is what is the statue on top of the Capitol. (It's a draped woman, not an Indian, representing freedom.)

The third question involves directions — how do you get there? "And they all ask how to get to the White House," the policeman said. (It's 16 blocks down Pennsylvania Ave.)

While the policeman talked, high school youngsters kept rolling by like tumbleweeds on the prairie.

Just one 20-minute check of grabbing poplin car coat sleeves and asking "where you from?" turned up in the Capitol:

The high school senior class from Graham, N. C., 80 strong, who sold candy and put on a senior play to pay for their trip.

The senior class from Union Grove, Wis., with 29 students and three chaperones who came by train. They held a donkey basketball game and a fish fry to help make money for their trip.

Some 30 youths from all over in three chartered buses just for the day.

The senior class, 110 strong, from Landisville, Pa., who also came in chartered buses just for the day.

There was a bus driver waiting for the high school group from Griffin, Ind., who had chartered his Washington bus while they were sightseeing.

What impresses the youngsters most? "Arlington Cemetery," said the bus driver. "The Capitol and the White House impress them, but they can go in and out of other buildings not impressed at the country sightseeing here before going to Europe for the International Farm Youth Exchange.

The senior class from Deer Park, Ohio, 83 of them with four counselors.

A senior class from Lancaster, Pa., 102 of them, who came down all. But just let me say we're coming to Arlington Cemetery, and they settle down, stop their kidding and playing around and settle down."

Missouri Man Hurt In Wreck With Area Train

CROSSETT, Ark. (Special) — Johnny Allen Kauffman, 22, of Butler, Mo., driver of a trailer truck which collided with a freight train near Hamburg about 3:30 a.m. Friday, was reported in "fair" condition in the Crossett Health Center later in the day.

Kauffman apparently failed to stop at a crossing on Highway 82, although witnesses said the train whistle blowed. There were no signal lights at the crossing.

The truck cab was drug 97 feet by the train, of which the engine and three cars were derailed.

No one on the train reported injuries.

Federal Agents Seize Heroin

WASHINGTON (UPI) — Federal agents arrested a 36-year-old man at Washington National Airport Friday night and charged him with possession of $50,000 worth of heroin.

The suspect was identified as James Campy Irby, a resident of the District of Columbia who has a record of narcotics arrests. Five agents picked him up just outside a baggage room a. the busy airport terminal.

U. S. Attorney Harvey Bernard Cohen said Irby had 10 packages of uncut heroin, each containing an ounce. He said the narcotics haul would be worth $50,000 "by conservative estimate on the illicit market.

Four Crewmen Still Missing In Jet Crash

LEXINGTON, N. C. (AP) — Search parties slogged through mud and rain Friday seeking four crewmen missing in the fiery crash of a giant B52G jet bomber 15 miles southeast of here.

Two crewmen parachuted to safety, two bodies were recovered and four men were missing.

Wreckage was strewn over a mile-wide area after Thursday night's crash of the $8-million bomber, the second such plane to crash in North Carolina in two months.

The big ship, on a practice bombing mission, experienced difficulty and crashed during a refueling rendezvous with a jet tanker plane. The 52 apparently exploded on impact, lighting up the skyline for miles.

The dead included the ship's commander, Capt. W. B. McMullen, 36, of Bad Axe, Mich. Survivors said apparently McMullen went down with the plane.

The other body was not identified immediately.

Jobless Ranks Show Big Drop

WASHINGTON (UPI)—The Labor Department reported Friday that the number of persons drawing unemployment compensation dropped by 30,400 during the week ending March 18. It was the fourth consecutive decline.

At the end of the week, the jobless total stood at 3,226,800. Officials said the drop was due to a pickup in construction and other outdoor work, and the dropping from the rolls of those who had exhausted their unemployment benefits.

The Bureau of Employment Security said the latest total was about 196,000 below the record high of 3,422,300 set during the week ending Feb. 18.

World Altitude Record by X-15 Revised Upward

EDWARDS AIR FORCE BASE, Calif., (AP) — The X15's world altitude record was revised Friday — upward.

Joe Walker took the rocket plane Thursday to the highest altitude ever reached in manned flight. The record was estimated at 15,000 feet, more than 31 miles.

Friday, instruments indicated the test pilot actually went up to 169,000 feet, or more than 32 miles.

It was a scorching ride: Instruments proved the plane's wings heated up to 530 degrees at one time during the 10-minute flight.

The National Aeronauites and Space Administration also revised the top speed achieved by the plane during the flight. It was listed Thursday at 2,590 miles per hour, or mach 3.9. The new figure: 2,756 m.p.h., or mach 3.95.

Judge Isn't Impressed By Cool Motorist

WASHINGTON (UPI) — George Leroy Davis struck a pedestrian with his car, but George didn't lose his head.

He pulled the injured man into the rear seat.

Then he drove a few blocks down the street, picked up his girl friend, and on the way to the hospital, stopped at the Municipal Building and had one of his revoked driver's license legally restored since the revocation period was up. Police said he had three other driver's licenses, all revoked.

When he got to the hospital, he hauled his passenger out of the back seat and took him to the emergency room, where attendants said the man had an injured hip.

Agency Says Lost Satellite In Orbit

WASHINGTON (AP) — Explorer X, the missing satellite, probably still is in orbit, the space agency said Friday night.

And the mysterious radio signals picked up in New York Thursday night and early Friday probably came not from a Soviet manned satellite, as some listeners guesed. More likely they were from that long-winded U. S. noisebox in space, Explorer VII, the National Aeronautics and Space Administration said.

Explorer X, 78 pounds of magnetometer experiments, was launched last Saturday on a four-day elliptical orbit that took it 112,500 miles out in space.

The satellite's radio voice died out, according to plan, almost 20 hours before it completed its first orbit, 110 miles above the Pacific Ocean south of Japan Tuesday night.

Because the satellite is voiceless, small, and neared earth over an area containing no known observers, NASA has no exact knowledge of its fate.

But mathematicians at NASA's Goddard Space Flight Center near here have been refining their estimates of its orbit as more and more information comes in from the stations that received telemetry data from the probe.

"Our refined data indicates that Explorer X probably still is in orbit," a spokesman said. "But we have had no confirming reports, nor do we know whether its approach that close to earth shortened its orbit."

Police Searching For Automobile, Reported Stolen

Monroe police last night were searching an auto which was stolen from its parking place on a city street here.

Police said an auto belonging to William Malone, of 809 N. 6th St., West Monroe, was reported stolen about 4:43 p.m. from its parking place in the 200 block of South Grand Street.

The car was described as a 1956 Pontiac white over blue four-door, license number La. 1961, 503-989.

The auto has a continental kit on the rear.

April Draftee Call Is Lowest

WASHINGTON (AP) — The Army issued a draft call Friday for 1,500 men during April. It was the lowest monthly call since the Korean War.

In February, the Defense Department asked for 6,000 men and this month the call was for 5,000.

In announcing the April call, Asst. Secretary of Defense Carlisle P. Lunge said the smaller draft is due to higher than expected regular Army enlistments and re-enlistments.

Paret Risks Welter Title In 15-Rounder

Champ Rates 7-5 Favorite Over Griffith

MIAMI BEACH, Fla. (AP) — Benny Kid Paret puts his world weltereight title on the line against Emile Griffith in a 15-round battle in Convention Hall Saturday night, with endurance expected to be a decisive factor.

The champion is rated a 7-5 favorite, with the chance it might come down to 6-5 or even money before the opening bell. Promoter Chris Dundee expects a crowd of 5,000 but has revised downward his prediction of the gate to $25,000. He had expected a $30,000 gate.

The bout will be televised nationally over the ABC network starting at 10 p.m. (EST). The fighters will weigh in at 11 a.m., Saturday, and neither anticipated difficulty in making the 147-pound limit.

Any edge Paret is conceded is based on his greater experience, his ability to absorb punishment like a sponge and still keep coming, and the fact he twice has gone the 15-round route while his New York opponent never has gone beyond 10.

Griffith is recognized as the superior boxer, but whether he has the punch to put away the durable Cuban is problematical. The challenger, a superbly built athlete wtih broad shoulders, narrow waist and race-horse legs, has won only seven of his 24 fights by knockout, but his co-manager, Gil Clancy, says that record is misleading.

"Those men he has been fighting," Clancy points out, "they can take it. Who else has been knocking them out?"

Paret's knockout record is even less impressive. He has stopped only 10 of his 45 opponents, and those chiefly by his constant attack which finally wears them down to a nubbin.

LEVY REDDEN, stellar Northeast outfielder, is one man the Haymakers will have to watch closely this afternoon when Phillips U meets the Indians for a doubleheader here. Redden, who hails from Farmerville, not only covers a lot of ground but can hit the long ball as well.

FIRST GAME AT 1 P.M.

Indians Play Phillips U. In Twin-Bill Here Today

Northeast will salvage what they can out of the rain-canceled Easter Tourney this afternoon by meeting Phillips U in a twin-bill at the college diamond, weather permitting.

Phillips, last year's Oklahoma Intercollegiate conference winner, is the only club remaining of the five - team contingent that assembled here for the annual baseball extravaganza before prolonged rain inundated local fields and sent them home. The Haymakers, in Louisiana for a baseball tour, decided to stay around in hopes the skys would clear.

Game time for the first frey is 1 p.m. with the second to follow shortly.

Northeast baseball coach George Luffey reports extensive work has been done on the Northeast field and that it should be in good shape unless the rains resume.

The Haymakers have won four games this season without a loss using the same manpower that compiled a 19-6 skein the previous year. So far Phillips has downed the U. of Wichita in two games and Panhandle A&M twice.

Northeast lost to LSU there in its only engagement.

Starting the first game for coach Joe Record's Haymakers will be pitcher Charles Buller. Lynn Meech gets the nod in the second.

Record listed his starting lineup as follows: Jerry Ponce catching, Brad Warner at first, Gary Bloom on second, Jim Maples at short and Tom Heydman holding down third. In the outfield it'll be Mac Plummer in left, Max Dessenbaugh in center and Jerry Jeffrey in right.

For the Indians the top of the batting order has second baseman Eddie McGown, center fielder, Levy Redden and shortstop Phil Petras coming up one, two, three.

They will be followed by firstsacker George Bryan, leftfielder Johnny Pace, rightfielder James Spurlock, the catcher, Bo-Dick Smith; thirdbaseman Jerry Fields and the starting hurler Jerry Godwin.

Luffey announced he plans to use as many of his eight slingers in today's two games as possible.

Other pitchers likely to see action are Bobby Lockwood, Bob Lockwood, Bob Rachal, L. M. Welch, Bobby Caldwell, Stan Gardner, David Ainsworth and Teddy Payne.

Next action for the tribe will be here Wednesday when they open Gulf States competition in a doubleheader with Southwestern starting at 1:30 p.m.

Following on Saturday they host last year's conference kings, Louisiana Tech in a twinbill with the first game starting at 1:30 p.m.

The Haymakers wind-up their jaunt through the Pelican State Monday and Tuesday nights by invading Nicholls College at Thibodaux.

Late Model Stock Car Races Open At Fairgrounds

SHREVEPORT, La. (Special)—The late model stock car division of the International Motor Contest Association (IMCA) opens the 1961 season with the Pelican 200 lap late model stock car race set for Shreveport's Louisiana State Fairgrounds on Sunday afternoon, April 16.

Early entry lists indicate that a booming field will be in to shoot for the more than $4000 cash purse. Points won in the Shreveport race will count toward the 1961 national new car racing championship. Several early entries are for 1961 model cars with the nation's leading professional drivers moving in for the Shreveport race.

With skyrocketing horsepower ratings evident in the new model cars, racing officials are stressing the safety factor in racing as well as on public roads. At Shreveport, between warm-ups and race time at 2:00 p.m. professional racing drivers will put on a short exhibition of safety with high powered automobiles.

The field for the Pelican 200 late model stock car race will include the big money winners of ARK-LA-TEX area late model stock car races in recent years.

Race time is set for 2:00 p.m. on Sunday afternoon, April 16.

Dallas Star Wins Senior Amateur Title

ST. AUGUSTINE, Fla. (AP)—Mallie Reynolds of Dallas won the Ponce de Leon senior amateur golf tournament Friday, taking three of the last four holes to beat Bruce Coffin of Marblehead, Mass., 1-up.

Reynolds, 56-year-old manufacturers representative, shot par 71 over the 6,545-yard Ponce de Leon course in a tight match that saw both finalists par most of the holes.

The 61-year-old Coffin, a TV-radio executive, took the lead on the second hole with a birdie, when he put his second shot close to the pin and sank a seven-foot putt.

It was the only hole that wasn't halved on the front nine.

Coffin went 2-up at the 11th, where Reynolds pushed a shot to the left of the green and Coffin won with a par.

Reynolds birdied the 12th, sinking an eight-foot putt, but Coffin went 2-up again when he won the 13th with a par 3 as Reynolds missed a short putt.

Then Reynolds started to bear down. He sank a long putt for a birdie on the 14th and evened the match on the 16th, a short par 3, when Coffin hit a bad tee shot and took a bogey.

The winning margin came on the 17th. Coffin was short of the green with his second shot and took a bogey 5. Reynolds took a regulation 4.

They halved the final hole in par.

This was the first victory in a national seniors tourney for Reynolds, who is just a year over the minimum age for competition in senior events.

But he has been an outstanding amateur for many years, both in Florida when he lived at Jacksonville and in Texas since moving to Dallas.

WATER TALENT

Four American Records Set In AAU Swim Meet

NEW HAVEN, Conn. (AP) — Four American records were cracked and Southern California's Charley Bittick won his second National AAU indoor swimming meet title Friday night in an awesome display of water wallop.

Bittick, the 22 - year-old leader of the Trojans, captured the 220-yard backstroke in 2:09.7 to go with the 400-yard individual medley he won Thursday night in Yale's 25-yard pool.

He was joined as a defending champion by Mike Troy, the 20-year-old Olympic champion from Indiana, who scored a solid triumph in the 220-yard butterfly.

The crowd of 2,000 cheered loudest, however, when Steve Clark the 18-year-old high school senior from Los Altos Calif., blistered the 220-yard sprint course with a brilliant performance of 2.00.

"It's no secret, only hard work," smiled young Clark, a fuzzy blond, after the upset fabulous Murray Rose by 2 yards in a terrific race. The 6-foot-1, 170-pound Clark's time was one tenth of a second better than Jeff Farrell's American mark, and the best Steve has ever done.

The defeat, a disappointment to Rose, the Australian Olympic champion and Southern California junior, was his first in his last eight National AAU indoor races and wrecked his dream of three straight triples. Rose won the 1,500-meter grind Thursday night.

Bittick, like Clark, led all the way as he defended his 220-yard backstroke crown. His 3-yard victory over runner-up Tom Stock of Indiana was nearly four seconds better than his former record.

Troy outsped Fred Schmidt, the New Trier, Ill., High School senior, by 2 feet in winning the 220-yard butterfly in 2:10.9, bettering the 2:12.4 he registered here last year. Troy had to come from behind to win.

The fourth record breaker was Chet Jastremski, the 20-year-old Indiana sophomore and 220-yard breaststroke winner.

Jastremski led all the way in winning with an exciting 2:26.7. It improved on the 2:34.8 scored here last year by Bill Mulliken of Oxford, Ohio, who failed to qualify this afternoon. Chet won by some 4 yards over Ronnie Clark of Michigan.

NEW HAVEN, Conn. (AP)—Final summaries of the National AAU Indoor Swimming and Diving Championships in the Yale pool Friday:

220-yard freestyle—1, Steve Clark, Los Altos, Calif., 2:00. (American record: old record 2:00.1 by Lt. Jeff Farrell 1960). 2, Murray Rose, Southern California, 2:01.1. 3, Richard Blick, North Central College S.C. 2:01.3. 4, David Lyons, New Trier Ill., S.C., 2:02.1. 5 Ed Townsend, Santa Clara, Calif., 2:03.2. 6, James Spreitzer, Champaign, Ill., 2:03.5.

220-yard breaststroke—1, Chet Jastremski, Bloomington, Ind. 2:26.7. (American record: old record 2:34.8 by William Mulliken, 1960). 2, Ronald Clark, Ann Arbor, Mich., 2:31.6. 3, Tom Kovacs, Lakewood, Ohio, 2:32.4. 4, Kenneth Nakasone, Bloomington, Ind., 2:34.3. 5, Peter Fogarasy, N. Carolina A.C. 2:35.4. 6, Gordon Collet, Norman, Okla., 2:38.2.

220-yard backstroke 1, Charles Bittick, Southern California, 2:097. (American record: old record 2:13.1 by Bittick, 1960). 2, Tom Stock, Bloomington, 2:11.5. 3, Jed Graef, Princeton Freshman, 2:14.4. 4, Edward Barisch, Philadelphia, 2:18.2. 5, Allan Cunningham, New Haven S.C. 2:20.4. 6, Lester Cutler, Grosse Pt., Mich., 2:20.7.

Blancas Takes Four-Stroke AA Golf Lead

HOUSTON, Tex. (AP)—Homero Blancas ignored a strong wind Friday while posting his second straight par 72 to take a four-stroke lead after 54 holes of the All-America intercollegiate golf tournament.

Blancas, a Houston junior who shared the individual medal title last year, enters Saturday's final round with a 71-72-72—215, one under par for the 6,785-yard Pine Forest Country Club course.

Four strokes off the pace was Dicky Duble, whose 72-73-74—219 paced Texas A&M into the team medal lead with an 899, seven strokes ahead of Houston and eight in front of North Texas State.

Tied at 221 were Sam Carmichael, Louisiana State, and Downing Gray, the Florida State senior who led the first round and shared the 36-hole lead with Blancas.

Gray had rounds of 68, 75, 78. Carmichael shot 72, 74, 75.

Blancas got the lowest score of the day while leading Houston to a 4½ to 1½ victory over Oklahoma and moved the Cougars into the team match finals against LSU. Carmichael led LSU with a 4-2 victory over North Texas.

LSU held fourth place in team medal at 914 and was followed by Florida with 918.

Seven teams not in contention for any of the tournament's six championships were eliminated from the final round.

Labron Harris Jr. and Jim Wright of Oklahoma State retained their one-stroke lead in low two ball with a 68-66-71—205. Blancas and Richard Crawford of Houston had a 69-70-67—206.

Houston too kover the four ball lead with a 195 for a one-stroke edge over LSU and a two-stroke lead over Texas A&M and North Texas.

In first flight team match play, New Mexico defeated SMU, 4-2, and Texas Tech defeated Oklahoma, 5-1.

Sterling Moss Sets New Mark

SEBRING, Fla. (AP)—Sterling Moss of England was credited Friday with setting a new lap record during the 12-hour endurance race at Sebring.

Officials refleased final results of the race and gave Moss a record 97.4 miles per hour for the 24th lap of the endurance grind.

Unofficial results issued shortly after the race had Phil Hill of Santa Monica, Calif., with the fastest lap.

Moss turned the twisting, 5.2 mile course in 3:13.2. The old record was 3:17.06 for 94.996 m.p.h. set last year by Moss.

Paret Risks Welter Title In 15-Rounder

Champ Rates 7-5 Favorite Over Griffith

MIAMI BEACH, Fla. (AP) — Benny Kid Paret puts his world weltereight title on the line against Emile Griffith in a 15-round battle in Convention Hall Saturday night, with endurance expected to be a decisive factor.

The champion is rated a 7-5 favorite, with the chance it might come down to 6-5 or even money before the opening bell. Promoter Chris Dundee expects a crowd of 5,000 but has revised downward his prediction of the gate to $25,000. He had expected a $30,000 gate.

The bout will be televised nationally over the ABC network starting at 10 p.m. (EST). The fighters will weigh in at 11 a.m., Saturday, and neither anticipated difficulty in making the 147-pound limit.

Any edge Paret is conceded is based on his greater experience, his ability to absorb punishment like a sponge and still keep coming, and the fact he twice has gone the 15-round route while his New York opponent never has gone beyond 10.

Griffith is recognized as the superior boxer, but whether he has the punch to put away the durable Cuban is problematical. The challenger, a superbly built athlete wtih broad shoulders, narrow waist and race-horse legs, has won only seven of his 24 fights by knockout, but his co-manager, Gil Clancy, says that record is misleading.

"Those men he has been fighting," Clancy points out, "they can take it. Who else has been knocking them out?"

Paret's knockout record is even less impressive. He has stopped only 10 of his 45 opponents, and those chiefly by his constant attack which finally wears them down to a nubbin.

MIAMI BEACH, Fla. (AP)—Tale of the tape for Benny (Kid) Paret and Emile Griffith for their welterweight title fight Saturday night at Miami Beach Convention Hall.

x-Official weight to be determined at weigh-in

Neither man has been knocked out. Paret has lost eight decisions, the most recent to Gaspar Ortega last Feb. 25, Griffith has lost twice — to Randy Sandy in 1959 and to Denny Moyer in Portland, Ore., last year in the only bout Griffith has had out of New York. He won his title shot by taking a close decision over the previously unbeaten Luis Rodriguez.

Rodriguez defeated Paret in Havana in 1958, but he declines to pick a winner of Saturday's affair, predicting only a close, bitterly fought battle.

Both fighters wound up their training Wednesday, and each is predicting victory, but not necessarily by a knockout. They seem to know their limitations.

Delta Baseball League Meeting Set For Today

An organizational meeting of the Delta Baseball league will be held today at 1:30 p.m. in the P&G cafe.

All persons interested are urged to attend.

Choudrant Sets Cage Tourney

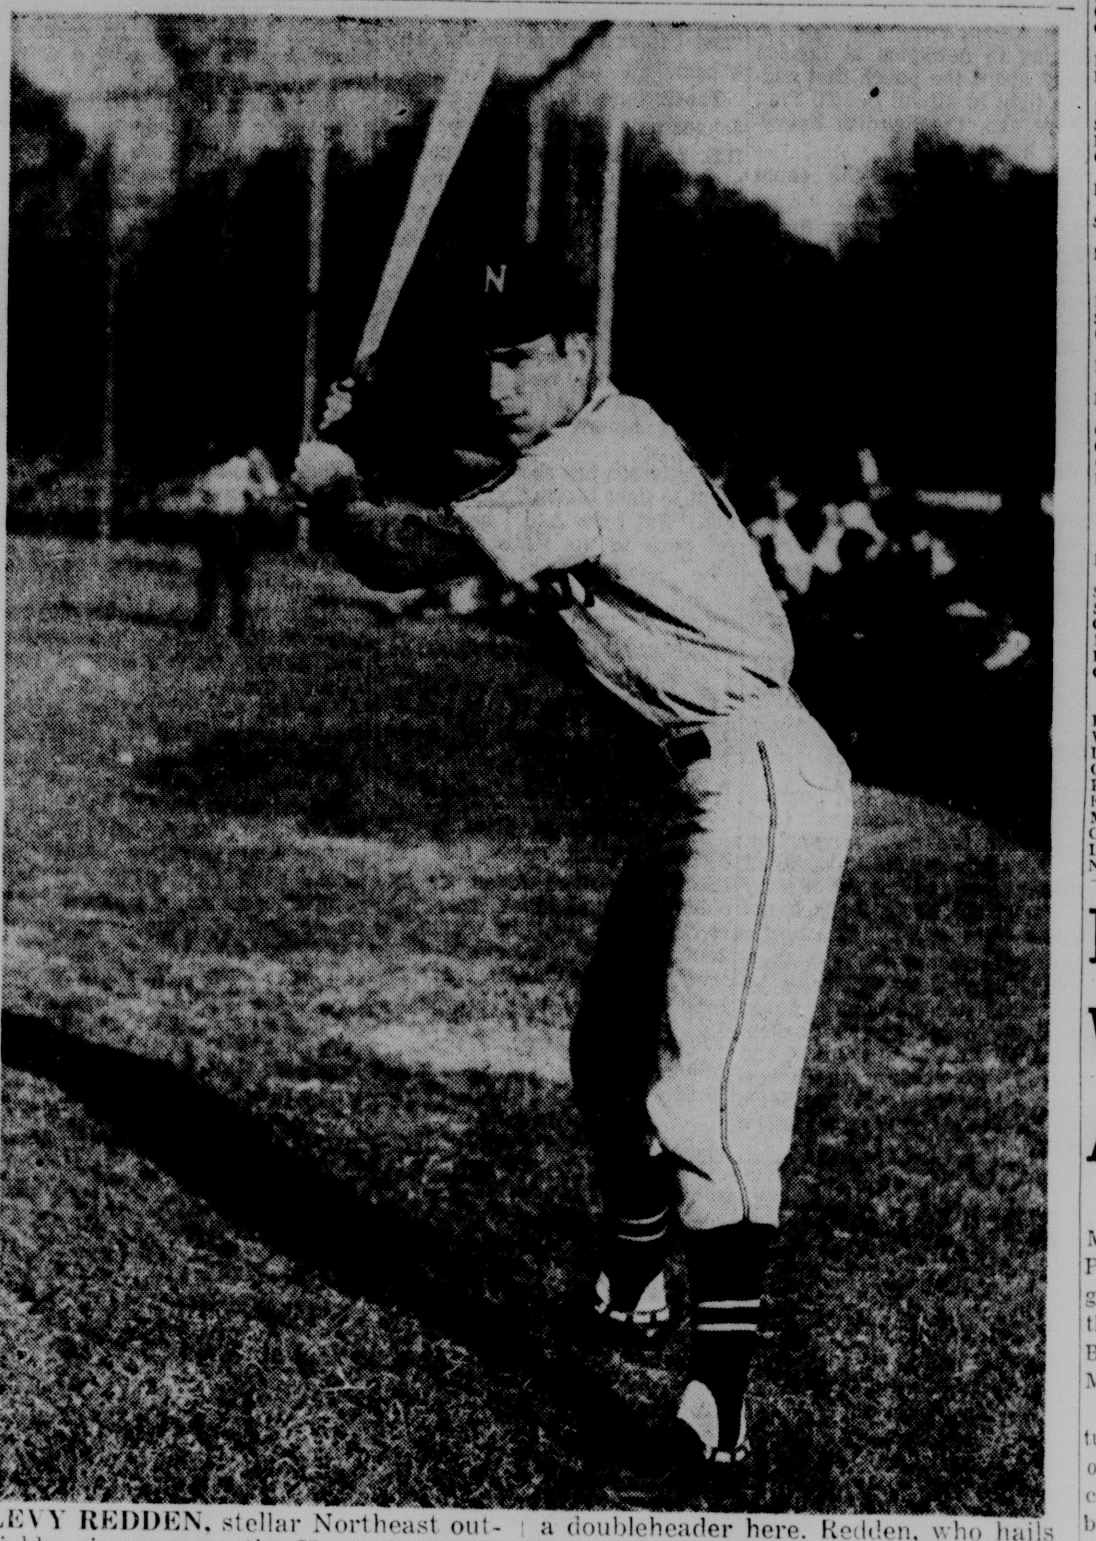
CHOUDRANT, La. (Special) — The Choudrant Independent Basketball Tournament is set to start Monday night, April 3, with three games. The Monroe Independents tangle with McMoy Water Wells in the first game at 6:00 p.m. Staples Clerks at 7:15.

The final game will be between the Monroe Hawks and Piggle Wiggly of Ruston at 8:30 p.m.

Twins' Hitters Get Work Outs

ORLANDO, Fla. (AP) — Jim Lemon, Harmon Killebrew, Bob Allison and Earl Battey — the foursome expected to provide the Minnesota twins' batting power this season—turned out for hitting practice Friday but the rest of manager Cookie Lavagetto's squad rested.

Pitching coach Eddie Lopat said Pedro Ramos and Jim Kaat will hurl against the New York Yankees in Saturday's exhibition game at St. Petersburg. Lopat said Ramos will go the first seven innings if the Yankees will let him.



LEVY REDDEN, stellar Northeast outfielder, is one man the Haymakers will have to watch closely this afternoon when Phillips U meets the Indians for a doubleheader here. Redden, who hails from Farmerville, not only covers a lot of ground but can hit the long ball as well.

FIRST GAME AT 1 P.M.

Indians Play Phillips U. In Twin-Bill Here Today

Northeast will salvage what they can out of the rain-canceled Easter Tourney this afternoon by meeting Phillips U in a twin-bill at the college diamond, weather permitting.

Phillips, last year's Oklahoma Intercollegiate conference winner, is the only club remaining of the five - team contingent that assembled here for the annual baseball extravaganza before prolonged rain inundated local fields and sent them home. The Haymakers, in Louisiana for a baseball tour, decided to stay around in hopes the skys would clear.

Game time for the first frey is 1 p.m. with the second to follow shortly.

Northeast baseball coach George Luffey reports extensive work has been done on the Northeast field and that it should be in good shape unless the rains resume.

The Haymakers have won four games this season without a loss using the same manpower that compiled a 19-6 skein the previous year. So far Phillips has downed the U. of Wichita in two games and Panhandle A&M twice.

Northeast lost to LSU there in its only engagement.

Starting the first game for coach Joe Record's Haymakers will be pitcher Charles Buller. Lynn Meech gets the nod in the second.

Record listed his starting lineup as follows: Jerry Ponce catching, Brad Warner at first, Gary Bloom on second, Jim Maples at short and Tom Heydman holding down third. In the outfield it'll be Mac Plummer in left, Max Dessenbaugh in center and Jerry Jeffrey in right.

For the Indians the top of the batting order has second baseman Eddie McGown, center fielder, Levy Redden and shortstop Phil Petras coming up one, two, three.

They will be followed by firstsacker George Bryan, leftfielder Johnny Pace, rightfielder James Spurlock, the catcher, Bo-Dick Smith; thirdbaseman Jerry Fields and the starting hurler Jerry Godwin.

Luffey announced he plans to use as many of his eight slingers in today's two games as possible.

Other pitchers likely to see action are Bobby Lockwood, Bob Lockwood, Bob Rachal, L. M. Welch, Bobby Caldwell, Stan Gardner, David Ainsworth and Teddy Payne.

Next action for the tribe will be here Wednesday when they open Gulf States competition in a doubleheader with Southwestern starting at 1:30 p.m.

Following on Saturday they host last year's conference kings, Louisiana Tech in a twinbill with the first game starting at 1:30 p.m.

The Haymakers wind-up their jaunt through the Pelican State Monday and Tuesday nights by invading Nicholls College at Thibodaux.

Late Model Stock Car Races Open At Fairgrounds

SHREVEPORT, La. (Special)—The late model stock car division of the International Motor Contest Association (IMCA) opens the 1961 season with the Pelican 200 lap late model stock car race set for Shreveport's Louisiana State Fairgrounds on Sunday afternoon, April 16.

Early entry lists indicate that a booming field will be in to shoot for the more than $4000 cash purse. Points won in the Shreveport race will count toward the 1961 national new car racing championship. Several early entries are for 1961 model cars with the nation's leading professional drivers moving in for the Shreveport race.

With skyrocketing horsepower ratings evident in the new model cars, racing officials are stressing the safety factor in racing as well as on public roads. At Shreveport, between warm-ups and race time at 2:00 p.m. professional racing drivers will put on a short exhibition of safety with high powered automobiles.

The field for the Pelican 200 late model stock car race will include the big money winners of ARK-LA-TEX area late model stock car races in recent years.

Race time is set for 2:00 p.m. on Sunday afternoon, April 16.

Dallas Star Wins Senior Amateur Title

ST. AUGUSTINE, Fla. (AP)—Mallie Reynolds of Dallas won the Ponce de Leon senior amateur golf tournament Friday, taking three of the last four holes to beat Bruce Coffin of Marblehead, Mass., 1-up.

Reynolds, 56-year-old manufacturers representative, shot par 71 over the 6,545-yard Ponce de Leon course in a tight match that saw both finalists par most of the holes.

The 61-year-old Coffin, a TV-radio executive, took the lead on the second hole with a birdie, when he put his second shot close to the pin and sank a seven-foot putt.

It was the only hole that wasn't halved on the front nine.

Coffin went 2-up at the 11th, where Reynolds pushed a shot to the left of the green and Coffin won with a par.

Reynolds birdied the 12th, sinking an eight-foot putt, but Coffin went 2-up again when he won the 13th with a par 3 as Reynolds missed a short putt.

Then Reynolds started to bear down. He sank a long putt for a birdie on the 14th and evened the match on the 16th, a short par 3, when Coffin hit a bad tee shot and took a bogey.

The winning margin came on the 17th. Coffin was short of the green with his second shot and took a bogey 5. Reynolds took a regulation 4.

They halved the final hole in par.

This was the first victory in a national seniors tourney for Reynolds, who is just a year over the minimum age for competition in senior events.

But he has been an outstanding amateur for many years, both in Florida when he lived at Jacksonville and in Texas since moving to Dallas.

INDIANS—TACOMA

CAS GRANDE, Ariz. (AP)—The Cleveland Indians eked out a 4-3 victory over the Tacoma Giants of the Pacific Coast League Friday on a two-run double by Tito Francona in the seventh inning.

The Indians, outhit 7-5, scored two runs in the fifth frame with the aid of a pair of Tacoma errors. Dick Phillips was the hitting star for Tacoma, rapping a home run, a double and a single off Cleveland's Barry Latman, who hurled the first six innings. Steve Hamilton pitched three hitless innings for the Tribe.

BUCS AGAIN

ST. PETERSBURG, Fla. (AP)—Pittsburgh continued its dominance of the New York Yankees with a 4-2 conquest Friday. The Pirates triumphed last Tuesday and also beat the Yankees in the 1960 World Series.

Mickey Mantle suffered a pulled stomach muscle and didn't play for the Yanks, who were held to five singles by Harvey Haddix and rookie right-hander Earl Francis. Haddix, winning pitcher in the seventh game of the World Series, gave up three hits and an unearned run in six innings.

Ralph Terry, who lost the final Series game in Pittsburgh, was touched for four runs in the fifth frame after hurling four perfect innings.

The Pirates combined a walk, four singles and a double by Haddix for all their runs.

Ryne Duren of New York who was fined $200 for breaking training recently, hurled three scoreless relief innings. He was touched for four of the 10 Pirate hits but struck out three batters.

INDIANAPOLIS—REDS

TAMPA, Fla. (AP) — Gordie Coleman slammed a three-run homer in the eighth inning Friday leading Cincinnati's Reds in a 3-0 exhibition shutout of their Indianapolis farm team.

Bob Purkey gave up nine singles to the Indians and became the first Redleg pitcher this spring to go nine innings.

Purkey gave up one walk and allowed only three runners to reach third.

Up to the eighth inning, Tom Qualters, Jim Duckworth and Don Rudolph had matched Purkey's pitching success, holding the Reds scoreless.

Rudolph had two Reds out when Coleman banged his decisive homer, his third hit of the

MIAMI, Fla. (AP)—Baltimore struck the long ball Friday night on solo homers by Ron Hansen and Jim Gentile but Detroit took the Orioles' measure 6-3 Friday night on an 11-hit attack that featured a double and single apiece by Al Kaline and pitcher Jim Bunning.

In addition to driving in one Tiger run, the 29-year-old Bunning became the first Detroit hurler to go the nine-inning distance this spring. He curbed the Birds on a six-hitter.

Pitching Of Cubs Biggest Problem

By JACK TVENSON

MESA, Arizona. (AP)—How about the pitching? They talk about their nine-coach plan, the emphasis on youth, spirit and Ernie Banks, still it's pitching that decides whether the Chicago Cubs pull themselves up.

Moe Drabowsky and Dick Drott posted fine seasons in 1957 but haven't done it since. There's always the hope — this could be the year.

Glen Hobbie led the starters with a 16-20 record in 1960 as Chicago finished seventh in the National League. Capable Don Elston has few peers in the relief hurling category.

Right-hander Don Cardwell pitched a no-hitter in his debut with the Cubs last season but finished with an 8-14 record. Bob Anderson's nine victories were second highest among the Cubs last season but the big guy has run into base hit barrages this spring.

Left-handed Jim Brewer, who ran into a fist during a melee with Cincinnati last August, has recovered and should help along with Seth Morehead and Joe Schaffernoth.

Lefty Dick Ellsworth, the 21-year-old who notched his first big league victory last May, could be ready for full time use.

Catching could be a strong point with Dick Bertell from Houston challenging Sam Taylor and Moe Thacker for the job. Another outstanding prospect — Cuno Barragan — broke a leg during a recent exhibition game. He is out for the season.

First baseman Ed Bouchee dropped 30 pounds during the winter and at 201 should do a better job. Don Zimmer goes at second base with Ron Santo, the rookie star of 1960, at third.

Coach Rip Collins declares Santo reminds him of the great Pie Traynor, which should be recommendation enough.

Ronnie hit nine homers and drove in 44 runs after coming up from Houston in mid-1960.

Shortstop and say no more — Ernie Banks. The most valuable player in the league both in 1958 and 1959 slipped to a .271 average last year but still belted 41 homers to run his career total to 231, more than any other shortstop in major league history.

"We're hoping to make all Cubs fans proud of us this year," Ernie declares. "And we've got that spirit that means so much to a ball club."

Three young outfield rookies have shone during the spring drills — Danny Murphy, Nellie Mathews and Billy Williams.

Chicago fans will see lots of them in the future, but for the start of 1961 it seems only Williams may have a starting job. He could handle right field with Al Heist in center and Richie Ashburn in left. Yet after more seasoning, the youngsters seem destined to take over.

Owner Philip Wrigley's plan of no manager has gone into effect. Eight coaches ran the spring drills with a ninth added last week. Before the season starts one will be named head coach, but not manager. El Tappe and Harry Craft seem the most likely prospects.

But under the college of coaches plan, the head job will rotate depending on the success of the team. No sense really in one fellow getting all the ulcers.

Another Palmer Leads Miami U To Golf Title

MIAMI, Fla. (AP) — Chuck Palmer of Lamar (Tex.) Tech shot the University of Miami invitation golf tournament's first sub-par round Friday but had to share first place with Dick Harrell of Florida Southern College.

Palmer chopped a stroke off par 71 in his third round on the Biltmore Golf Club course. Harrell got a 74 but both had 54-hole totals of 221.

Fred Leffingwell of the host school got a 72 that put him a stroke behind. Joe Hamby of Florida Southern and James Parks of Jacksonville University followed at 223.

Lamar's team zoomed from fifth place to a first place tie with

Lakers Get Final Test At St. Louis

ST. LOUIS (AP)—There'll be no fooling at Kiel Auditorium Saturday on April Fool's Day.

The Los Angeles Lakers and the St. Louis Hawks, all tied up at three games apiece, meet in a nationally televised game to decide the National Basketball Association's Western Division champion.

The winner then will board a plane for Boston for pro basketball's "World Series" against the well-rested Celtics the following afternoon.

The Hawks' chief worry, of course, 6-foot-5, 225-pound Elgin Baylor, the No. 1 Laker in more ways than one. Elgin has scored 221 points, an average of 36.8, and has come down with 97 rebounds, an average of 16. Baylor tops both clubs with 38 assists.

He's been a one-man gang, as the Hawks are quick to attest.

"Elg is one of the strongest men I've ever played against," said Si Green of St. Louis. "It is a big advantage in his shooting as well as his rebounding.

"When Baylor is crowded, he has the ability to shove you away with his right elbow as he goes into the air to make his shot. Chances are, he'll sink the basket and make you draw the foul."

On the other side of the ledger—the side of the Lakers look at—is Bob Pettit, the Hawks' frontliner wonder. Bob, an all-round player of the Baylor mould, leads St. Louis in points and rebounds, too. He has scored 221 points, an average of 28.3, and picked off 112 rebounds—tops for the two teams.

Another Hawk hero has been Woody Sauldsberry, who is filling in for the injured Cloyd Lovellette. Woody has average 15.3 points and fired .434 from the floor, well above his season average of 7.6 and .296.

Norris Gets Nod In Checkup By Florida Group

MIAMI, Fla. (AP)—The Florida State Racing Commission Friday gave James D. Norris, former president of the International Boxing Club, a clean bill of health to race his thoroughbreds in this state.

The commission issued a statement saying it had conducted an investigation of Norris, owner of Spring Hill Stable and resident of suburn Coral Gables and "unanimously finds and determines that no action to revoke the owner's license...is warranted by the evidence."

The commission said that Norris' request, it questioned him "in executive session due to his health; that it also reviewed transcript of the Kefauver Antimonopoly Committee hearing, many news articles, and all available information from other cources, including the report of the investigation made by the Attorney General of the State of Florida at the request of the commission.

"No complaint has ever been filed against Mr. Norris at any track or before any racing regulatory body as far as the commission has been able to learn."

The investigation stemmed from hearings before the Kefauver Committee where Norris admitted associating with known criminals while head of the IB, which has since been dissolved.

Norris Cracks 15-Mile Time For McNeese

HAMILTON, Ont. (AP)—Fred Norris, running for McNeese State College, Lake Charles, La., Friday won the 12th annual Firestone War Veterans 15-mile road race in record-breaking time.

The 39-year-old Englishman was timed at 1:20.14.

The former mark of 1:21.05 was set by Gord Dickson of Hamilton Olympic Club in 1958. Dickson, suffering from a torn achilles tendon, was a spectator at this race.

Norris finished 100 yards in front of Gar Williams, University of Chicago.

Williams' time of 1:20.28 was also below the former record. Bob Buchanan of McMaster University, running for Hamilton Olympic Club, finished third in 1:22.50 just 22 seconds behind Williams. George Foulds of Pittsburgh was fourth in 1:23.04.

'WRONG COUNT'

Ingo Back Home, Claims Bad Deal

LONDON (AP) — Ingemar Johansson returned to Europe Friday claiming he was wrongly counted out in his world title fight against Floyd Patterson.

Talking to newsmen at London Airport about the punch that ended the fight at Miami Beach, Fla., 18 days ago, the Swedish heavyweight boxer said:

"I was up before the count reached 10.

"I got to my knees at three, and you could see I was in good shape the whole time. The referee should have stopped the count when I took my knee and gloves off the floor."

Johansson had not disputed the decision of referee Billy Regan previously, saying he thought he was up in time and was sorry to find he wasn't.

Johansson added: "The last punch was definitely a rabbit punch, but I am not worrying about that."

Johansson flew from New York en route home. His fiancee, Birgit Lundgren, was with him.

Johansson said he thought he would do better in his battle with the U.S. tax authorities than he had in his fight against Patterson.

"They think I owe them more than a million dollars," he said. "But I think I am not owing them a cent."

The income tax dispute delayed Johansson's return to Europe. The U.S. tax authorities would not let him travel before. Eventually he was given permission to leave on condition he returned if called upon.

"I think the problem will be settled soon," Johansson said.

He said he is now taking a four or five months rest from fights and then he would like to take on the big American Negro, Sonny Liston.

"Patterson has shown he doesn't want to fight Liston," said Johansson. "But I do. And I hope I can get back to the states and fight him."

Postpone Hearing

NEW YORK (AP) — A hearing on the bribery charges filed against the two men arrested in the current college basketball scandals was postponed Friday by Magistrate Louis Wallach until next Tuesday.

On the same day the New York County Grand Jury will begin investigating the scandals. Aaron Wagman, 28, and Joseph Hacken, 41, have been arrested and charged with bribing one University of Connecticut and two Seton Hall University layers to juggle points.

Azalea Open Golf Tourney Jinxed Again

By KEN ALYTA

WILMINGTON, N.C. (AP)—The jinxed 13th annual Azalea Open golf tournament suffered another reversal Friday when its opening round was washed out by a driving, wind-swept rain.

Tournament officials halted play temporarly for 45 minutes shortly before noon in the hope that conditions would improve, but finally had to call off the round.

The revised schedule for the 54-hole $12,000 tourney called for the first round Saturday and the 36-hole windup Easter Sunday.

The field of 87 will start from the first and 10th tees Sunday to get in the double round. Play may start at 7 a.m. (EST) with the final round getting underway at 11:30 a.m.

The 6,500-yard Cape Fear Country Club course was drenched by heavy rain that began before daybreak with hardly a let-up until mid-afternoon. Several greens were under water.

About two-thirds of the players were on the course when activity was halted. Only a handful had sloshed around to the bank nine. All scores were tossed out and a fresh start ordered for Saturday.

The tournament at this port city of 44,000 population, one of the smallest stops on the PGA tour, has drawn few of the top-notch tournament regulars. Most of them have eleeged to rest and prepare for the Masters tournament opening next Thursday at Augusta, Ga., rather than shoot for top money of $1,200 here.

Third place in a dozen major events already held on the tour this year paid more than the winner here will receive.

Tom Nieporte, Bronxillve, N.Y., professional, is defending the title he won with a 277 score, 11-under-par, for the 72-hole distance last spring.

Top challengers are Jerry Barber of Los Angeles, 1953 winner here; Dow Finsterwald of Jupiter, Fla., an Dave Ragan of Orlando, Fla.

No Gonzalez?

CLEARWATER, Fla. (AP) — Manager Gene Mauch of the Philadelphia Phillies says he might not be able to use Tony Gonzalez in center field full time as he had been planning to do.

"Tony hasn't been hitting Mauch said Friday. "I may have to platoon him out there with Bobby DelGreco, Bobby Gene Smith and Kenny Walters. Tony hit almost .300 (.299) for us last year on a platoon basis."

Norris Cracks 15-Mile Time For McNeese

HAMILTON, Ont. (AP)—Fred Norris, running for McNeese State College, Lake Charles, La., Friday won the 12th annual Firestone War Veterans 15-mile road race in record-breaking time.

The 39-year-old Englishman was timed at 1:20.14.

The former mark of 1:21.05 was set by Gord Dickson of Hamilton Olympic Club in 1958. Dickson, suffering from a torn achilles tendon, was a spectator at this race.

Norris finished 100 yards in front of Gar Williams, University of Chicago.

Williams' time of 1:20.28 was also below the former record. Bob Buchanan of McMaster University, running for Hamilton Olympic Club, finished third in 1:22.50 just 22 seconds behind Williams. George Foulds of Pittsburgh was fourth in 1:23.04.

'WRONG COUNT'

Ingo Back Home, Claims Bad Deal

LONDON (AP) — Ingemar Johansson returned to Europe Friday claiming he was wrongly counted out in his world title fight against Floyd Patterson.

Talking to newsmen at London Airport about the punch that ended the fight at Miami Beach, Fla., 18 days ago, the Swedish heavyweight boxer said:

"I was up before the count reached 10.

"I got to my knees at three, and you could see I was in good shape the whole time. The referee should have stopped the count when I took my knee and gloves off the floor."

Johansson had not disputed the decision of referee Billy Regan previously, saying he thought he was up in time and was sorry to find he wasn't.

Johansson added: "The last punch was definitely a rabbit punch, but I am not worrying about that."

Johansson flew from New York en route home. His fiancee, Birgit Lundgren, was with him.

Johansson said he thought he would do better in his battle with the U.S. tax authorities than he had in his fight against Patterson.

"They think I owe them more than a million dollars," he said. "But I think I am not owing them a cent."

The income tax dispute delayed Johansson's return to Europe. The U.S. tax authorities would not let him travel before. Eventually he was given permission to leave on condition he returned if called upon.

"I think the problem will be settled soon," Johansson said.

He said he is now taking a four or five months rest from fights and then he would like to take on the big American Negro, Sonny Liston.

"Patterson has shown he doesn't want to fight Liston," said Johansson. "But I do. And I hope I can get back to the states and fight him."

Postpone Hearing

NEW YORK (AP) — A hearing on the bribery charges filed against the two men arrested in the current college basketball scandals was postponed Friday by Magistrate Louis Wallach until next Tuesday.

On the same day the New York County Grand Jury will begin investigating the scandals. Aaron Wagman, 28, and Joseph Hacken, 41, have been arrested and charged with bribing one University of Connecticut and two Seton Hall University layers to juggle points.

Azalea Open Golf Tourney Jinxed Again

By KEN ALYTA

WILMINGTON, N.C. (AP)—The jinxed 13th annual Azalea Open golf tournament suffered another reversal Friday when its opening round was washed out by a driving, wind-swept rain.

Tournament officials halted play temporarly for 45 minutes shortly before noon in the hope that conditions would improve, but finally had to call off the round.

The revised schedule for the 54-hole $12,000 tourney called for the first round Saturday and the 36-hole windup Easter Sunday.

The field of 87 will start from the first and 10th tees Sunday to get in the double round. Play may start at 7 a.m. (EST) with the final round getting underway at 11:30 a.m.

The 6,500-yard Cape Fear Country Club course was drenched by heavy rain that began before daybreak with hardly a let-up until mid-afternoon. Several greens were under water.

About two-thirds of the players were on the course when activity was halted. Only a handful had sloshed around to the bank nine. All scores were tossed out and a fresh start ordered for Saturday.

The tournament at this port city of 44,000 population, one of the smallest stops on the PGA tour, has drawn few of the top-notch tournament regulars. Most of them have elecged to rest and prepare for the Masters tournament opening next Thursday at Augusta, Ga., rather than shoot for top money of $1,200 here.

Third place in a dozen major events already held on the tour this year paid more than the winner here will receive.

Tom Nieporte, Bronxillve, N.Y., professional, is defending the title he won with a 277 score, 11-under-par, for the 72-hole distance last spring.

Top challengers are Jerry Barber of Los Angeles, 1953 winner here; Dow Finsterwald of Jupiter, Fla., an Dave Ragan of Orlando, Fla.

No Gonzalez?

CLEARWATER, Fla. (AP) — Manager Gene Mauch of the Philadelphia Phillies says he might not be able to use Tony Gonzalez in center field full time as he had been planning to do.

"Tony hasn't been hitting Mauch said Friday. "I may have to platoon him out there with Bobby DelGreco, Bobby Gene Smith and Kenny Walters. Tony hit almost .300 (.299) for us last year on a platoon basis."

Court's Minute Clerk Retiring

By MARY ANNE CORPIN
World Staff Writer

"I reported the Ku Klux hearing at Bastrop in 1922, after 'Wat' Daniels got killed. They took testimony but they never did anything," said W. F. (Bill) Thurmon, Ouachita court reporter and minute clerk for 42 years.

Thurmon, 71, retired from his ost as minute clerk of Fourth istrict Court Friday.

"I'll keep on putting out the gal news," he forecast.

He recalled that Governor Park- called for a court investigation ter 'Wat' Daniels diappeared.

"Daniels was at a ball game in astrop. When he left, the Ku lux is supposed to have stopped m and took him. Next time anyie saw him, he was in the lake.

"People in Morehouse Parish y he's still alive . . . but it was m in the lake," said Thurmon.

"They hung 'em," he remarked, lking about defendents in two or ree murder cases he reported back in the '20's.

"One fellow killed an old man ho owned a grocery store at vartz," Thurmon began. "That as Adolph Epstein, he was kill- l about 1920," mentioned John Humble, president of Ouachita ostract Co. Inc., who joined the scussion.

"He killed him with a meat eaver, then got his money — it he only got 'peanuts'," Thuron said.

Two others accompanied Epein's killer. One was convicted id "got about 10 years in prin. Another one was about 16 or years old. He turned state's idence," and was set free. The e charged with killing Epstein as hung.

"When they hung him, he was orn down to a little fellow — d he was a big, husky man ien the whole thing started," mer court reporter mentioned.

Thurmon likes to hunt — and metimes opening day and court y conflicted.

"I saved opening days," he ighs.

"I'd put a couple of old bad ses on the docket for opening y of the season. Then the day forehand, I'd say, "Judge, ose cases set for tomorrow have en continued." Nobody ever ew about that," Thurmon uckled.

District Attorney Albin P. Laser has said many a time that courthouse would fall down if urmon ever quit.

"He's been a main pillar here. He was taking the court proceedings in shorthand when I started practicing law in 1932, says Judge Jesse Heard.

The judge kidded Thurmon about his method of taking testimony in pauper cases — the court reporter wasn't paid for doing these cases.

"He'd get an old typeweiter and hit one key at a time, typing with two fingers . . . he told me to slow down a hundred times," grinned the judge.

"I thought for sure the lawyers wouldn't stand for that and that they'd cut down on filing those pauper suits," admitted Thurmon. "They passed a law that the police jury pay for testimony in pauper cases . . . did that after I stopped reporting."

"Bill was acting clerk of court from the time Pat Hamilton died in August of 1936 until R. Dean Farr was elected in 1937," said present Clerk B. S. McRaney.

Thurmon grew up in Ruston where his father was the dentist, Dr. J. M. Thurmon. He graduated from Louisiana Tech in 1910, then went to Oklahoma and was court reporter at Venita for six years.

"That was the time when bandit bunches were operating out there. Deputies stood at the courtroom doors to see you didn't have a gun when you went in to the trial."

In World War I, Thurmon was a first lieutenant with the 121st field artillary of the 32nd division, later was transferred to the 20th division. He saw service throughout France.

First one to be in an office in the present courthouse, Thurmon has seen the clerk's force grow from five to 20 employees.

"I hate to see him go. He's a good man to work with," said Chief Deputy Clerk Carter Cozine.

"You just can't replace a man like that. I've been here 13 years and every once in a while things pop up that I ave to ask him about," said court reporter Billy Downey.

Clerk of Court McRaney: "His long years of experience, his advice and council have been invaluable."

"By golly, I'm too old to do anything," said Thurmon, squashing any idea that he might be planning anything special during his retirement.

"I hunted and fished all my life. I killed my quota and quit. I'll still be here every day to get out that legal news . . . but I won't be able to tell you about any murder trials," he quipped.

Conservatives Slate Chicago Forum In April

NEW ORLEANS (Special) — "It's time for Conservatives to fight back," stated Kent Courtney of New Orleans, publisher of The Independent American, in announcing that the newspaper is sponsoring a three-day "Convention of Conservatives" at the Morrison Hotel in Chicago, April 13, 14 and 15.

Courtney then went on to state that "Because the liberals have now taken over the formulating of party policy in both the Democratic and the Republican parties, effective conservative opposition to liberal legislation has been stifled."

The purpose of the three - day "Convention of Conservatives" in Chicago is to provide a forum for discussion of the conservative side of national issues. Appearing under the auspices of The Independent American Forum during the first two days of the convention, and including a 9:30 a.m. session Saturday morning, will be:

Congressman Edgar W. Hiestand of California, who supports the resolution introduced by Congressman James B. Utt to get the government out of competition with private enterprise so that the federal income tax can be repealed.

Congressman August E. Johansen of Michigan, member of the House Committee on Un-American Activities.

U.S. Helicopters To Begin Action

VIENTIANE, Laos (AP) — Sixteen new helicopters flown by American pilots will go into action in Laos soon without waiting for the Soviet answer to cease-fire proposals, an informed source said Friday.

The helicopters arrived this week at a temporary U.S. Marine base set up at Udorn, Thailand, 35 miles south of Vientiane.

There had been speculation the helicopters would be kept out of the Laotian civil war to await the Soviet Union's reply to British proposals for a cease-fire.

U.S. Pacific commander Adm. Harry Felt met Laotian army commander Gen. Phoumi Nosavan Wednesday at Udorn, the source said, adding that it had been decided then to fly the helicopters to Laos.

Four helicopters flown by Americans have been in action for months, transporting troops to the front lines, returning with wounded, and supplying outposts. They have been in the thick of the fighting — and have bullet holes to prove it.

The pilots are civilians under the control of the U.S. Program Evaluation Office, a unit of U.S. military men dressed in civilian clothes who train government soldiers in the use of American weapons.

No heavy fighting was reported in Laos Friday and, as one observer said, the tiny jungle kingdom spent the day doing what the rest of the world is doing — waiting for the next Communist move.

Aid Dispatched By Coast Guard To Shrimp Boat

NEW ORLEANS (AP) — The Coast Guard said Friday it has dispatched assistance to a 68 - foot shrimp trawler which reported it is taking on water in the Gulf of Mexico, 300 miles south of New Orleans.

The Coast Guard identified the vessel as the Mildred Key and said it had two persons aboard.

The shrimper reported it had about three feet of water in its engine room and that seas were running about 15 feet in 25 to 30 knot winds.

An amphibian plane from Biloxi was en route to drop a pump to the stricken vessel, the Coast Guard said and two cutters, already in the Gulf, were dispatched to aid. The Miami Coast Guard district also has been asked to help.

The New Orleans office said it had no further information on the boat's home port or the identity of the two aboard.

The helicopters arrived this week at a temporary U.S. Marine base set up at Udorn, Thailand, 35 miles south of Vientiane.

There had been speculation the helicopters would be kept out of the Laotian civil war to await the Soviet Union's reply to British proposals for a cease-fire.

U.S. Pacific commander Adm. Harry Felt met Laotian army commander Gen. Phoumi Nosavan Wednesday at Udorn, the source said, adding that it had been decided then to fly the helicopters to Laos.

Four helicopters flown by Americans have been in action for months, transporting troops to the front lines, returning with wounded, and supplying outposts. They have been in the thick of the fighting — and have bullet holes to prove it.

The pilots are civilians under the control of the U.S. Program Evaluation Office, a unit of U.S. military men dressed in civilian clothes who train government soldiers in the use of American weapons.

No heavy fighting was reported in Laos Friday and, as one observer said, the tiny jungle kingdom spent the day doing what the rest of the world is doing — waiting for the next Communist move.

Aid Dispatched By Coast Guard To Shrimp Boat

NEW ORLEANS (AP) — The Coast Guard said Friday it has dispatched assistance to a 68-foot shrimp trawler which reported it is taking on water in the Gulf of Mexico, 300 miles south of New Orleans.

The Coast Guard identified the vessel as the Mildred Key and said it had two persons aboard.

The shrimper reported it had about three feet of water in its engine room and that seas were running about 15 feet in 25 to 30 knot winds.

An amphibian plane from Biloxi was en route to drop a pump to the stricken vessel, the Coast Guard said and two cutters, already in the Gulf, were dispatched to aid. The Miami Coast Guard district also has been asked to help.

The New Orleans office said it had no further information on the boat's home port or the identity of the two aboard.

The Almanac

By United Press International

Today is Saturday, April 1, the 91st day of the year with 274 more in 1961.

The moon is approaching its last quarter.

The morning stars are Jupiter and Saturn.

The evening stars are Venus and Mars.

On this day in history:

In 1815, Prince Otto Von Bismarck, German statesman and founder of the German empire, was born.

In 1853 Cincinnati, Ohio, inaugurated a precedent and decided its fire department personnel would be paid a regular salary. Ordinary firemen received $60 a year.

In 1918, the Royal Air Force was founded in Great Britain.

In 1939, Generalissimo Francisco Franco, rebel commander-in-chief, announced that the Spanish Civil War had ended.

In 1960, the census began.

Thought for today: Henry Brooks Adams said: "All experience is an arch to build upon."

GIVES BIRTH TO QUADS

WELLINGTON, New Zealand (UPI) — Mrs. Margaret Mason gave birth to quadruplets, all girls, Friday. The infants ranged in weight from one pound to five pounds and were placed in incubators in Wellington Public Hospital. Mrs. Mason and her husband, Colin have two other children, a girl, 5, and a boy, 3.

Season's Colors Call For Better Make-Up Care

If you plan on wearing fashion's beautiful array of yellows this year, be sure to know the various tones and choose your lipstick in colors that will provide the most striking complement.

According to one beauty authority, this season's yellows, in their new dull - finished fabric, will all look more flattering when worn with the new matte finish no - shine lipsticks. If your costume is a pale yellow, keep the color from looking faded by wearing a no - shine lipstick in any of the apricot, peach, or honey pastel tones. With true yellows, wear lipstick shades in very light red or orange tones, such as strawberry pastel or apricot pastel. For the orange - yellow fabrics, wear lipstick shades of coral or orange - red, like the new peach pastel shade.

By making a careful and critical selection of lipstick shades to be worn with the new fabrics and color tones, your appearance will be enhanced from just a pretty look to one of true glamour.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

When Child Dines Out, He Loses His Appetite

When you take the child away from home for a meal, it seems to be inevitable that his appetite flies out the window.

I remember one of my daughters refused two consecutive bottles all because we were in a strange house. My son always ate all the rolls and drank quantities of water when we dined out but the meat, vegetables and potatoes went back to the kitchen.

My grandson seems to refuse food when he eats at my home, making me feel very helpless since I do not believe in forcing or teasing a child to eat.

It is excitement and change which bring about this antipathy to food. Sometimes it pays good dividends to feed the child before you take him on a visit or to a public eating place. Usually a child will drink milk or fruit juice or eat ice cream, and certainly he won't starve if he misses a meal.

PREPARATION

He needs, also, to be prepared for what he will find when he goes away from home. He will be expected to sit quietly for some of the time. (Break the long intervals by taking him to the toilet or just for a walk for a few minutes.) He must expect to have to wait for his food to be served, it won't be ready when he sits down. This is where the rolls offer such a temptation!

In a private home he should be served first, so that he may not have to wait until he gets fidgety. He should be allowed to leave the table the moment he is through, even though others are still eating.

A more formal atmosphere at the table than he is accustomed to at home, will blunt his appetite. Make the hostess your ally and serve the child's food on a tray in the living room or kitchen or sit beside him and feed him before the rest of the guests sit down.

If he can interrupt the meal by running around for a few moments, he may come back to eat food he has refused previously.

WEIGHS HEAVILY

What weighs heavily on the child are the strange surroundings, the different eating utensils, the different taste of the food, all of which are momentous to the ritual-liking child.

Not to mention the expectations of the parents that he sit quietly, eat heartily and act as if he were having a good time. When he fails in any of these the critical looks or remarks he garners build up a climate which brings out the worst in the child.

Keep in mind that a child dining out isn't going to appreciate the cost, the special food or the novelty of the outing, as an adult does. If you can keep your expectations low and thin as the child thinks, the outing can be a happy one.

When the child throws a temper tantrum, it's enough to make the parent want to, too. But with the right advice on how to handle the child you can be calm. Read Mrs. Eldred's new 25-cent booklet, "Behavior Of Which Parents Disapprove." To obtain it, send 25 cents and a stamped, self-addressed envelope with your request. Address Myrtle Meyer Eldred in care of this newspaper.

Flower Show To Be Held Wednesday

"At Home" will be the theme of Patio Garden Club's annual flower show.

The public is invited to the festive event to be held Wednesday, April 5 in the Louis Locke Room of Ouachita Parish Library, between the hours of 2 and 4 o'clock.

Arrangements for the home and patio will be featured at the show of which Mrs. Jim Williams is general chairman.

Miss Castleman Hostess To Oak Grove DAR

General William Carroll Chapter, Daughters of the American Revolution, held their March meeting at 7:00 p.m. Tuesday in the home of Miss Mary Alice Castleman.

Mrs. Gail K. Gay, regent, with the assistance of Mrs. William Byargeon, chaplain, opened the meeting with the D.A.R. ritual.

Mrs. R. L. May, National Defense chairman, talked on the views of our National Defense program as given in "The National Defender." Miss Castleman and Mrs. May gave an interesting discussion of the 6-week course entitled "Americanism Versus Communism," which is required for all juniors and seniors in Louisiana Schools.

Mrs. W. S. Byargeon, secretary, read communication regarding the need for funds to decorate the Louisiana Room in D.A.R. headquarters in Washington, D. C. This met with unanimous approval and the chapter voted to send the amount asked for by the State Chairman.

The name of Mrs. Jessie Bell Connerly Daniel of Arcadia, formerly of Eudora, Arkansas was presented for membership by Mrs. T. N. Pulley Jr. and also endorsed by Mrs. E. P. Downing.

Mrs. Byargeon and Mrs. May, who recently returned from Baton Rouge, where they attended the Louisiana State Conference of the D.A.R. as delegates from General William Carroll Chapter, gave a resume of "Conference Highlights."

Following the benediction by Mrs. W. Byargeon the hostess, assisted by her mother, Mrs. T. L. Castleman, and Little Miss Susan Bains of Shreveport, served delicious refreshments to Mrs. Robert Bains of Shreveport, Mrs. B. S. McCasland, Mrs. D. W. Kelly, Mrs. W. S. Byargeon, Mrs. Gail Kenneth Gay, Mrs. W. Byargeon, Mrs. Pulley Jr. and Mrs. R. L. May.

Season's Colors Call For Better Make-Up Care

If you plan on wearing fashion's beautiful array of yellows this year, be sure to know the various tones and choose your lipstick in colors that will provide the most striking complement.

According to one beauty authority, this season's yellows, in their new dull - finished fabric, will all look more flattering when worn with the new matte finish no - shine lipsticks. If your costume is a pale yellow, keep the color from looking faded by wearing a no - shine lipstick in any of the apricot, peach, or honey pastel tones. With true yellows, wear lipstick shades in very light red or orange tones, such as strawberry pastel or apricot pastel. For the orange - yellow fabrics, wear lipstick shades of coral or orange - red, like the new peach pastel shade.

By making a careful and critical selection of lipstick shades to be worn with the new fabrics and color tones, your appearance will be enhanced from just a pretty look to one of true glamour.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

When Child Dines Out, He Loses His Appetite

When you take the child away from home for a meal, it seems to be inevitable that his appetite flies out the window.

I remember one of my daughters refused two consecutive bottles all because we were in a strange house. My son always ate all the rolls and drank quantities of water when we dined out but the meat, vegetables and potatoes went back to the kitchen.

My grandson seems to refuse food when he eats at my home, making me feel very helpless since I do not believe in forcing or teasing a child to eat.

It is excitement and change which bring about this antipathy to food. Sometimes it pays good dividends to feed the child before you take him on a visit or to a public eating place. Usually a child will drink milk or fruit juice or eat ice cream, and certainly he won't starve if he misses a meal.

PREPARATION

He needs, also, to be prepared for what he will find when he goes away from home. He will be expected to sit quietly for some of the time. (Break the long intervals by taking him to the toilet or just for a walk for a few minutes.) He must expect to have to wait for his food to be served. it won't be ready when he sits down. This is where the rolls offer such a temptation!

In a private home he should be served first, so that he may not have to wait until he gets fidgety. He should be allowed to leave the table the moment he is through, even though others are still eating.

A more formal atmosphere at the table than he is accustomed to at home, will blunt his appetite. Make the hostess your ally and serve the child's food on a tray in the living room or kitchen or sit beside him and feed him before the rest of the guests sit down.

If he can interrupt the meal by running around for a few moments, he may come back to eat food he has refused previously.

WEIGHS HEAVILY

What weighs heavily on the child are the strange surroundings, the different eating utensils, the different taste of the food, all of which are momentous to the ritual-liking child.

Not to mention the expectations of the parents that he sit quietly, eat heartily and act as if he were having a good time. When he fails in any of these the critical looks or remarks he garners build up a climate which brings out the worst in the child.

Keep in mind that a child dining out isn't going to appreciate the cost, the special food or the novelty of the outing, as an adult does. If you can keep your expectations low and thin as the child thinks, the outing can be a happy one.

When the child throws a temper tantrum, it's enough to make the parent want to, too. But with the right advice on how to handle the child you can be calm. Read Mrs. Eldred's new 25-cent booklet, "Behavior Of Which Parents Disapprove." To obtain it, send 25 cents and a stamped, self-addressed envelope with your request. Address Myrtle Meyer Eldred in care of this newspaper.

Flower Show To Be Held Wednesday

"At Home" will be the theme of Patio Garden Club's annual flower show.

The public is invited to the festive event to be held Wednesday, April 5 in the Louis Locke Room of Ouachita Parish Library, between the hours of 2 and 4 o'clock.

Arrangements for the home and patio will be featured at the show of which Mrs. Jim Williams is general chairman.

Miss Castleman Hostess To Oak Grove DAR

General William Carroll Chapter, Daughters of the American Revolution, held their March meeting at 7:00 p.m. Tuesday in the home of Miss Mary Alice Castleman.

Mrs. Gail K. Gay, regent, with the assistance of Mrs. William Byargeon, chaplain, opened the meeting with the D.A.R. ritual.

Mrs. R. L. May, National Defense chairman, talked on the views of our National Defense program as given in "The National Defender." Miss Castleman and Mrs. May gave an interesting discussion of the 6-week course entitled "Americanism Versus Communism," which is required for all juniors and seniors in Louisiana Schools.

Mrs. W. S. Byargeon, secretary, read communication regarding the need for funds to decorate the Louisiana Room in D.A.R. headquarters in Washington, D. C. This met with unanimous approval and the chapter voted to send the amount asked for by the State Chairman.

The name of Mrs. Jessie Bell Connerly Daniel of Arcadia, formerly of Eudora, Arkansas was presented for membership by Mrs. T. N. Pulley Jr. and also endorsed by Mrs. E. P. Downing.

Mrs. Byargeon and Mrs. May, who recently returned from Baton Rouge, where they attended the Louisiana State Conference of the D.A.R. as delegates from General William Carroll Chapter, gave a resume of "Conference Highlights."

Following the benediction by Mrs. W. Byargeon the hostess, assisted by her mother, Mrs. T. L. Castleman, and Little Miss Susan Bains of Shreveport, served delicious refreshments to Mrs. Robert Bains of Shreveport, Mrs. B. S. McCasland, Mrs. D. W. Kelly, Mrs. W. S. Byargeon, Mrs. Gail Kenneth Gay, Mrs. W. Byargeon, Mrs. Pulley Jr. and Mrs. R. L. May.

YOUR PROBLEMS

Non-Professional Food Inspector Is Problem

By ANN LANDERS

Dear Ann Landers: The problem concerns my husband. He is a food inspector. This is not his profession—it's his neurosis.

He examines every slice of bread for mold, even when he unwraps the loaf himself and takes the first piece. He stirs his coffee for several minutes, eyeing the surface for flies, gnats or what-have-you. He sniffs every morsel of food placed before him. More often than not he refuses to eat the fish because "it doesn't smell right." I tell him all fish smells like fish and he says "some fish smells more like fish than other fish."

If this happened only at home it wouldn't be so bad, but he also behaves this way out in company. I'm afraid one day he may begin to use a magnifying glass. Can you help? —AGONIED

Dear Ag: Bread inspectors, fish-sniffers—and yes even spoon-wipers are an incurable breed. They will be with us as long as man has two eyes and a nose.

Ask your husband to please be less obvious when he's out in company. It's unnerving to a hostess to see such antics. She has no way of knowing if the guest has found something or if he's only looking.

Dear Ann Landers: I'm worried about my 18-year-old brother Nick. He's been dating a girl who said she was 16. When he learned she was only in the 8th grade she admitted she was 14.

This girl can go out every night in the week and stay as late as she wants to. Last Friday Nick didn't come home to sleep. He phoned Mom and said he was spending the night with a buddy. He told me the next day he slept on the couch at this girl's house. Her folks didn't say a word.

These people aren't trash. Her father is a professional man and her mother is social-register. Their theory is that either a girl of 14 can be trusted or she can't, and putting restrictions on her are useless. What are your ideas on this? —CONCERNED SISTER

Dear Sister: My sympathies are with the girl. Her spineless parents have abdicated their responsibility because it's easier than exercising discipline.

Your 18-year-old brother should not be going with an 8th grader—especially "this" one. Her unlimited freedom could mean a sudden end to his.

Dear Ann: My husband and I moved here and left our three children with my mother because a good job offer came up.

Three months have passed and I'm dying of loneliness for the kids. Whenever I mention sending for them he says "We can't afford it." Last night he announced he'd like to buy a new car. I asked how he could afford a new car when he can't afford to send for his children. He replied "The kids are O. K. where they are. We'll send for them later."

I don't think this is very fatherly. He needs my signature before he can buy anything. Please advice. —MAE

Dear Mae: This is "not" very fatherly, and if you go for it, you're not very motherly. Since you seem to be the one with the full set of brains in the family insist he put the kids before the car. Sign nothing.

Homemakers Ask And Betty Pepis Answers

Q. —I have a living room which is only 12 by 15 feet. Front door opens directly into the room and is faced by door to den on opposite shortwall. Sofa is on this wall, and long wall has radio - phonograph above which hangs gilt - framed mirror. I have read that mirrors can increase apparent space in a room. Would an unframed plate glass mirror on the other long wall help widen my room?

A. —Mirrors, if used correctly, have a magical ability to enlarge the size of a room by deceiving the eye. Mirror panel on your wall would create the illusion of double the width of the room. If the gilt mirror is quite handsome the new mirror could be directly opposite in order to set up an interesting series of infinite reflections. I would suggest the mirror be quite large for the proper effect. Another device for suggesting width would involve using a picture grouping in a long, low, horizontal line on the short wall. Use one long, narrow oriental scroll, or a series of small, identically framed pictures hung low over the sofa.

Q. —I am unable to do a great deal in the redecoration of my living room but would like to paint the walls and get new curtains. Rug is dark grey with pattern in gold, rose, blue, maroon and white. Furniture is in cream with shaded maroon floral sprays and green leaves. Victorian chair is black walnut with black horsehair upholstery. Other pieces are mahogany and lamps are brass. What color walls and draperies would you advise to play down the "genteel shabbiness" of my old pieces?

A. —A warm sandalwood would be prettiest for your room. Medium dark color will do most to flatter mixed furniture and faded colors. Sandalwood will make black seem richer, and cream seem lighter and brighter. Curtains could be natural muslin or Indian Head cotton in pale cream or sandalwood shade.

Q. —My bedroom has French Provincial bed and dresser, light yellow walls, aqua cape cod curtains. What color rug, bedspread should I use? Should night table match other pieces?

A.— Why not a floral patterned rug, pale colors in design in traditional needlepoint pattern? This in various pastels and spread in pale yellow. Night tables need not match, might be wood finish lighter or deeper than present pieces or painted white or pastel.

Q. —Living room is mint green with beige rug and furniture, draperies are white with gold and black pattern. What color for pillows and new lounge chair?

A.—Club chair should be deep color — brown, black or forest green. Balance this dark addition with pillows in bright turquoise, green and yellow.

Democrat Buys Natchez Times, Plans Expansion

NATCHEZ, Miss. (AP)—James M. Lambert, publisher of the Natchez Democrat Printing and Publishing Company, Friday announced purchase of the Natchez Times, a competitive afternoon paper that had been operating 11 years.

The purchase price was not disclosed.

The Times ended operations with Fridays edition. The Democrat, a morning paper, has been published since 1865.

Lambert said he felt, due to continuing high cost of newspaper publication, a community the size of Natchez could adequately support only one newspaper. Natchez has a population of about 25,000.

The Democrat management has announced plans to expand features and make other additions to make the paper a more complete and larger publication.

The Times is a member of the Don Reynolds group of newspapers. The company, which has its headquarters in Fort Smith, Ark., also owns papers in Oklahoma, Las Vegas, Nev., and Alaska, Lambert said.

Fashionettes

Make a new wardrobe of belts by cutting strips of foam rubber in suitable widths and covering them with a crisp fabric on the bias. Stitch Velcro at the ends for closing or use hooks and eyes. Add self - fabric ties for a wide cinch or a pretty flower for a party belt. A striped belt looks attractive with a small ascot tie used off - center as trim.

DEAR ABBY

Teaching Old Dog New Tricks Is Hard To Do

By ABIGAIL VAN BUREN

DEAR ABBY: My husband has been a milkman for over 30 years. All he has ever been able to talk about are the women on his route. He says he knows more about some of them than their husbands do. He's the kind of person women like to sit down with and tell their troubles to. When other milkmen have been home for hours, my husband is still out listening to these mixed up women. He says it is all in a day's work and I should be more understanding. I'd like your views. —NOT UNDERSTANDING

DEAR NOT: Clergymen and marriage counselors do not deliver milk by the quart, and milkmen shouldn't be collecting tears by the bucket. But if this has been going on for over 30 years, it's too late to change him.

DEAR ABBY: My 14-year-old boy came home from the barber shop with a "mohawk." His head was shaved all over except for a strip in the center. Now I have had it! I put up with the D. A., the Swan, the Swirl and the Bull, but this is too much. Don't you think a barber should have a note from the mother before going ahead with those foolish haircuts? I ought to make my boy wear a stocking cap until this grows out. —DISGRACED

DEAR DISGRACED: Don't blame the barber. He was only following your son's instructions. If you can't rely on your boy's judgment, send a note with him, call the barber in advance, or go along and supervise.

DEAR ABBY: Recently I became a widow but I would still like my mail addressed "Mrs. H. W. Smith" (not my real name). I have been told that I should drop my husband's initials and use my own. Why? I still feel proud of my husband's name and want to continue to use it. Even the receptionist at the doctor's office corrected me and said in the future I should use "Mrs. Mary Smith." I want to do the correct thing. What is it? —CONFUSED WIDOW

DEAR CONFUSED: You may continue to use your husband's name. You are "still" Mrs. H. W. Smith.

DEAR ABBY: We have a girl in our room at school (8th grade) who has all the boys after her, but she is getting a bad reputation. She wears her hair in a pony tail and we have told her that she will be bald-headed before she gets to high school because that style makes your hair fall out if you keep it that way long enough. Also, she rolls up her skirts at the waist to make them shorter, and we could mention other things, too, if we wanted to be catty. How can we let her know she is losing friends without giving her the idea we are jealous? NOT JEALOUS

DEAR NOT JEALOUS: Tell her to watch for Dear Abby.

Yes, Abby will answer your letter personally if you write to "Abby", in care of News-Star — World, and enclose a stamped, self-addressed envelope.

Beauty Hints For Spring Noted Here

By SOLANGE BERTRAND

With fashion taking a turn toward the easy, natural kind of sophistication that looks as if no fuss has been made, beauty for spring must follow.

Complexions will look as if they'd been made that way, mouths will be softly colored, and eyes will provide the one accent that may be strikingly done.

Like most things that are apparently effortless, the right beauty look will take planning, discernment and practice. No one ever achieved that put - together look by accident. Either talent or thought has to go into it.

Your spring clothes will feature eased lines and very little trim. Thus, hairdos must look the same. Whatever the length, hair must neat, uncurly and shaped to the face. A good cut and lots of home care in the form of shampoos, brushing and rinses are needed.

Makeup must be keyed to clothes colors. Timid women fall back on navy, black or grey because they are afraid to wear other colors. Yet the lovely bright colors coming up can be for almost anyone if makeup is used to subtly alter complexion tones.

Take yellow, for instance: generally considered difficult to wear for all but the few with rosey skin, the fair can wear it nicely if a creamy beige foundation, pink - coral rouge and coral lipstick are used with it.

Olive skins can wear it when using a rose - beige foundation, orange rouge and a brown - red lipstick. This complexion shade can even wear green with the same makeup prescription, since it is the yellow in the green that causes trouble for olive skins.

Danger for the fair in spring colors is that their brillance will overshadow the wearer. New look here is a more vivid makeup that includes eyes. With blue, use light pink foundation, rosy rouge, rose lipstick, turquoise eyelid color. Same prescription for lilac. For green, change foundation to warm beige, orangy rouge and lipstick, green eyelid color. Be sure to touch up pale brows with brown pencil, lashes with brown mascara, no matter what color clothes are worn.

The naturally rosy complexion can wear most colors well with neutral beige foundation, clear red lipstick, eyelid color to match clothes. Caution color is red, for which the skin must be paled down with ivory beige foundation, brown eye shadow, no rouge.

Q. —My bedroom has French Provincial bed and dresser, light yellow walls, aqua cape cod curtains. What color rug, bedspread should I use? Should night table match other pieces?

A.— Why not a floral patterned rug, pale colors in design in traditional needlepoint pattern? This in various pastels and spread in pale yellow. Night tables need not match, might be wood finish lighter or deeper than present pieces or painted white or pastel.

Q. —Living room is mint green with beige rug and furniture, draperies are white with gold and black pattern. What color for pillows and new lounge chair?

A.—Club chair should be deep color — brown, black or forest green. Balance this dark addition with pillows in bright turquoise, green and yellow.

Democrat Buys Natchez Times, Plans Expansion

NATCHEZ, Miss. (AP)—James M. Lambert, publisher of the Natchez Democrat Printing and Publishing Company, Friday announced purchase of the Natchez Times, a competitive afternoon paper that had been operating 11 years.

The purchase price was not disclosed.

The Times ended operations with Fridays edition. The Democrat, a morning paper, has been published since 1865.

Lambert said he felt, due to continuing high cost of newspaper publication, a community the size of Natchez could adequately support only one newspaper. Natchez has a population of about 25,000.

The Democrat management has announced plans to expand features and make other additions to make the paper a more complete and larger publication.

The Times is a member of the Don Reynolds group of newspapers. The company, which has its headquarters in Fort Smith, Ark., also owns papers in Oklahoma, Las Vegas, Nev., and Alaska, Lambert said.

Fashionettes

Make a new wardrobe of belts by cutting strips of foam rubber in suitable widths and covering them with a crisp fabric on the bias. Stitch Velcro at the ends for closing or use hooks and eyes. Add self - fabric ties for a wide cinch or a pretty flower for a party belt. A striped belt looks attractive with a small ascot tie used off - center as trim.

DEAR ABBY

Teaching Old Dog New Tricks Is Hard To Do

By ABIGAIL VAN BUREN

DEAR ABBY: My husband has been a milkman for over 30 years. All he has ever been able to talk about are the women on his route. He says he knows more about some of them than their husbands do. He's the kind of person women like to sit down with and tell their troubles to. When other milkmen have been home for hours, my husband is still out listening to these mixed up women. He says it is all in a day's work and I should be more understanding. I'd like your views. —NOT UNDERSTANDING

DEAR NOT: Clergymen and marriage counselors do not deliver milk by the quart, and milkmen shouldn't be collecting tears by the bucket. But if this has been going on for over 30 years, it's too late to change him.

DEAR ABBY: My 14-year-old boy came home from the barber shop with a "mohawk." His head was shaved all over except for a strip in the center. Now I have had it! I put up with the D. A., the Swan, the Swirl and the Bull, but this is too much. Don't you think a barber should have a note from the mother before going ahead with those foolish haircuts? I ought to make my boy wear a stocking cap until this grows out. —DISGRACED

DEAR DISGRACED: Don't blame the barber. He was only following your son's instructions. If you can't rely on your boy's judgment, send a note with him, call the barber in advance, or go along and supervise.

DEAR ABBY: Recently I became a widow but I would still like my mail addressed "Mrs. H. W. Smith" (not my real name). I have been told that I should drop my husband's initials and use my own. Why? I still feel proud of my husband's name and want to continue to use it. Even the receptionist at the doctor's office corrected me and said in the future I should use "Mrs. Mary Smith." I want to do the correct thing. What is it? —CONFUSED WIDOW

DEAR CONFUSED: You may continue to use your husband's name. You are "still" Mrs. H. W. Smith.

DEAR ABBY: We have a girl in our room at school (8th grade) who has all the boys after her, but she is getting a bad reputation. She wears her hair in a pony tail and we have told her that she will be bald-headed before she gets to high school because that style makes your hair fall out if you keep it that way long enough. Also, she rolls up her skirts at the waist to make them shorter, and we could mention other things, too, if we wanted to be catty. How can we let her know she is losing friends without giving her the idea we are jealous? NOT JEALOUS

DEAR NOT JEALOUS: Tell her to watch for Dear Abby.

Yes, Abby will answer your letter personally if you write to "Abby", in care of News-Star — World, and enclose a stamped, self-addressed envelope.

Beauty Hints For Spring Noted Here

By SOLANGE BERTRAND

With fashion taking a turn toward the easy, natural kind of sophistication that looks as if no fuss has been made, beauty for spring must follow.

Complexions will look as if they'd been made that way, mouths will be softly colored, and eyes will provide the one accent that may be strikingly done.

Like most things that are apparently effortless, the right beauty look will take planning, discernment and practice. No one ever achieved that put - together look by accident. Either talent or thought has to go into it.

Your spring clothes will feature eased lines and very little trim. Thus, hairdos must look the same. Whatever the length, hair must neat, uncurly and shaped to the face. A good cut and lots of home care in the form of shampoos, brushing and rinses are needed.

Makeup must be keyed to clothes colors. Timid women fall back on navy, black or grey because they are afraid to wear other colors. Yet the lovely bright colors coming up can be for almost anyone if makeup is used to subtly alter complexion tones.

Take yellow, for instance: generally considered difficult to wear for all but the few with rosey skin, the fair can wear it nicely if a creamy beige foundation, pink - coral rouge and coral lipstick are used with it.

Olive skins can wear it when using a rose - beige foundation, orange rouge and a brown - red lipstick. This complexion shade can even wear green with the same makeup prescription, since it is the yellow in the green that causes trouble for olive skins.

Danger for the fair in spring colors is that their brillance will overshadow the wearer. New look here is a more vivid makeup that includes eyes. With blue, use light pink foundation, rosy rouge, rose lipstick, turquoise eyelid color. Same prescription for lilac. For green, change foundation to warm beige, orangy rouge and lipstick, green eyelid color. Be sure to touch up pale brows with brown pencil, lashes with brown mascara, no matter what color clothes are worn.

The naturally rosy complexion can wear most colors well with neutral beige foundation, clear red lipstick, eyelid color to match clothes. Caution color is red, for which the skin must be paled down with ivory beige foundation, brown eye shadow, no rouge.

Analysts Not Alarmed By Stock Trade

By ED MORSE
AP Business News Writer

NEW YORK (AP)—Record and near-record 1961 trading volume on the New York Stock Exchange is not a "danger signal," in the opinion of veteran market analysts.

They point out that the tremendous volume in the 1929 boom and crash was accounted for by a small number of shareholders dealing in a minor amount of listed stocks compared with 1961 totals of both.

The analysts say that the ratio of stock turnover is much smaller now than it was 32 years ago, due to the swelling stockholder population and the greater amount of stock available.

"Today's market is the spontaneous expression of the emotions of millions of investors," said Bradbury K. Thurlow of Winslow, Cohu & Stetson.

The market, however, can be better understood in the light of a few basic statistics, Thurlow added.

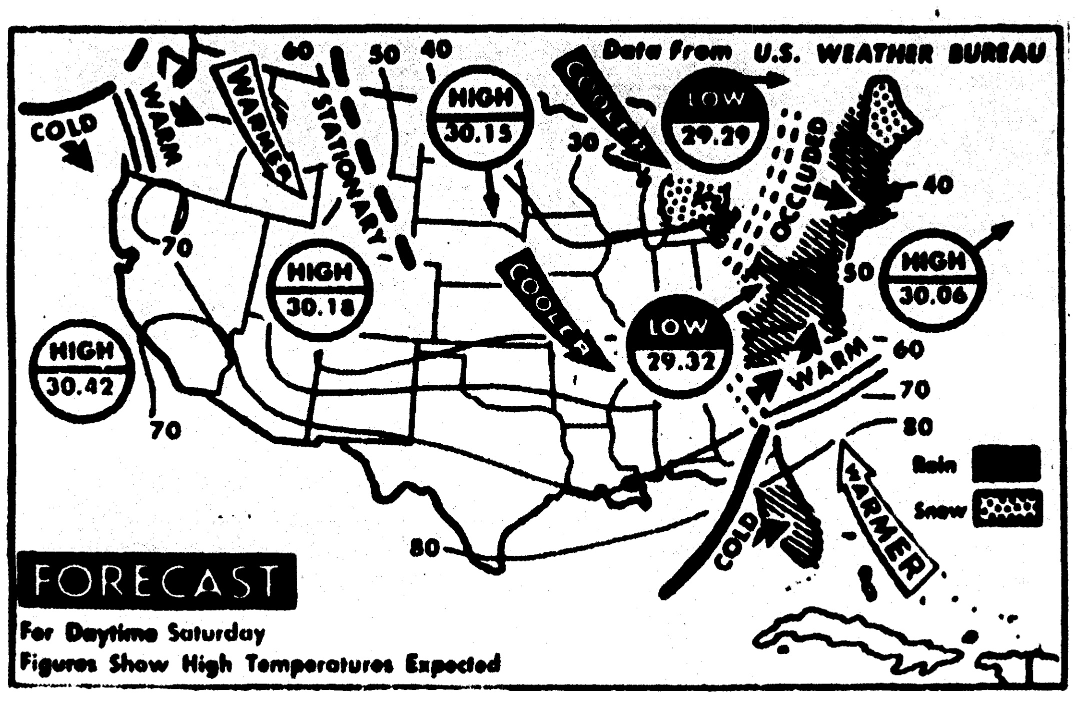
"In 1929 about 1.5 million individuals are estimated to have owned common stocks," he said. "The current number of shareholders, exclusive of mutual fund owners, is estimated at 15 million.

"In 1929 there were 1.13 million shares listed on the New York Stock Exchange; at the end of 1960 the figure was around .46 million shares.

"Current daily volume of five million shares annualized would amount to a turnover of 19.7 per cent of all outstanding stock on a yearly basis, a figure which compares to 199 per cent in 1929, 30 per cent for 1937, 22 per cent for 1946 and an average of 15.9 per cent during the 1950's," he said.

Thurlow added that to equate a five million share day in 1928 so that it would bear the same relationship to shares outstanding today would mean a daily volume of 28.8 million shares.

"A major speculative boom with full public participation beginning here could easily last a year or two and could be productive of handsome profits to those skillful enough not to lose their perspective," he said.



RAIN MIXED WITH SLEET and snow is forecast Saturday from the Ohio and Tennessee valleys through the mid and north Atlantic states. Snow is expected in portions of the Lakes region. It will be cooler in New England and portions of the east Gulf region; warmer from the Plateu region into the Plains; unchanged elsewhere. (AP Wirephoto)

Robert Green Succumbs; Rites Are Incomplete

Robert Green, 62, of 103 South 5th St., Monroe, died Thursday afternoon in a local hospital following a heart attack.

A native of the area around Bernice in Union Parish, Mr. Green had lived here since 1932.

Funeral arrangements yesterday were incomplete but will be under direction of the Mulhearn Funeral Home.

Surviving are his widow, Mrs. Letha Green, of Monroe; two brothers, Charlie Green, Delhi, and Frank Green, of Arkansas, and a sister, Mrs. Mary Britt, also of Delhi.

Report No New Developments In Sterlington Theft

No new developments were reported Friday following a $4,000 jewelry store robbery at Sterlington Thursday night.

The burglary occurred at Ward's Jewelry and Dry Goods Store on the Farmerville - Monroe Highway about 13 miles north of Monroe.

Entry to the building was gained by forcing the rear door of the dry goods store, according to the Ouachita Parish sheriff's department.

Money in a cash register was apparently overlooked, but all diamond rings and wrist-watches on display in the store were reported taken.

Algerian Rebels Suddenly Call Off Peace Talks

PARIS (UPI) — Algerian rebel leaders Friday night cancelled without warning scheduled peace talks with France and dashed hopes for a quick end to the 6½-year old war.

The announcement followed the time bomb slaying of the French mayor of Evian, the Swiss-French frontier town where the peace talks were to have opened next Friday. But the reason given for the cancellation was France's willingness to negotiate with more than one rebel group.

Mayor Louis Blanc, 50, was killed instantly, his head shattered. His wife was critically wounded by the blast officially blamed on anti-Gaullist French extremists.

The rebels organized as the "Algerian Provisional Government" in Tunis, Tunisia, abruptly announced withdrawal from the planned talks because France said it would negotiate with other rebel factions as well.

Rebel Premier Ferhat Abbas and his cabinet ordered rebel spokesman Taieb Boulharouf to inform the Swiss government, which was to have played host to the rebel negotiators.

Brooms To Fly In West Monroe Clean-up Drive

It has been learned on good authority that those "yardbirds" who will be shuffling the brooms along Trenton Street in West Monroe around mid - morning today are not additional sanitation employees, so citizens need not worry about increased taxation.

They are, in fact, a meaningful mixture of Chamber of Commerce and Kiwanis Club members, according to Chamber Manager Gene Smith, and they are launching the annual observance of Clean - Up Week by sweeping the length of the city's main stem.

The project, sponsored by the civic improvement committee of the C of C, the Kiwanians, and the City of West Monroe, is aimed primarily at aiding a worthy cause and providing a civic face - lifting in the process.

Including a four - day, door to door mop and broom sale, spanning the city, by members of the Kiwanis Club and the Key Club, a Kiwanis affiliate composed of students at West Monroe High School, the event is slated to run through April 8. The entire period was designated official Clean -Up Week in a recent formal proclamation from the office of Mayor J. Allan Norris.

Kiwanis spokesmen stress that revenue received through their sale is marked for use in projects set up to assist underprivileged children.

Mops and brooms being sold were purchased from Industries for the Blind at Jackson, Miss.

Deaths

Dan Dunning

TALLULAH (Special) — Dan Dunning, 77, of Tallulah, died Thursday morning in a Monroe hospital following a brief illness.

A native of Cairo, Ill., Mr. Dunning had been a resident of Madison Parish during the past 25 years, and was a former employee of the Chicago Mill and Lumber Company at Tallulah.

Services will be conducted Saturday in the chapel of Crothers Funeral Home with the Revs. Bobby Brown and Will Jones officiating. Interment is to follow in Silver Cross Cemetery.

Surviving Mr. Dunning are a son, W. C. Dunning, Tallulah; a brother, Pat Dunning, St. Stephens, S. C.; and a grandchild, Tommy Dunning, also of Tallulah.

Pallbearers will be C. O. Neighbors, Herman Thornton Jr., George Smith, Marion Smith, Rufus Axton and O. W. Hogue.

Bastrop Youth Hurt In Mishap

BASTROP (Special) -- Eddie Leroy Jaggers, 19, route four, was seriously injured Friday in an automobile accident on South Washington Street.

He was hospitalized at Morehouse General Hospital suffering from possible head and internal injuries.

Police said Jaggers' auto rammed into a utility pole. Jaggers was reported to have said he blacked out at the wheel.

MISSES HOLIDAY

LONDON (UPI) — Prince Charles, Britain's future king, had to miss the first part of the royal family's Easter weekend Friday and remain in bed with a feverish cold. The 12-year -old prince was ordered to stay in Buckingham Palace in London while the rest of the family went to Windsor Castle for the holiday.

JFK Signs Funds Bill For Agencies

PALM BEACH, Fla. (AP) — President Kennedy signed an appropriations bill Friday that will release $1.6 billion to several federal agencies this fiscal year.

The total appropriated represented a compromise.

It provided only $50 million for foreign economic aid through the Development Loan Fund. Both President Kennedy and former President Dwight D. Eisenhower had asked for $150 million.

But the House originally refused to approve any money, while the Senate voted for the full amount asked. The $50 million, earmarked for Latin-American countries, was a compromise.

While the Senate voted $2.9 billion to reimburse the Commodity Credit Corporation for subsidies and other funds for farm programs, the final bill did not include this.

The House, claiming there was no emergency, knocked out the CCC appropriation.

The bill also includes funds to start paying emergency unemployment benefits to workers who have exhausted their regular benefits, to meet the cost of a pay raise given federal workers last year, and to expand the research and development program of the National Aeronautics and Space Administration.

In addition, the bill contains the full $70 million asked to pay unemployment compensation to federal employes and ex-servicemen. This would supplement the $107 million voted for the program earlier this year.

FLORAL SEASON OPENS

NEW YORK (AP)—Hundreds of Easter lilies and rows of lush yellow tulips were on display Friday to open Rockefeller Center's floral season. An outdoor concert of Easter and spring music is scheduled at the center for Saturday. And Friday night, a light, slushy snow fell on the city.

CANADA'S POPULATION

OTTAWA (AP)—Canada's population showed a two per cent gain in the year ended March 1, the smallest increase in more than a decade.

First Lady Attends Holy Day Service

By FRANCES LEWINE

PALM BEACH, Fla. (AP)—Jacqueline Kennedy, wearing dark glasses and a white scarf, ducked into a church's side entrance to go to Good Friday services.

She drove up in a sleek tan car driven by a Secret Service agent at 3:15 p.m. and spent about 10 minutes in St. Edward's church, which was crowded with worshippers for the holy day.

It was Mrs. Kennedy's first public appearance since she came to Palm Beach Monday with her two children for an Easter vacation. Few people recognized her.

She wore a turquoise, low-backed linen dress and matching sandals. The scarf and sun glasses made it hard to identify her.

The First Lady seemed in a serious mood and refused to smile or look toward a small group of photographers who tried to get her picture.

She took an aisle seat toward the back of the church.

The President went to St. Edward's at 6:47 p.m.

The Kennedys are here for the relaxation of an Easter holiday at the seashore and there has been a traditional gathering of most of the family clan, including eight young children.

In the midst of it, there were reports of a plot to kidnap 3-year-old Caroline Kennedy, the President's daughter.

White House press secretary Pierre Salinger said the President did not know about it until a news report was published.

It was not known if Mrs. Kennedy had been aware of the reported plot at the time she attended church.

Police Receive Report Monroe Man Is Missing

A Monroe man Friday was reported missing since noon Monday.

Relatives of L. M. McBryde, 41, of 700 Avoyelles St., Monroe, have requested assistance from Monroe police and the public.

McBryde left a Shreveport hotel Monday and has not been seen since, according to police.

He is described as being five feet, eight inches tall, weighing 140 pounds with black hair and blue eyes.

Police said he was driving a 1961 Ford ranch wagon, white over dark blue, four-door, license number, La. 1961 989-823.

Brooms To Fly In West Monroe Clean-up Drive

It has been learned on good authority that those "yardbirds" who will be shuffling the brooms along Trenton Street in West Monroe around mid - morning today are not additional sanitation employees, so citizens need not worry about increased taxation.

They are, in fact, a meaningful mixture of Chamber of Commerce and Kiwanis Club members, according to Chamber Manager Gene Smith, and they are launching the annual observance of Clean - Up Week by sweeping the length of the city's main stem.

The project, sponsored by the civic improvement committee of the C of C, the Kiwanians, and the City of West Monroe, is aimed primarily at aiding a worthy cause and providing a civic face - lifting in the process.

Including a four - day, door to door mop and broom sale, spanning the city, by members of the Kiwanis Club and the Key Club, a Kiwanis affiliate composed of students at West Monroe High School, the event is slated to run through April 8. The entire period was designated official Clean -Up Week in a recent formal proclamation from the office of Mayor J. Allan Norris.

Kiwanis spokesmen stress that revenue received through their sale is marked for use in projects set up to assist underprivileged children.

Mops and brooms being sold were purchased from Industries for the Blind at Jackson, Miss.

Deaths

Dan Dunning

TALLULAH (Special) — Dan Dunning, 77, of Tallulah, died Thursday morning in a Monroe hospital following a brief illness.

A native of Cairo, Ill., Mr. Dunning had been a resident of Madison Parish during the past 25 years, and was a former employee of the Chicago Mill and Lumber Company at Tallulah.

Services will be conducted Saturday in the chapel of Crothers Funeral Home with the Revs. Bobby Brown and Will Jones officiating. Interment is to follow in Silver Cross Cemetery.

Surviving Mr. Dunning are a son, W. C. Dunning, Tallulah; a brother, Pat Dunning, St. Stephens, S. C.; and a grandchild, Tommy Dunning, also of Tallulah.

Pallbearers will be C. O. Neighbors, Herman Thornton Jr., George Smith, Marion Smith, Rufus Axton and O. W. Hogue.

Bastrop Youth Hurt In Mishap

BASTROP (Special) — Eddie Leroy Jaggers, 19, route four, was seriously injured Friday in an automobile accident on South Washington Street.

He was hospitalized at Morehouse General Hospital suffering from possible head and internal injuries.

Police said Jaggers' auto rammed into a utility pole. Jaggers was reported to have said he blacked out at the wheel.

MISSES HOLIDAY

LONDON (UPI) — Prince Charles, Britain's future king, had to miss the first part of the royal family's Easter weekend Friday and remain in bed with a feverish cold. The 12-year -old prince was ordered to stay in Buckingham Palace in London while the rest of the family went to Windsor Castle for the holiday.

JFK Signs Funds Bill For Agencies

PALM BEACH, Fla. (AP) — President Kennedy signed an appropriations bill Friday that will release $1.6 billion to several federal agencies this fiscal year.

The total appropriated represented a compromise.

It provided only $50 million for foreign economic aid through the Development Loan Fund. Both President Kennedy and former President Dwight D. Eisenhower had asked for $150 million.

But the House originally refused to approve any money, while the Senate voted for the full amount asked. The $50 million, earmarked for Latin-American countries, was a compromise.

While the Senate voted $2.9 billion to reimburse the Commodity Credit Corporation for subsidies and other funds for farm programs, the final bill did not include this.

The House, claiming there was no emergency, knocked out the CCC appropriation.

The bill also includes funds to start paying emergency unemployment benefits to workers who have exhausted their regular benefits, to meet the cost of a pay raise given federal workers last year, and to expand the research and development program of the National Aeronautics and Space Administration.

In addition, the bill contains the full $70 million asked to pay unemployment compensation to federal employes and ex-servicemen. This would supplement the $107 million voted for the program earlier this year.

FLORAL SEASON OPENS

NEW YORK (AP)—Hundreds of Easter lilies and rows of lush yellow tulips were on display Friday to open Rockefeller Center's floral season. An outdoor concert of Easter and spring music is scheduled at the center for Saturday. And Friday night, a light, slushy snow fell on the city.

First Lady Attends Holy Day Service

By FRANCES LEWINE

PALM BEACH, Fla. (AP)—Jacqueline Kennedy, wearing dark glasses and a white scarf, ducked into a church's side entrance to go to Good Friday services.

She drove up in a sleek tan car driven by a Secret Service agent at 3:15 p.m. and spent about 10 minutes in St. Edward's church, which was crowded with worshippers for the holy day.

It was Mrs. Kennedy's first public appearance since she came to Palm Beach Monday with her two children for an Easter vacation. Few people recognized her.

She wore a turquoise, low-backed linen dress and matching sandals. The scarf and sun glasses made it hard to identify her.

The First Lady seemed in a serious mood and refused to smile or look toward a small group of photographers who tried to get her picture.

She took an aisle seat toward the back of the church.

The President went to St. Edward's at 6:47 p.m.

The Kennedys are here for the relaxation of an Easter holiday at the seashore and there has been a traditional gathering of most of the family clan, including eight young children.

In the midst of it, there were reports of a plot to kidnap 3-year-old Caroline Kennedy, the President's daughter.

White House press secretary Pierre Salinger said the President did not know about it until a news report was published.

It was not known if Mrs. Kennedy had been aware of the reported plot at the time she attended church.

Police Receive Report Monroe Man Is Missing

A Monroe man Friday was reported missing since noon Monday.

Relatives of L. M. McBryde, 41, of 700 Avoyelles St., Monroe, have requested assistance from Monroe police and the public.

McBryde left a Shreveport hotel Monday and has not been seen since, according to police.

He is described as being five feet, eight inches tall, weighing 140 pounds with black hair and blue eyes.

Police said he was driving a 1961 Ford ranch wagon, white over dark blue, four-door, license number, La. 1961 989-823.

WESTERNERS PLAN OWN

Soviets Will Have No Easter Parades

MOSCOW (UPI)—Westerners in Russia, including 94 American students in a remote Georgian republic village, completed arrangments Friday for their own happy Easter weekend.

There are no Easter parades in Russia, no splash of new bonnets. This is strictly the Western Easter. The Russian Orthodox Church does not celebrate it until April 9.

Church services and Easter egg parties will be held by the Western diplomatic colony here. Wives of diplomats have been coloring eggs all week.

The Rev. Louis Dion, a American Roman Catholic priest who serves the foreign colony, will conduct midnight services at the French Embassy and two Masses Easter morning in his apartment.

An Episcopal minister from Helsinki was en route by plane to hold services at the British Embassy.

It will be different in far-off Sukhumi, a Georgian village on the Black Sea where 94 members of a University of Michigan band will spend the Easter weekend with do-it-yourself ceremonies.

The group will offer a concert Saturday and two more Sunday. The students will hold their own Easter service in the dining room of the Abhazie Hotel. Georgians, intrigued by the students who wear raincoats with the big letter "M" emblazoned on the bback, are providing flowers.

Prayers at the Easter service will be read by Ronald Bell, Traverse City, Mich. Scriptures will be read by Kenneth Oyer, Ypsilanti, Mich.; Bill Heppriek, Maumee, Ohio; Sharon Leslie, Grosse Point, Mich., and Richard Longfeld, Saline, Mich.

Patricia Parker of Clinton, Mich., will play the piano while eight other students sing the "Hallelujah Chorus."

"It's our first Easter away from home," a student said by phone to Moscow. He sounded lonesome.

Congressman Defends John Birch Society

WASHINGTON (AP) — A congressman called congressional attacks on the rightist John Birch Society Friday part of a "pro-Communist smear." The congressman, Rep. Edgar W. Hiestand, R-Calif., is a member.

Despite Hiestand's description of the critics, criticism continued to mount against the society whose founder once said former President Dwight D. Eisenhower was "a dedicated, conscious agent of the Communist conspiracy."

And a spokesman for the Justice Department said the society's activities have become "a matter of concern to the Justice Department."

In addition, FBI Director J. Edgar Hoover published a statement that implied criticism of the society.

Although some congressmen have called for investigations by the House Committee on Un-American Activities, the Senate Internal Security subcommittee, and the Senate Government Operations Committee, the chairmen of all three bodies indicated they had no plans to investigate the society.

The society was founded in 1958 by Robert H. W. Welch Jr., 61, retired candy manufacturer in Massachusetts.

Welch proclaims the destruction of communism as one of his aims. The society takes its name from a Baptist missionary killed by Communists in China 10 days after the close of World War II.

The death of Birch, Welch says, was "the first casualty in the third world war between the Communists and the ever-shrinking free world."

In recent weeks, the society has stirred much criticism in Congress by attacking such senators as Milton D. Young, R-N.D., and Thomas H. Kuchel, R-Calif., and by circulating a petition calling for the impeachment of Chief Justice Earl Warren.

The criticism induced Hiestand to call a news conference Friday and declare: "My advice is for people not to sound off before they have all the facts."

Hiestand described society members as "violent, emphatic, dedicated anti-Communists" with not more than two per cent possible extremists.

He said criticism of the group by congressmen, other public figures, and newspapers was part of a "pro-Communist smear" and was proof that the society was successful in fighting communism.

He said he could not identify any Communist among those criticizing the society.

"But they are in the background of the smear," he said.

Hiestand, who conferred with Welch by telephone before talking to newsmen, said he did not agree with the founder's ideas about Eisenhower and Warren.

Soviets Report 145 Persons Die In Earthslide

MOSCOW (AP)—An earthslide killed 145 persons near Kiev March 13 in one of the worst disasters of its kind in Soviet History, the Kiev newspaper Pravda of the Ukraine reported Friday.

Damage was estimated in the millions of dollars and 143 persons were hospitalized, though 84 had been released by Thursday, the paper said.

Rumors of the disaster have circulated in Moscow for two weeks, but it had not been mentioned by Moscow papers, the Soviet news agency Tass or by Soviet radio.

The Kiev newspaper said legal proceedings have been started against those responsible but it did not identify them.

The slide occurred near Babyyar, where the Nazi massacred tens of thousands of Jews and Ukrainians during World War II.

It was touched off, the paper said, when workmen used faulty technique in filling a ravine partly full of water.

ON TAX BENEFITS

Dillon Promises Oil Import Study

WASHINGTON (AP) — Secretary of the Treasury Douglas Dillon has promised to look into the question of whether oil importing companies enjoy a tax advantage that can be corrected by administrative decree.

Rep. Tom Steed, D-Okla., raised the question at a closed hearing before a House Appropriations subcommittee, of which he is a member. Dillon was testifying at the time in connection with his department's money requests.

The record of the hearing, just made public, shows that Steed put the question in this way:

"In connection with this export-import balance item I do not know anything about a lot of this subject, but there is one point about which I do know something.

"'Probably the largest single item we import is foreign oil and most of it is brought in without any federal tax being paid. It is sold to the American consumer without any advantage in price being given to the consumer, and it is being brought in in such large quantities that it has made a major industry in my part of the United States a very sick industry."

Steed went on to say that the imports have caused unemployment and the federal treasury has failed "to receive a lot of taxes which it would ordinarily receive from one of the heaviest tax paying industries in America."

"About seven major companies benefit most from this import program, while the American consumer does not benefit from it and the American oil producer does not benefit from it," Steed said. (He did not name the companies).

"I cannot understand why with all these studies being made something is not done to cure that situation.

"It is my understanding — although I could be wrong, but I think I am right—that the tax advantage foreign importers enjoy is a matter of the administrative decree and not of law, and in your tax study it might be that you could find some relief in that area."

Dillon replied, "I will certainly look at this."

Delay Granted In Baton Rouge Assault Case

BATON ROUGE (AP) — Dist. Judge Jess Johnson Thursday granted a delay until April 14 in the trial of Marc Gartin, Florida convict charged with raping a Baton Rouge girl.

tin, who wanted to be tried now, attorneys for him asked a delay to obtain medical evidence concerning his mental condition at time of the crime.

Defense attorneys then asked to be relieved from the case but the court overruled them.

Garvin had escaped from a Florida prison where he was serving time for armed robbery, when he came here last summer.

The girl victim identified him as her assailant. Garvin was linked with the rape attack here, after his arrest in Pensacola, Fla., when he had a wallet in his possession which was stolen here, officers said.

Two Children's Books Are Cited

Two books available for children at the Ouachita parish library have been given awards as the most distinguished children's books published in 1960.

The Newbery medal, an award since 1922, was given to Scott O'Dell's "Island of Blue Dolphins."

The Caldecott Medal, awarded since 1938, was given Nicholas Sidjakov's "Baboushka and the Three Kings."

Tin Mining Center Falls To Katangans

ELISABETHVILLE, Katanga, the Congo (AP)—Katanga's army of natives and white mercenaries—some of them South Africans—has captured a tin mining state carved out of northern Katanga by leftist rebels. The campaign was waged in defiance of United Nations requests and raised the threat of U.N. intervention in Katanga.

Vice President Jean Marie Kibwe of independent Katanga announced the victory Friday. He said 600 soldiers of leftist rebel leader Antoine Gizenga were routed from Manono Thursday with hardly a shot fired.

A Belgian pilot who flew over the battle area said the Gizenga soldiers seemed to flee in all directions at the approach of the Katanga column.

The victory undoubtedly will boost the prestige of Katanga President Moise Tshombe, who already is emerging in the eyes of many Congolese as the strongest Congo leader. His army is the first to inflict such a defeat on Gizenga's forces, who turned back an invasion by central government soldiers in neighboring Kivu Province last January.

Manono is a tin mining center of 20,000 population about 300 miles north of Elisabethville. It was proclaimed the capital of what was called Lualaba State after Gizenga's soldiers seized the town in a lightning drive from the north Jan. 9.

It meant an extension of Gizenga's control from his stronghold in Oriental Province.

Gen. Sean McKeown, the U.N. military commander, ordered all planes on a standby alert for a possible troop airlift to Katanga. There was speculation he might fly in Indian Gurkha soldiers to put teeth in U.N. requests that Katanga refrain from any military action.

U.S. Icebreaker Makes Deepest Sea Penetration

MONTEVIDEO, Uruguay (UPI)—The U. S. Navy icebreaker Glacier arrived here Friday after making the deepest penetration of the Antarctic by sea.

The commanding officer, Capt. Philip W. Porter, said it would be "100 years" before any other icebreaker equalled the Glacier's exploit. He was unable to set up a base at the farthest point reached but he left a landmark.

To reach the McMurdo base, Porter said, the Glacier knifed through ice showing from three to nine feet above water and cut a 24-mile-wide channel. He said four scientific members of the expedition were lost for four days in a snowstorm. They were rescued by a helicopter unit.

The Glacier is to leave for New York Monday. Porter said its next assignment in the same general area would be to open a way to McMurdo from the west.

$1 Million Hinging On Legal Point

NEW YORK (AP)—On Oct. 29, 1953, a transpacific airliner crashed in mountains southeast of San Francisco, killing 19 persons. One of the victims was a brilliant young pianist, William Kapell.

Now, nearly eight years later, and a continent away, a federal court jury is being called upon to interpret a fine point of international law. More than a million dollars hangs on the decision.

Kapell, a handsome, dark-haired virtuoso, was acknowledged as a great artist when he died at the age of 31. In a 2½-week trial here, his talents have been vouched for from the witness stand by some of the biggest names in music—violinists Jascha Heifetz and Isaac Stern, pianists Artur Rubinstein and Van Cliburn, and conductors Leonard Bernstein and Leopold Stokowski.

Kapell left a wife and two children, the latter aged 2 and 4 at the time of his death.

On the basis of these factors, Kapell's estate is suing for $1,150,000 in damages for his death. The prosecution contends the amount is reasonable in view of the brilliant career that lay ahead of Kapell, and the resultant heavy economic loss to his family through his death.

However, there is a legal stumbling block to any such claim. It is the so-called Warsaw Convention, a treaty ratified by 45 nations that limits damages to $8,300 in most accidents involving international flight.

An exception to the treaty is any decision by a jury that willful misconduct on the part of the airline caused the crash. Only twice has an American jury circumvented the treaty limitations with a finding of willful misconduct.

Thus the task before Melvin Belli, well-known West Coast attorney who represents Kapell's estate, is to prove such willful misconduct in the cockpit of the ill-fated airliner that crashed nearly eight years ago.

Darin To Arrive At Awards Show In $100,000 Car

HOLLYWOOD (AP) — They won't outshine Bobby Darin at the Academy Awards show April 17. At least not up to the curb, they won't.

The young singer and his actress wife, Sandra Dee, will wheel up to the bright lights at curbside in a handbuilt dream car which cost almost $10,000 to build.

It's a 500-horsepower, four-foot-high sedan with a mostly plastic top, disappearing headlights, and a 30-coat lacquer paint job made of crushed fish scales and diamond dust.

It's called the "Bobby Darin Dream Car" by Detroit designer Andrew Di Dia, who will tour the country with it while Darin isn't using it for public appearances. Di Dia owns most of it, Darin a share. The singer also helped on the design Di Dia says.

Florida Racial Ruling Affirmed

NEW ORLEANS (AP) — The U. S. 5th Circuit Court of Appeals has affirmed a lower court ruling enjoining the city of Miami, Fla., from denying Negroes use of publicly-owned swimming pools.

The appeals court, in a decision handed down Friday, sustained a summary judgment by the U. S. district for the southern district of Florida.

Peace Corps Loyalty Oath Is Opposed

WASHINGTON (UPI)—A convention of college students Friday opposed a loyalty oath for members of the Peace Corps and said FBI security checks on applicants should be sharply limited.

A majority of delegates at the National Conference on Youth Service Abroad sponsored by the National Students Association endorsed President Kennedy's Peace Corps proposal and said it should be kept out of the cold war.

But a resolution on the loyalty oath issue caused a sharp split among the 282 voting delegates at the closing session of the three day meeting.

A minority faction called for examination of every applicant's "political activities, associations background" but this proposal was rejected on a show of hands.

Instead, the conference adopted a statement saying that the "stringent political standards" of the foreign service or FBI security tests were irrelevant for Peace Corps members. It approved of such checks only in individual cases where such screening was indicated by other standards.

As for a loyalty oath, the conference declared:

"A corpsman will not be a political agent and should not be required to make any particular affirmation of loyalty beyond the standard passport requirements for an American traveling abroad.

"Certainly the loyalty and the democratic commitment of an individual must be beyond question but the real measure of these qualities can only be found in the total process of evaluation and selection."

John Kolbe, a senior at Northwestern University, argued for security checks. He said it was not sensible to send those who opposed American beliefs abroad.

There was no tally on the loyalty oath resolution but chairman Mark Furstenberg, of Oberlin College, said it "clearly carried."

12 Contractors Face Possible IBM Work Cuts

WASHINGTON (UPI)—The Air Force said Friday it will begin conferences "in a few days" with 12 contractors who may suffer cuts because of President Kennedy's budget actions affecting the Minuteman intercontinental ballistic missile.

Kennedy told Congress Tuesday he would postpone work on the three Minuteman squadrons, totaling 90 missiles, which the Eisenhower administration had planned for operation on mobile railroad trains.

Instead, Kennedy said, he wanted now to order three more squadrons, totaling 150 missiles, for deep underground launching sites. He asked $96 million for the shift which means a net gain of 60 of the missiles over Eisenhower administration proposals and a total of 600 by 1965.

Minister Files $50,000 Suit At Shreveport

SHREVEPORT, La. (AP)—The Rev. Ashton B. Jones, an integrationist minister from San Gabriel, Calif., filed a $50,000 damage suit in federal district court here Friday against 17 city officials, judges and policemen. He charged deprivation of his rights under color of law.

The petition said Jones was illegally arrested and physically abused in a series of incidents that began May 17, 1960 when he was arrested for eating at a Negro cafe.

He was sentenced in June to six months for vagrancy and another two months for disturbing the peace by City Court Judge G. Randall Whitmeyer in June.

District Court Judge Robert J. O'Neal reversed the decisions last January.

Defendants included Mayor Clyde Fant, Police Chief Harvey Teasley, and Public Safety Commissioner J. Earl Downs, among others.

The minister claimed he was beaten by police in January when he appealed his decision. He also claimed other prisoners beat him when at the penal farm in Caddo Parish.

Memphis Braces For Invasion Of Mosquitoes

MEMPHIS, Tenn. (AP)—Memphis is braced for a mosquito invasion, the likes of which, the Health Department says, it hasn't seen in many a year.

The massive offensive, expected to begin shortly, will come from nearby lowlands, now covered by the flood - swollen Mississippi River.

The pests lay their eggs in these areas in the fall. The eggs remain dormant all winter long. To hatch in the spring, all they need is water and warm weather.

"There are more mosquito breeding grounds under water than we've had in a long time," a department spokesman said. It looks like we're in for a rough time."

WESTERNERS PLAN OWN

Soviets Will Have No Easter Parades

MOSCOW (UPI)—Westerners in Russia, including 94 American students in a remote Georgian republic village, completed arrangments Friday for their own happy Easter weekend.

There are no Easter parades in Russia, no splash of new bonnets. This is strictly the Western Easter. The Russian Orthodox Church does not celebrate it until April 9.

Church services and Easter egg parties will be held by the Western diplomatic colony here. Wives of diplomats have been coloring eggs all week.

The Rev. Louis Dion, a American Roman Catholic priest who serves the foreign colony, will conduct midnight services at the French Embassy and two Masses Easter morning in his apartment.

An Episcopal minister from Helsinki was en route by plane to hold services at the British Embassy.

It will be different in far-off Sukhumi, a Georgian village on the Black Sea where 94 members of a University of Michigan band will spend the Easter weekend with do-it-yourself ceremonies.

The group will offer a concert Saturday and two more Sunday. The students will hold their own Easter service in the dining room of the Abhazie Hotel. Georgians, intrigued by the students who wear raincoats with the big letter "M" emblazoned on the bback, are providing flowers.

Prayers at the Easter service will be read by Ronald Bell, Traverse City, Mich. Scriptures will be read by Kenneth Oyer, Ypsilanti, Mich.; Bill Hepprick, Maumee, Ohio; Sharon Leslie, Grosse Point, Mich., and Richard Longfeld, Saline, Mich.

Patricia Parker of Clinton, Mich., will play the piano while eight other students sing the "Hallelujah Chorus."

"It's our first Easter away from home," a student said by phone to Moscow. He sounded lonesome.

Market Closed

All negotiation in stocks, bonds and commodities was closed yesterday in observance of Good Friday.

Congressman Defends John Birch Society

WASHINGTON (AP) — A congressman called congressional attacks on the rightist John Birch Society Friday part of a "pro-Communist smear." The congressman, Rep. Edgar W. Hiestand, R-Calif., is a member.

Despite Hiestand's description of the critics, criticism continued to mount against the society whose founder once said former President Dwight D. Eisenhower was "a dedicated, conscious agent of the Communist conspiracy."

And a spokesman for the Justice Department said the society's activities have become "a matter of concern to the Justice Department."

In addition, FBI Director J. Edgar Hoover published a statement that implied criticism of the society.

Although some congressmen have called for investigations by the House Committee on Un-American Activities, the Senate Internal Security subcommittee, and the Senate Government Operations Committee, the chairmen of all three bodies indicated they had no plans to investigate the society.

The society was founded in 1958 by Robert H. W. Welch Jr., 61, retired candy manufacturer in Massachusetts.

Welch proclaims the destruction of communism as one of his aims. The society takes its name from a Baptist missionary killed by Communists in China 10 days after the close of World War II.

The death of Birch, Welch says, was "the first casualty in the third world war between the Communists and the ever-shrinking free world."

In recent weeks, the society has stirred much criticism in Congress by attacking such senators as Milton D. Young, R-N.D., and Thomas H. Kuchel, R-Calif., and by circulating a petition calling for the impeachment of Chief Justice Earl Warren.

The criticism induced Hiestand to call a news conference Friday and declare: "My advice is for people not to sound off before they have all the facts."

Hiestand described society members as "violent, emphatic, dedicated anti-Communists" with not more than two per cent possible extremists.

He said criticism of the group by congressmen, other public figures, and newspapers was part of a "pro-Communist smear" and was proof that the society was successful in fighting communism.

He said he could not identify any Communist among those criticizing the society.

"But they are in the background of the smear," he said.

Hiestand, who conferred with Welch by telephone before talking to newsmen, said he did not agree with the founder's ideas about Eisenhower and Warren.

Soviets Report 145 Persons Die In Earthslide

MOSCOW (AP)—An earthslide killed 145 persons near Kiev March 13 in one of the worst disasters of its kind in Soviet History, the Kiev newspaper Pravda of the Ukraine reported Friday.

Damage was estimated in the millions of dollars and 143 persons were hospitalized, though 84 had been released by Thursday, the paper said.

Rumors of the disaster have circulated in Moscow for two weeks, but it had not been mentioned by Moscow papers, the Soviet news agency Tass or by Soviet radio.

The Kiev newspaper said legal proceedings have been started against those responsible but it did not identify them.

The slide occurred near Babyyar, where the Nazi massacred tens of thousands of Jews and Ukrainians during World War II.

It was touched off, the paper said, when workmen used faulty technique in filling a ravine partly full of water.

ON TAX BENEFITS

Dillon Promises Oil Import Study

WASHINGTON (AP) — Secretary of the Treasury Douglas Dillon has promised to look into the question of whether oil importing companies enjoy a tax advantage that can be corrected by administrative decree.

Rep. Tom Steed, D-Okla., raised the question at a closed hearing before a House Appropriations subcommittee, of which he is a member. Dillon was testifying at the time in connection with his department's money requests.

The record of the hearing, just made public, shows that Steed put the question in this way:

"In connection with this export-import balance item I do not know anything about a lot of this subject, but there is one point about which I do know something.

"'Probably the largest single item we import is foreign oil and most of it is brought in without any federal tax being paid. It is sold to the American consumer without any advantage in price being given to the consumer, and it is being brought in in such large quantities that it has made a major industry in my part of the United States a very sick industry."

Steed went on to say that the imports have caused unemployment and the federal treasury has failed "to receive a lot of taxes which it would ordinarily receive from one of the heaviest tax paying industries in America."

"About seven major companies benefit most from this import program, while the American consumer does not benefit from it and the American oil producer does not benefit from it," Steed said. (He did not name the companies).

"I cannot understand why with all these studies being made something is not done to cure that situation.

"It is my understanding — although I could be wrong, but I think I am right—that the tax advantage foreign importers enjoy is a matter of the administrative decree and not of law, and in your tax study it might be that you could find some relief in that area."

Dillon replied, "I will certainly look at this."

Delay Granted In Baton Rouge Assault Case

BATON ROUGE (AP) — Dist. Judge Jess Johnson Thursday granted a delay until April 14 in the trial of Marc Gartin, Florida convict charged with raping a Baton Rouge girl.

tin, who wanted to be tried now, attorneys for him asked a delay to obtain medical evidence concerning his mental condition at time of the crime.

Defense attorneys then asked to be relieved from the case but the court overruled them.

Garvin had escaped from a Florida prison where he was serving time for armed robbery, when he came here last summer.

The girl victim identified him as her assailant. Garvin was linked with the rape attack here, after his arrest in Pensacola, Fla., when he had a wallet in his possession which was stolen here, officers said.

Two Children's Books Are Cited

Two books available for children at the Ouachita parish library have been given awards as the most distinguished children's books published in 1960.

The Newbery medal, an award since 1922, was given to Scott O'Dell's "Island of Blue Dolphins."

The Caldecott Medal, awarded since 1938, was given Nicholas Sidjakov's "Baboushka and the Three Kings."

Tin Mining Center Falls To Katangans

ELISABETHVILLE, Katanga, the Congo (AP)—Katanga's army of natives and white mercenaries—some of them South Africans—has captured a tin mining state carved out of northern Katanga by leftist rebels. The campaign was waged in defiance of United Nations requests and raised the threat of U.N. intervention in Katanga.

Vice President Jean Marie Kibwe of independent Katanga announced the victory Friday. He said 600 soldiers of leftist rebel leader Antoine Gizenga were routed from Manono Thursday with hardly a shot fired.

A Belgian pilot who flew over the battle area said the Gizenga soldiers seemed to flee in all directions at the approach of the Katanga column.

The victory undoubtedly will boost the prestige of Katanga President Moise Tshombe, who already is emerging in the eyes of many Congolese as the strongest Congo leader. His army is the first to inflict such a defeat on Gizenga's forces, who turned back an invasion by central government soldiers in neighboring Kivu Province last January.

Manono is a tin mining center of 20,000 population about 300 miles north of Elisabethville. It was proclaimed the capital of what was called Lualaba State after Gizenga's soldiers seized the town in a lightning drive from the north Jan. 9.

It meant an extension of Gizenga's control from his stronghold in Oriental Province.

Gen. Sean McKeown, the U.N. military commander, ordered all planes on a standby alert for a possible troop airlift to Katanga. There was speculation he might fly in Indian Gurkha soldiers to put teeth in U.N. requests that Katanga refrain from any military action.

U.S. Icebreaker Makes Deepest Sea Penetration

MONTEVIDEO, Uruguay (UPI)—The U. S. Navy icebreaker Glacier arrived here Friday after making the deepest penetration of the Antarctic by sea.

The commanding officer, Capt. Philip W. Porter, said it would be "100 years" before any other icebreaker equalled the Glacier's exploit. He was unable to set up a base at the farthest point reached but he left a landmark.

To reach the McMurdo base, Porter said, the Glacier knifed through ice showing from three to nine feet above water and cut a 24-mile-wide channel. He said four scientific members of the expedition were lost for four days in a snowstorm. They were rescued by a helicopter unit.

The Glacier is to leave for New York Monday. Porter said its next assignment in the same general area would be to open a way to McMurdo from the west.

$1 Million Hinging On Legal Point

NEW YORK (AP)—On Oct. 29, 1953, a transpacific airliner crashed in mountains southeast of San Francisco, killing 19 persons. One of the victims was a brilliant young pianist, William Kapell.

Now, nearly eight years later, and a continent away, a federal court jury is being called upon to interpret a fine point of international law. More than a million dollars hangs on the decision.

Kapell, a handsome, dark-haired virtuoso, was acknowledged as a great artist when he died at the age of 31. In a 2½-week trial here, his talents have been vouched for from the witness stand by some of the biggest names in music—violinists Jascha Heifetz and Isaac Stern, pianists Artur Rubinstein and Van Cliburn, and conductors Leonard Bernstein and Leopold Stokowski.

Kapell left a wife and two children, the latter aged 2 and 4 at the time of his death.

On the basis of these factors, Kapell's estate is suing for $1,150,000 in damages for his death. The prosecution contends the amount is reasonable in view of the brilliant career that lay ahead of Kapell, and the resultant heavy economic loss to his family through his death.

However, there is a legal stumbling block to any such claim. It is the so-called Warsaw Convention, a treaty ratified by 45 nations that limits damages to $8,300 in most accidents involving international flight.

An exception to the treaty is any decision by a jury that willful misconduct on the part of the airline caused the crash. Only twice has an American jury circumvented the treaty limitations with a finding of willful misconduct.

Thus the task before Melvin Belli, well-known West Coast attorney who represents Kapell's estate, is to prove such willful misconduct in the cockpit of the ill-fated airliner that crashed nearly eight years ago.

Darin To Arrive At Awards Show In $100,000 Car

HOLLYWOOD (AP) — They won't outshine Bobby Darin at the Academy Awards show April 17. At least not up to the curb, they won't.

The young singer and his actress wife, Sandra Dee, will wheel up to the bright lights at curbside in a handbuilt dream car which cost almost $10,000 to build.

It's a 500-horsepower, four-foot-high sedan with a mostly plastic top, disappearing headlights, and a 30-coat lacquer paint job made of crushed fish scales and diamond dust.

It's called the "Bobby Darin Dream Car" by Detroit designer Andrew Di Dia, who will tour the country with it while Darin isn't using it for public appearances. Di Dia owns most of it. Darin a share. The singer also helped on the design Di Dia says.

Florida Racial Ruling Affirmed

NEW ORLEANS (AP) — The U. S. 5th Circuit Court of Appeals has affirmed a lower court ruling enjoining the city of Miami, Fla., from denying Negroes use of publicly-owned swimming pools.

The appeals court, in a decision handed down Friday, sustained a summary judgment by the U. S. district for the southern district of Florida.

Peace Corps Loyalty Oath Is Opposed

WASHINGTON (UPI)—A convention of college students Friday opposed a loyalty oath for members of the Peace Corps and said FBI security checks on applicants should be sharply limited.

A majority of delegates at the National Conference on Youth Service Abroad sponsored by the National Students Association endorsed President Kennedy's Peace Corps proposal and said it should be kept out of the cold war.

But a resolution on the loyalty oath issue caused a sharp split among the 282 voting delegates at the closing session of the three day meeting.

A minority faction called for examination of every applicant's "political activities, associations background" but this proposal was rejected on a show of hands.

Instead, the conference adopted a statement saying that the "stringent political standards" of the foreign service or FBI security tests were irrelevant for Peace Corps members. It approved of such checks only in individual cases where such screening was indicated by other standards.

As for a loyalty oath, the conference declared:

"A corpsman will not be a political agent and should not be required to make any particular affirmation of loyalty beyond the standard passport requirements for an American traveling abroad.

"Certainly the loyalty and the democratic commitment of an individual must be beyond question but the real measure of these qualities can only be found in the total process of evaluation and selection."

John Kolbe, a senior at Northwestern University, argued for security checks. He said it was not sensible to send those who opposed American beliefs abroad.

There was no tally on the loyalty oath resolution but chairman Mark Furstenberg, of Oberlin College, said it "clearly carried."

12 Contractors Face Possible IBM Work Cuts

WASHINGTON (UPI)—The Air Force said Friday it will begin conferences "in a few days" with 12 contractors who may suffer cuts because of President Kennedy's budget actions affecting the Minuteman intercontinental ballistic missile.

Kennedy told Congress Tuesday he would postpone work on the three Minuteman squadrons, totaling 90 missiles, which the Eisenhower administration had planned for operation on mobile railroad trains.

Instead, Kennedy said, he wanted now to order three more squadrons, totaling 150 missiles, for deep underground launching sites. He asked $96 million for the shift which means a net gain of 60 of the missiles over Eisenhower administration proposals and a total of 600 by 1965.

Minister Files $50,000 Suit At Shreveport

SHREVEPORT, La. (AP)—The Rev. Ashton B. Jones, an integrationist minister from San Gabriel, Calif., filed a $50,000 damage suit in federal district court here Friday against 17 city officials, judges and policemen. He charged deprivation of his rights under color of law.

The petition said Jones was illegally arrested and physically abused in a series of incidents that began May 17, 1960 when he was arrested for eating at a Negro cafe.

He was sentenced in June to six months for vagrancy and another two months for disturbing the peace by City Court Judge G. Randall Whitmeyer in June.

District Court Judge Robert J. O'Neal reversed the decisions last January.

Defendants included Mayor Clyde Fant, Police Chief Harvey Teasley, and Public Safety Commissioner J. Earl Downs, among others.

The minister claimed he was beaten by police in January when he appealed his decision. He also claimed other prisoners beat him when at the penal farm in Caddo Parish.

Memphis Braces For Invasion Of Mosquitoes

MEMPHIS, Tenn. (AP)—Memphis is braced for a mosquito invasion, the likes of which, the Health Department says, it hasn't seen in many a year.

The massive offensive, expected to begin shortly, will come from nearby lowlands, now covered by the flood - swollen Mississippi River.

The pests lay their eggs in these areas in the fall. The eggs remain dormant all winter long. To hatch in the spring, all they need is water and warm weather.

"There are more mosquito breeding grounds under water than we've had in a long time," a department spokesman said. It looks like we're in for a rough time."

MAYOR CAMILLE Blanc of Evian-les-Bains, France, was killed by bomb explosions in front of his home. The town, in eastern France on Lake Geneva near Lausanne, is where the French-Algerian peace talks are slated to be held in April. Blanc's wife also was injured in the explosions. He died shortly after being admitted to the hospital. (AP Wirephoto)

PARADE TO SEASHORE

Parisiennes Begin Easter Pilgrimage

PARIS (UPI)—Chic Parisiennes packed their Easter clothes Friay, and began their annual Easter parade to the seashore and countryside.

More than 500,000 Paris residents, including the smartest women with the latest hairdos left for the country, the mountains or the seaside, leaving the capital to tourists.

The Paris high fashion houses and the hairdressers a la mode have been busy for weeks getting their customers ready for Easter holidays.

Since French women do not wear hats in the country or at the seashore, a new hairdo is more important than an Easter bonnet. French girls have discarded "beehives" and long curls. The "artichoke" hairstyle — the hair cut short, in layers and worn slightly tousled—is a must.

New shoes are as important for Easter as a new hairdo. The square-toed shoes, launched a few months ago by Dior's shoe-designer, Roger Vivier, have scored a fantastic success in Paris.

French Easter fashions have a patriotic side. The blue, white and red of the French tricolor have proved most popular. A navy-blue spring suit, a white blouse and a red coat now seem almost like a uniform in Paris.

Chanel has turned out to be a leading style setter this season.

The "Chanel look," the simple, collarless suit jacket with the comfortable skirt and the braid trimming was bought in the original chez Chanel by wealthy women for $600. In the department stores the Chanel-inspired suits sell from $20 up.

With the play, "West Side Story" just opening in Paris, sports-minded girls are going in for "Westside" clothes. Tight, preferably black leather pants, T-shirt shaped sweaters and bright colored chiffon head scarves have become a favorite sports outfit of French girls.

They wear such styles for traveling, weekends in the country and for the newest sport in Paris. . . bowling.

Girl Pleads Not Guilty To Barmaid Killing

FRANKLIN, La. (UPI) — A pretty, 18-year-old Sandy Hook, Ky., girl pleaded not guilty at her arraignment Thursday to the 1959 murder of a Boutte, La., barmaid.

Mary Kathrin Hampton, girlfriend of convicted Florida killer Emmett Monroe Spencer, has been indicted along with Spencer for the Dec. 31, 1959, slaying of Mrs. Hermine Fiedler and Benjamin Yount, 39, Metairie, La., businessman.

Mrs. Fiedler's body was found in a swampy area near here. Yount's body, a bullet in the head, was found in the speak-easy bar at Boutte.

Miss Hampton has denied any connection with the murders. But at one time, she reportedly told police she witnessed Mrs. Fiedler's slaying.

She said she was Spencer's companion for about a year before the slayings.

Spencer, awaiting execution at a Florida prison, said recently he wanted to clear his conscience before execution. He told of some 28 murders, which implicated Miss Hampton.

A new development in the case was the finding of a body tentatively identified as Jay Montgomery of Smackover, Ark.

The body was pulled from the Mississipi river at Jefferson parish Sunday. Arkansas authorities say the description of the body, which had been in the water for months, matches the 35-year-old man. Montgomery has been missing from his home since April.

Authorities have suggested that Montgomery might have been a lookout to warn Spencer when the Boutte bar was empty. A man fitting the characteristics of the body pulled from the river was seen at the bar the night Mrs. Fiedler and Yount died.

In Miss Hampton's hometown, her father, Earl Hampton, maintained his daughter was innocent. He claimed Spencer kidnaped her and forced her to travel with him.

GRANTS VISIT MONACO

MONTE CARLO, Monaco (UPI)—Film actor Cary Grant and his wife arrived Friday to spend Easter as guests of Prince Rainier of Monaco and his wife, former Hollywood film star Princess Grace.

It was while playing opposite Grant in the film "To Catch a Thief" on the Riviera that Grace met the prince, who later went to the United States and proposed to her.
